About the Department

The Department of Psychology was established in August 2012. It comes under the School of Allied Health Sciences in the Faculty of Health Sciences at Manipal University Jaipur. The department aims to provide psychology students with a theoretical foundation and practical knowledge in various fields like abnormal psychology, counseling psychology, clinical psychology, organizational psychology, research methods, and psychological testing. The curriculum also focuses on emerging fields such as military psychology, forensic psychology, media psychology, environmental psychology, positive psychology, etc. The department's primary objective is to encourage a teaching-learning environment in which the students are curious and motivated to be high performers. They are equipped with skill-based teaching focusing on basic theoretical concepts, psychological assessment, and research skills in psychology.
