

Department of Artificial Intelligence and Machine Learning

Program outcomes (POs)

PO1: An ability to independently carry out research /investigation and development work to solve practical problems.

PO2: An ability to write and present a substantial technical report/document.

PO3: Students should be able to demonstrate a degree of mastery over the area as per the specialization of the program. The mastery should be at a level higher than the requirements in the appropriate bachelor program.

Program Specific Outcomes (PSOs)

PSO1: Students will be able to examine the applications of Artificial Intelligence and Machine Learning in real-life problems.

PSO2: Students will be able to design and implement intelligent systems for multidisciplinary problems.
