Chairperson's Message
Mr S Vaitheeswaran

It is with great pride and satisfaction that the Annual Report 2021-22 of Manipal University Jaipur (MUJ) is being presented.

Annual Report 2020-21 is unique as it highlights many of the important achievements of the past year; the most important being the Vision Document 2025 and our improved University Rankings. It reflects the untiring efforts of a team that has worked continuously to advance Manipal University Jaipur as an Institute of Excellence.

The New Education Policy 2020 has provided a roadmap for all Universities to follow. It cherishes the idea of flexibility in education while promoting the idea of multi-disciplinarity. Manipal University Jaipur has been proactive in fulfilling this mission. The University is gearing up to bring about a change in its pedagogy to fulfil different parameters of this policy.

In terms of our advancements, it is very heartening to note that our students have been performing exceedingly well in both academics and extracurricular activities. Our placements have also shown tremendous improvements, reaching upto the Rs 1 crore benchmark. We have also improved our social outreach to contribute to society in more effective ways.

It is the effort of MUJ to cultivate students who are role models to society. We aim to provide them with the right atmosphere for not only in their constant pursuit of academic excellence but also for inculcating the right value system in them. Our faculty members and students have won honours and accolades on various platforms, and we are delighted to showcase these in the Annual Report.

I would like to convey my heartfelt gratitude for the continued support and patronage of all our stakeholders.

My best wishes to the team who has been involved in bringing out another version of the Annual Report with same zeal and enthusiasm.

President's Message
Dr G K Prabhu

I am happy and honoured to present Manipal University Jaipur's achievements and accomplishments for the Academic year 2021-22.

The University has achieved significant milestones in last year and added new feathers to its cap. With the endeavour of our talented and strong workforce, our University has received various awards and recognitions. We are delighted that our University has been awarded A+ grade by NAAC. Our lush green campus and environment-friendly work culture have enabled us to even receive certification for Green Campus. Overall, our rankings have improved, and we have secured 75th rank in the Engineering category and 85th rank in Management program in the NIRF ranking 2022. The University has also reached the band 101-150 in NIRF rankings. Also, five of our BTech programmes have been accredited by NBA for 3 years. Apart from this, MUJ has been ranked very high by many prominent media agencies like Outlook, India Today, Careers360, etc. In terms of resource development, promoting innovations, and start-ups, we have been consistently performing well.

Encouraged by the consistent efforts of our faculty members, we took upon a new mission for self-growth. Our 'Vision 2025' document designed during this academic year will be instrumental in shaping our vision for the next 4-5 years and as we advance in the different arenas of professional growth, I hope we successfully reach our target and aspire for even higher standards of performance. Another major step we took during this academic session was to start our Online Education with a separate Directorate to oversee its functioning. We are happy and amazed at the large student enrolment in the online courses in the very first year of its launch.

The defining characteristics of MUJ are flexibility as an organization, and its ability to change and respond to new challenges and we use them as opportunities. Despite 2021 being a tough year for the whole country, we did not let the disappointments affect our performance. We strove forward with empathy and more energy and overcame the challenges to achieve our targets. The transition from covid to post-covid times has been smooth and extracurricular activities that had been halted due to covid have been resumed. Our students have won several medals and accolades in national and international sports championships.

Manipal University Jaipur is proud of its achievements, its untiring efforts to change challenges into opportunities. We are also proud of our faculty members and non-teaching staff, and most importantly its energetic bunch of enthusiastic students. As we embark on the journey to achieve higher goals and targets, I want to thank each one of them for their support and commitment to complement our efforts. The annual report 21-22 will provide a gist of all our accomplishments and the major milestones we achieved at a time when the world had almost come to a standstill due to the unfortunate spread of covid 19.

I thank each and every member of the MUJ family for translating our dreams into reality.

Pro President's Message
Dr N N Sharma

With immense pride, I present the Annual Report for the academic session 2021-22.

Manipal University Jaipur has always aimed to emerge as one of the top-ranking private universities in the country. For this, we have continuously strived for excellence in all aspects of our administration. We have worked and reworked our teaching pedagogy and developed infrastructure to meet the needs of the growing number of students each year. I am happy to inform you that within a short span of time, we have improved our university rankings and we are hoping that in this coming session, we will march further ahead in fulfilling our mission and vision.

Manipal University Jaipur not only boosts its state-of-the-art infrastructure and talented teaching and non-teaching staff but also helps in providing the right atmosphere for the students to grow. We are happy to achieve a good number of admissions despite difficult times. We cherish the diversity we have amongst our students and faculty members. New people from different corners of India and with different cultural backgrounds join us every year in making this campus a vibrant learning place that contributes dynamically to the project of national integration. In this multicultural environment, we breed diversity of thoughts and ideas and nurture acceptance of differences.

The increasing demand for our varied courses has encouraged us to start online courses this academic session. The Directorate of Online education has been set up for this purpose and it caters to all the aspiring talents who could not be a part of this campus. We are happy to see the huge enrolment rates in the online mode by students from all over the country.

Manipal University Jaipur has also sculpted a niche in terms of focused research and is striving to link academic excellence and research outputs. Our NIRF rankings have been proof of it. We have taken various initiatives to encourage our faculty members to contribute to the field of research and consultancy and we are witnessing positive outcomes in these sectors as well.

I thank entire the MUJ family for their efforts and contribution.

Registrar's Message
Dr Nitu Bhatnagar

It is my privilege and pleasure to present the report of achievements and activities of Manipal University Jaipur, through this Annual Report 2021-22. We have seen the University reach new heights this academic year. We have also introduced new parameters for the overall growth of the University in both teaching and non-teaching aspects.

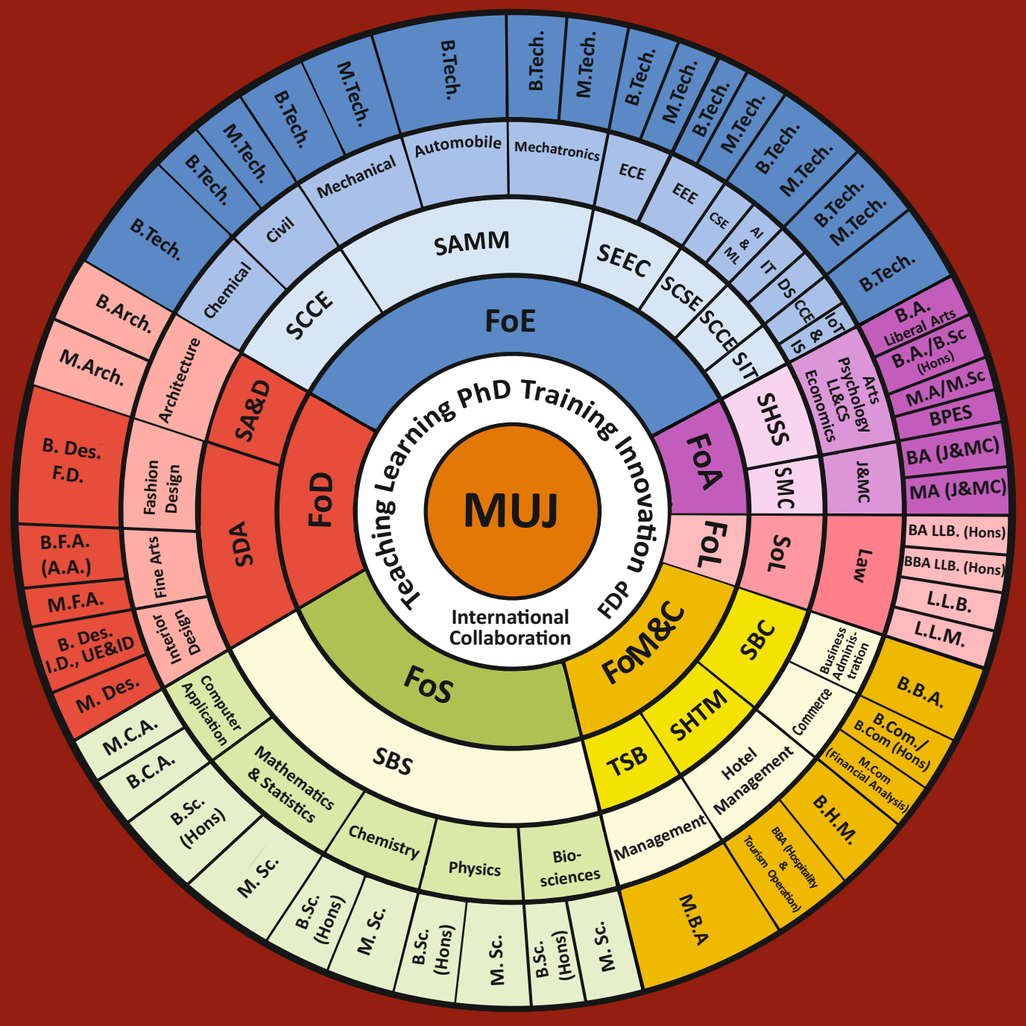

Despite 2021 being a tough year for the entire world, the University has never compromised in any of our functional areas. We have continued to provide quality education to our students and reached out to them for counselling in times of need. As an institution, we believe in empathy and the covid period has allowed us to reflect on our values even more. We continued to set targets and achieved them one by one. Overcoming all challenges of the covid period, the university has grown in academics, research, innovations & extracurricular activities in the past year.

Manipal University Jaipur believes in imparting value-based education and quality research. It grooms young minds to contribute to society. For doing so, the University encourages innovative thinking and experiments with new techniques in its teaching pedagogy. We have continuously worked to balance the teacher-student ratio to reach out to our rising student intake. For motivating employees to contribute to the University's growth, we have also initiated several awards, the best researcher award being one of them. Our students have also brought laurels to the institution by winning national championships in the field of sports.

MUJ believes in leading by example therefore it has grabbed various awards last year in different categories. Ingrained with philanthropic vision and humane touch to encourage budding students to achieve excellence in their desired fields, Manipal University Jaipur has already carved a niche for itself in academics nationwide.

I hope, we carry forward our legacy in the right spirit as we set our eyes and minds to achieving our mission and vision in the next few years.

FUNCTIONAL UNITS

Directorate of General Services and Administration

Administration

Director General Services & Administration, Manipal University Jaipur is responsible for development and maintenance of entire infrastructure at MUJ landscaped over 66.67 acres having built up area over 2.7 million sq ft. The administration under the wings of Director GS&A is supported by the sections of Engineering Maintenance, Project, Purchase, Security, Admin, Housekeeping, Horticulture, Transportation etc.

The DGS&A portfolio encompasses a bouquet of services ranging from developing a new infrastructure projects, modifications and augmentation of existing infrastructure by way of extending Engineering & Maintenance support, catering the need of all types of Purchases, ensuring Security of campus always 24x7x365, estate management, Faculty & Guest House Maintenance, Controlling Central Stores, handling & maintaining a fleet of University transport, liaison with civil and government agencies, extending administrative & logistic support to all, major events, seminars, functions, academic and sports activities of the University.

The DGS&A position also plays an active role in the 'Student Hostel' facilities through outsourced partners GHSPL and 'Chef on Wheels' (the agency which provides catering services). Management of Creche facility and allotment and supervision of MUJ Shops also falls under the purview of DGS&A.

Brig Ripu Soodan Retd
Director

Solid Waste Management:
The solid waste segregation yard at MUJ is established to transfer solid waste for recycling on monthly basis. The students at the campus are encouraged to dispose off any unwanted electronics with IT Dept to reduce the amount of waste production. There are more than 750 recycling bins in the campus which are used to collect paper, plastic and aluminium cans, newspaper, and cardboard waste for recycling. The university diverts more than 60% of its waste to landfills, but it aims to reach 75% in coming years.

Liquid Waste Management
The system is in place at MUJ where in entire wastewater of MUJ is being recycled. Approximate quantity of 63506 KLD (average) wastewater is treated through 4 STPs (740 KLD Plant) is 126529 KLD. The entire treated wastewater is used for toilet flushing, gardening, lawns etc and sullage being used to produce manure for gardens.

E-Waste Management
The campus e-waste is transferred for wiping or recycling to the local vendors on monthly basis Examples of electronic waste are TVs, Computer Monitor, Printers, Scanner, Keyboards, Mics, cable, television tubes (CTRs) and kitchen and laboratory equipment.

Space Management
GS&A is managing physical space inventory and optimum space utilization which is very important task for the size of University. This management includes tracking how much space the MUJ has that can be used for other important activities, managing occupancy information, and making spatial plans are also part of the space management. GS&A is continuously improving in effective space planning, creation of space, effective implementation, and effective tracking.

Environmental Health and Safety
This GS&A department is responsible for all environmental and safety, training as well as compliances. The Environmental Health and Safety Office serves as nodal point of campus with all environmental and safety regulatory organizations and assists with campus emergency planning and training. This office also plays a major role in the coordination of the campus sustainability program.

Green Practice at Manipal University Jaipur
- Promotes Bicycles and electric vehicles
- Public Transport Access
- Plastic free campus
- Paperless Office Culture – ERP, emails and e-solutions
- Maximise Sunlight to Classroom
- 100% lighting by LEDs
- 48% green cover from trees/plants. More than 9000 trees and plants blooming in the campus.
- 27% Renewable Energy Usage (Solar)
- 7592 kl rainwater storage ponds, 11 km of Swale drains to recharge rain water
- Inhouse organic manure prepared
- Herbal nursery developed
- Play fields and Plantation enhancing process

Major Activities
The department is consistently engaged in delivering quality services round the clock. The notable activities of the year are enumerated below:
SOP
Well defined SOP's have been put in place covering major departments like Purchase, Engineering & Maintenance, Transport, Admin, Central Stores, Horticulture etc.

Events Organised & Supported:
The department is continuously engaged in organizing and supporting various programmes, workshops and conferences organized by Manipal University Jaipur. The notable activities of the year

are listed below:
Republic Day Celebration on 26th January
Independence Day celebration on 15th August
Diwali Decoration & Lighting
Successful conduct of 'Yuva Lakshya Samvad' with Hon'ble MP Col Rajyavardhan Rathore.
An active partner to successful conduction of Orientation 2022 & Student Induction.
An active partner to successful conduction of 9th Convocation.
An active partner to successful conduction of Oneiros student cultural event 2022.
Completion and Inauguration of Experience theatre destination Manipal.
Completion and Inauguration of construction yard for architectural and civil engineering students.

Academic/Administration/Infrastructure Projects
There were 04 Labs is under construction in academics.
02 Labs – in Research
02 Labs – in Engineering (FOE)

Academic Block 03
Academic Block 03 is under construction that will provide 2.66 lakh sq ft additional space to various department in Manipal University Jaipur. This building will help in accommodating additional 2900 students and 159 faculty with a 380 seater auditorium, library, computer labs etc stimulating, collaborative the technology academic excellence environment.

Experience Theatre MUJ
Destination Manipal Jaipur' has been conceptualised as a multi-media visitor experience, to immerse visitors in the Manipal culture of learning, living and making an impact on society to lead into their better future. The Destination Manipal termed as experience theatre at Manipal University Jaipur is an ultra-modern experience to see it to believe it.

Shifting of 132 kV Line
Shifting of 132 kV Line work is in process to remove the thermal magnetic radiation and high voltage violations.

Flap Barrier at Subway
The flap barrier in the subway is developed for the safe/secure and easy entry into the subway under use by more than 6500 hosteller students.

Major Infrastructure Development
Old Food Court renovation and foot path extension work completed.
Developed Moot Court for Law Department.
Created new laboratories e.g. Cancer Lab, SCIT Lab, AIC Lab, Bio Informatics Lab, R &I Lab for XRD Machine Civil & Architecture Lab, Robotics Lab, Innovation Lab etc.

Major Milestone
Sourcing of an ex import sophisticated instrument called XRD worth ₹ 2.5 Cr from Japan for MUJ Research & Innovation.
Organising and arranging for vaccination thereby 100% vaccinated staff at MUJ.
Providing roadside assistance to desperate calls and road accidents added new Innova Crysta SUV to the fleet of transport.
Effective measures adopted like auto dispensing sanitization machines placed, routine fogging of staff sitting place done to fight with CORONA VIRUS.
Support for implementation of covid protocol and its appropriate behaviour guidelines.
IGBC Performance Challenge Award 2022 – Excellence Award
EHS Trainings at Site
MUJ is continuously achieving > 80% EHS excellence score since last two years to better earlier 75% EHS. To successfully achieve the target, MUJ has been providing different training and educating members towards safety and spread awareness

amongst them to accommodate their best efforts to make target easier.

Goals for year 2023 – 24

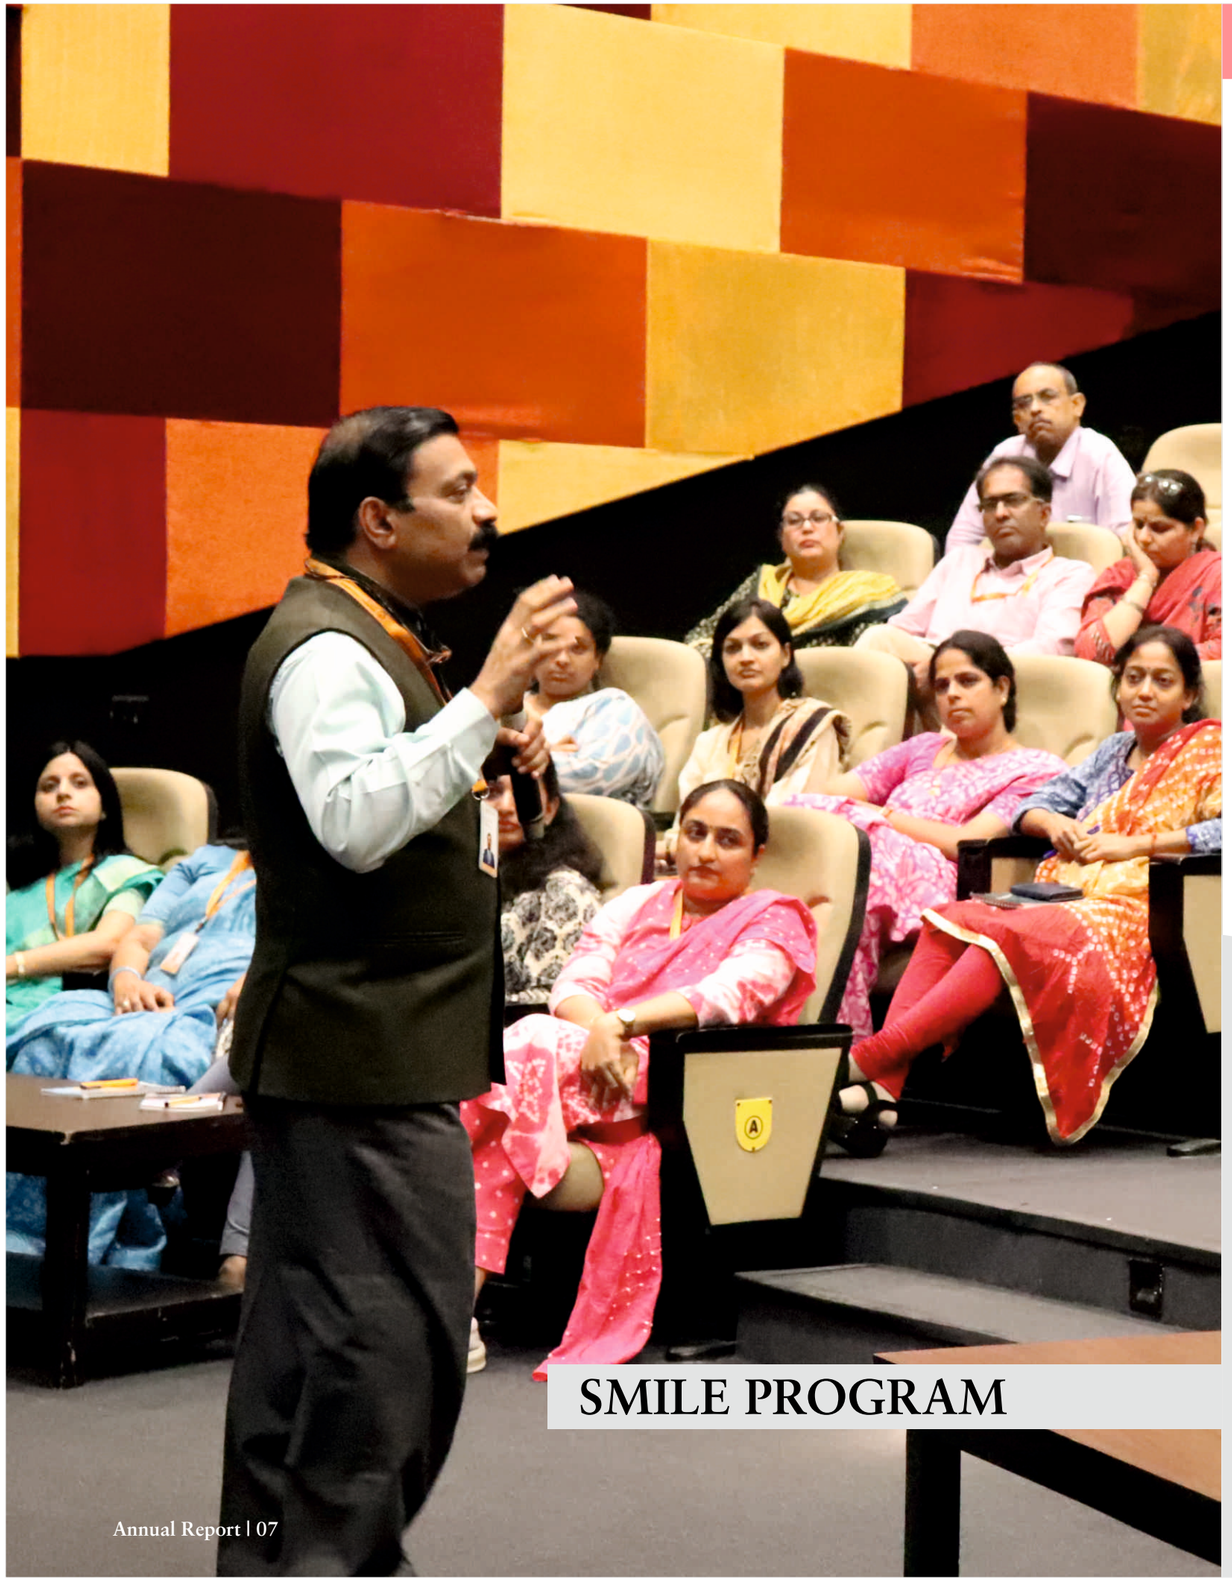

- Enhancing campus safety and preparedness through a comprehensive emergency management program, which includes hiring an emergency manager and implementing a university-wide operations plan by 2023.
- Full space inventory update of all campus buildings by 2023.
- New Buildings and Facilities under planning.

SMILE PROGRAM

Human Resource

About Human Resource

The HR department at MUJ drives strategies around Talent, Culture, Process Excellence and Organizational effectiveness. The entire HR process and framework are built and dovetailed towards University & Academic perspective to drive efficiency in the areas of talent acquisition, development, management and engagement, research outcomes, building process excellence towards university quality framework like NAAC, NBA, NIRF and other rankings.

The HR at MUJ is nimble and firmly believes the culture of the organization is key for the success and to create a High-Performance Culture. Hence the entire HR framework revolves round the Vision & Values of the University.

The HR Team in the current year were active in supporting the MUJ Vision-2025 by enabling adoption of new competency framework and also driving in appreciative culture across the University. The HR Team also worked hard to progress in digital transformation in the areas of HR Operations.

The HR at MUJ welcomes talents who are young and aspiring to be part of this journey.

Mr Sridhar M S
Head HR

Key Initiatives

Adoption of New Competency Framewor

- The competency framework is designed which is custom made to MUJ requirement meeting global standards as well as bench marked Universities.
- Under the new competency frame-work, we have 5 meta competencies.
- Under each meta competency, we have sub-competencies.
- Apart from the administrative competencies, 3 high impact academic competencies are additionally added for academicians.
- Increased weightage for competencies level-wise.
- Based on each level & position, competencies have been mapped.
- Moved from assessing & rating 1-10 on 10 behavioral competencies to simple 4 buckets (Beginner, Developing, Practitioner & Champion)

Talent Management (9-box Talent Model) for High Performers & High Potential

As a part of driving High Performance Culture, MUJ devised a system by which the top performers in the Teaching & Non-teaching categories are rewarded over and above their compensation. This would bring in the enhanced mindset to outperform. It was then decided to reward employees as a one-time payment in the form of Ex gratia. To ensure effective execution of this additional reward(s), the 9- box model was chosen to operationalise the mechanism for rewarding the high achievers. The 9-box model is a well-known tool for effective Talent Management & Succession Planning which helps in identifying present performance and potential. Under this initiative 75 employees were rewarded with cash prize & certificate.

Revamping of CAS for Academic Staff

Keeping in mind the Vision-2025 and also to rise the bar in quality academics, research and consultancy, a new Career Advancement Scheme for Academic Staff was introduced for better contribution by employees towards achieving the University Goal and for Individual Development of the Employees.

As a Part of Decennial Year Celebration, HR Conducted Xpressions-3.0

- Xpressions is an employee engagement program conducted annually which is a cultural and sports fest to provide an opportunity to all its employees to explore and re-discover themselves.
- The prime intention of the fest is to allow employees a period of recreation & rejuvenation.
- **Phase 1: Sports Event**: Kick-off of various sports events started w.e.f. 29th Dec. 2021 and the finale of cricket happened on 10th Jan. 2022 along with prize distribution ceremony.
- Symbolically inaugurated the event by playing cricket followed with National Anthem and Prize Distribution to winners in various events.

Employee Wellness Program

- As a part of employee wellness program and keeping the safety & wellbeing of our employees & their immediate family members on top priority, we extended a "cashless COVID-19 vaccination drive" for Employees and their immediate family members (spouse, dependent children, dependent parents / dependent parents-in-laws) in collaboration with our group hospital Manipal Hospital-Jaipur. MUJ achieved fully vaccinated campus with atleast first does for all categories of employees by September-2021 and absorbed all the cost towards well being of the employees on MUJ account.

International Women's Day Celebration 2022

- Manipal University Jaipur (MUJ) strongly believes in Equal Opportunity Employer. MUJ celebrated International Women's Day (8th March 2022) with all employees & students which sets the agenda for realizing women's rights and honoring their achievement. Women are the real architects of the society and International Women's Day was celebrated in grand way welcoming all female co-workers of university.
- Dress Theme of the women's day was Laharia and all women were welcomed in the Indian tradition with a rose and provided with complimentary snacks coupon.
- The Chief Guest for the program Smt. Richa Tomar (IPS)-DCP, Jaipur addressed the gathering and honored the women achievers of the Manipal University Jaipur in various fields.
- Women achievers in the field of Housekeeping, Horticulture and Security services were felicitated by our Chief Guest, Ms. Richa Tomar, IPS Officer, Jaipur along with our Hon'ble Pro-President and Registrar on this great day recognizing their adherence and achievements.

Finance Department

About the Directorate

The Finance Department of Manipal University Jaipur located on the First floor of the main Administrative Block. The Department handles and maintains all the financial accounts and activities of Manipal University Jaipur and its constituent institutions.

These include:

Student Finance: Student Fee Collections, Fee Receipts, Scholarships, Refunds, and related student services.

Treasury Operations: Fund Flow Management, Investment of Funds, disbursal of funds for vendor payments of capital and operating expenses.

Vendor Payments / Account Payables: Processing the payments of Infrastructure projects,

Academic & Research Activities, Admin & Operating expenses. Payroll services to all faculty and staff at the University.

Financial Accounting & Reporting: Maintain the university books of accounts, monthly book closure, periodical MIS, financial statements of the University and preparation of Annual Budgets.

Taxation and Statutory Compliances: Handling the compliances with taxation and other statutory requirements such as Labor Cess, Gratuity, EPF, ESI, TDS, GST, TCS and NPS etc.

The Finance Department is also responsible for framing and implementing financial policies and rules, handling Internal & Statutory Audits, Tax related issues and consolidation of accounts. Department handles providing various financial data and reports required for Ranking, Assessment and Accreditation of the University and its constituent units.

DIRECTORATES

Directorate of Academics

About the Directorate

Academics being the primary activity of the university, the Directorate of Academics coordinates the academic activities of the university. The Directorate is consistently working to imbibe the best practices for updating course curricula with the aid of intellectual talent available in the academia and other stake holders. The university practices comprehensive and standardize procedures to design new curriculum and revise and amend the existing ones at regular intervals.

The directorate's mission is to provide an educational experience that is rigorous, negotiated, and relevant. Every day is a new day to learn new ideas and share with students in classrooms, laboratory, seminar hall or workshops. The directorate always aims to improve and expand our curriculum, facilities, and technology. DoA believes that every student is unique and has his/her own unique talent. The Directorate of Academics creates an environment to sharpen their minds and communication skills, nurture their talents, and help them reach their peak of excellence through active learning. Manipal University Jaipur's education program emphasizes on the development of a global spirit by enhancing the students' learning skills with a focus on ethics in multicultural environments.

Dr Ajay Kumar
Director

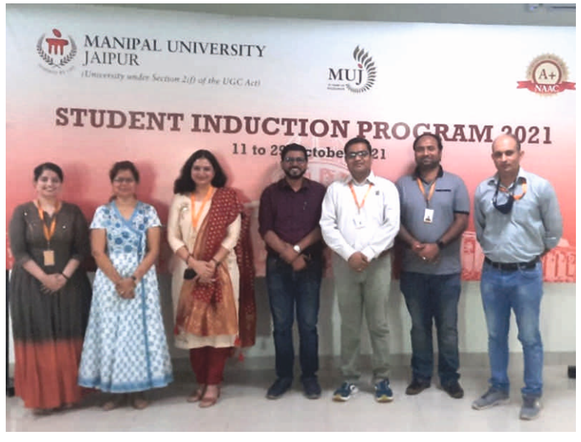

Promotion of self-directed and lifelong learning:

With a vision to promote self-directed and lifelong learning, the Directorate of Academics is actively incorporating online, and MOOC courses as mandatory learning courses so train the students to utilize the vast knowledge available online and use them to enhance their knowledge in any domain of their choice at a pace that is comfortable for the students. The process is beneficial for all types of students as they can both augment classroom instructions and build up detailed concept on specific topics by utilizing these options. The university has active collaboration with popular MOOC platforms viz., Swayam, NPTEL, Coursera etc. for certification and ease of participation in the courses.

The Directorate is encouraging faculty members to develop their own MOOC courses as value added courses and open elective courses and several of them has already been available to the students and others to opt for. For example, for some of the common courses (viz., Environmental Studies, Environmental Science, Value Ethics and Governance, Communication Skills, Economics for B.Tech) in-house MOOC content has been created and students have started taking advantage of the new way of learning. All Open Elective courses are being run as MOOC courses and for them in-house content have been created. Many of the established MOOC courses are being mentored by faculty members as Open Elective/Value Added Courses to help the students smoothly integrate the system in their own learning and to solve any doubts that may arise time to time. For some courses (example: Communication Skills in English) the idea of flipped classroom has been implemented where the students are offered study materials in advance and discussed personally in class.

Student Induction Program (2021-22):

The Student Induction Programme (eSIP-2021) for the newly admitted students of the programmes (Faculty of Engineering) was held by the Directorate of Academics from 19th October 2021 to 22nd October 2021 via online mode. Invited speakers in the e-SIP program were Dr. Lailesh Kumar (Senior Research Scientist, Pinetree FoS Magnesium Ltd, South Korea). Prof. Jamil Akhtar (Director, SEEC), Prof. Bhavna Tripathi (Director, SCCE), Dr. Anjalee Narayan (Dept of Arts), Dr. Rahul Goyal (HoD, Mechanical Eng), Dr Arun kr. Poonia (Asst. Director, DSW), Dr. Meera Baindur (Dept of Arts), Mr. Manickdeep Mash (Music artist).

e-Student Induction Program organized for B.Tech First Year students at MUJ on 20th October 2021 (second week) with sessions on next generation electronics, opportunities in Chemical & Civil Engineering. The research facilities and student achievements in various domains and talks by eminent speakers.

Inculcating Universal Human Values:

In line with the policies of AICTE, Manipal University Jaipur has established a Universal Human Values (UHV) cell on 17th January 2022. The cell is coordinated by Prof. Anand Pandey (Deputy Director, Academics). In the last one year more that 180 faculty members have been trained and certified by AICTE as UHV-1 instructors. Some of the faculty members have also been trained and certified by AICTE for the advanced UHV-2 level. The Directorate of Academics plan to implement the UHV in regular curriculum for the technical programs as per the requirements of the regulatory bodies and many faculty members have been and are being trained for the same.

A robust and user-friendly system for the academic management system – name MUJ SLCM has been launched to automate and digitize the students' life cycle at MUJ. The system has been improved by incorporating cross directorate integration. The SLCM system can be flawlessly utilized by the Directorates of Academics, Admissions, Controller of Examinations, Student Welfare, Hostel, Finance, Research, Registrar's Office to maintain and monitor the academic processes in the university. This has improved the efficiency by reducing paperwork and bureaucratic processes.

The new SLCM portal is mobile friendly, and students and faculty members can access it from anywhere and any device. The SLCM system also incorporates the central timetabling to better optimization of the utilization of the physical resources. The system is being constantly improved by introducing new features and information and regular training sessions are being held for all stakeholders.

Training sessions on the new MUJ SLCM system for students, faculty, and stuff:

The Directorate of Academics has recently launched the new SLCM portal and system, and regular training sessions are being conducted for the benefit of all stakeholders and to help them smoothly navigate through the system. Step-by-step trainings have been provided to the leadership (HoDs and Directors), Course Coordinators, Timetable Coordinators, Examination Coordinators, Course Instructors & faculty members, and non-teaching staff to smoothly integrate them in the new system and to optimize the utilization of this robust system. Till date 6 training sessions have been conducted by the Directorate of Academics and these training sessions have been attended by hundreds of participants.

Number of registered students in AY 2021-22:

- 9129 undergraduate students
- 572 postgraduate students
- 9701 total students

EDUCATION FAIR

Directorate of Admissions

About the Directorate

Directorate of Admissions at Manipal University Jaipur acts as a facilitator for admissions to various UG, PG & Doctoral level programs across diverse streams including Engineering, Architecture & Design (Fashion, Applied Arts, and Interior Design), Business & Commerce, Hotel Management, Management, Law, Journalism & Mass Communication, Basic Sciences, Humanities and Social Sciences.

The Directorate is headed by Professor from Academics as Director and supported by two Deputy Directors, a Manager & three Senior Admission Officers and they formulate the strategic road map for admissions every year. The Directorate has a team of dedicated counselors who connect with the students to counsel them about their preferred programs. There is a support team to help in assimilating data and doing day-to-day office work.

The Directorate discharges multifarious activities to create visibility and awareness about Manipal University Jaipur. Some of the activities undertaken every year are:

- School Connect Programmes - For grooming school students for higher education
- Participation in Education-Fairs
- Digital Presence – On Social Media platforms like Facebook, LinkedIn, Instagram, Twitter, Pinterest, and YouTube. On reputed online platforms like Careers360, Shiksha etc.
- Conducting Webinars- On trending topics for engaging students

Admissions at MUJ has been growing consistently since its inception. MUJ boosts of enrolling the students from PAN India with good presence from Rajasthan, Delhi, Uttar Pradesh, Haryana, Maharashtra, Madhya Pradesh, Gujarat, and various other states of India.

Dr Ravi Kant Gupta

Directorate of Alumni Relatoins

About the Directorate

About the Directorate

The purpose of the Directorate of Alumni Relations (DoAR) is to foster a spirit of loyalty and to promote the general welfare of the University. The Directorate supports the organization's goals to strengthen the ties between alumni, the community, and the organization. Any educational institution's reputation depends upon satisfactory results, academic achievements, co-curricular activities, and its alumni, who are among the main stakeholders of the institutions.

They contribute immensely to the development of the University in multiple dimensions.

There is a fully functional Directorate of Alumni Relations at Manipal University Jaipur. The Directorate ensures effective and harmonious coordination with the alumni of the University. The endeavour is to promote alumni's social connection by contributing to alma mater, country, and society.

Dr Sushil Kumar Jain
Director

The Objectives of the Directorate

- To encourage cordial relationship among alumni.
- To facilitate alumni for their future growth and felicitate them for their achievements.
- This gives a pleasant "Home Coming" feeling to the alumni and helps in Brand Building.
- To establish an emotional, connect with the alumni and motivate them to contribute to their alma mater

Alumni Engagement

- Highlighted Alumni talent and achievement through MUJ alumni Portal.
- Motivate alumni for registration on portal.
- Organize lecture/interaction and career guidance for higher education and qualified examination
- To integrate and engage alumni and foster student – alumni – teacher relationship.
- To understand and fulfil the interests of the older and newer Alumni, also reconnect them with their classmates and keep them up-to date about Manipal University and alumni events.
- To promote the social connection of Alumni by contributing to alma mater, society and at large to the country.

Alumni Meet - Udaipur

On 20 March 2022 the team from MUJ had an interaction with the alumni of Manipal University Jaipur. Dr. Sushil Kumar Jain (Directorate of Alumni Relations) delivered the welcome address. Dr. Sanyog Rawat (Professor, Dept. of ECE), discussed the achievements of Manipal University Jaipur with the alumni. The fun-game session was led by Dr. Dinesh Yadav (Assistant Director, Directorate of E-Cell & Associate Professor, Dept. of ECE), followed by a vote of thanks. During this event, the alumni shared their MUJ journey, how the Dept. & University helped them in shaping their career.

On 21 March 2022 the entire team of MUJ, visited Secure meter, Pvt. Ltd. The officials of Secure meter mentioned that students need to work a lot on their basics and University should introduce skill-oriented courses along with hands-on training in their curriculum. They suggested preparing a training module of 5-7 days for MUJ students aspiring to join Secure Meter to bridge the gap between industry and academia.

We would like to express sincere gratitude to management of MUJ for supporting this event. On behalf of the Directorate of Alumni Relations, Dr. Sushil Kumar Jain expresses heartful thanks to Hon'ble President Prof. G K Prabhu, Hon'ble Pro-President Prof. N N Sharma and Registrar Dr. Nitu Bhatnagar for guidance and motivation which lead to the successful organization of this event.

Major Events

HERICANE- (2022): A global entrepreneurship challenge for the Women

Hericane- a global entrepreneurship challenge held by IIC MUJ, E-cell MUJ in collaboration with AIC MUJ and NIT Uttarakhand. Hericane was held from February 11 to February 13. The competition was held in virtual mode.

The aim was to give women a chance to showcase their idea and how they can bring it to life. While there are women in entrepreneurship and they are rising slowly, we were here to contribute to the acceleration of women in business. Any idea that can bring impact is welcome. The participants brainstormed about a problem of their choice and worked to resolve it.

HERICANE was inaugurated on 11 Feb. 2022. During the event, Dr. G. K. Prabhu, President, Manipal University Jaipur extended his gratitude for MUJ to Hericane 2022, while also mentioning the importance and growth of women entrepreneurs in the country. Ms Swati Singh, the Chief Guest for the day talked about Innovation with societal concern along with internal innovations which have this far catered to the local problems. Ms Priya Gupta, Founder, Sarvpriye Foundation also addressed and encouraged the participants by her own journey and life story.

Dr. Ravi Kumar Sharma, Director, E-Cell mentioned how Hericane was a unique opportunity for the women to unleash their creative side and come up with solutions pertaining to the common problems. Lastly the vote of thanks was given by Dr Hemlata Goyal which concluded this inspirational event.

Field/Exposure Visit to Pre-Incubation/Incubation Units

Institutional' s Innovation Council, Manipal University Jaipur (IIC-MUJ) in association with E-cell and AIC-MUJ organized a Field/Exposure Visit to Pre-incubation/Incubation units such as AR-VR lab, 3D Printing Labs, and Design Centres of Atal Incubation Centre of Manipal University Jaipur on 24 Feb. 2022.

Mr. Puneet Datta, CEO, AIC-MUJ, and his team explained the facilities and support available for the MUJ Students during the visit. Mr. Datta explained the facilities available for the students and faculty members in AR-VR lab, 3D Printing Labs, and Design Centres of Atal Incubation Centre.

At the end of the session Mr. Datta took time to interact with the students and answer all questions they had.

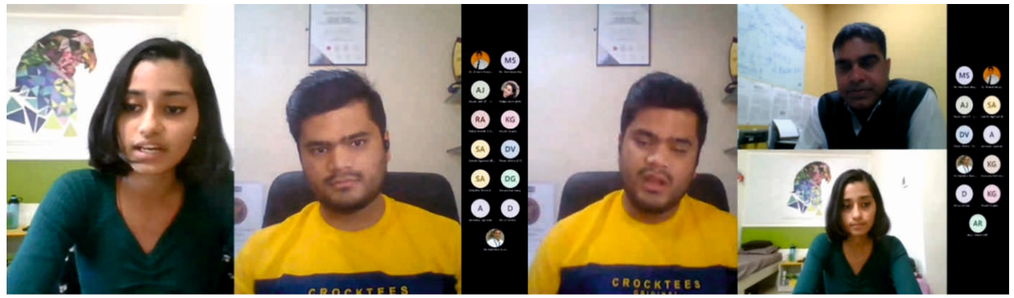

My Story – Motivational Session by
Successful Entrepreneur/ Start-up Founder

IIC MUJ along with Entrepreneurship Cell and AIC-MUJ organized 'My Story – Motivational Session By Successful Entrepreneur/ Startup founder' to enlighten and motivate students by the journey of a successful Entrepreneur.

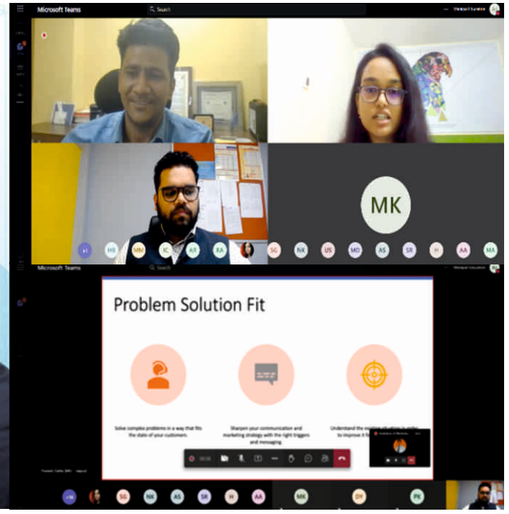

'My Story – Motivational Session By Successful Entrepreneur/ Startup founder' was hosted by E-Cell. It was an informative session for students interested in learning about the journey of a successful Entrepreneur. Mr. Tanmay Goyal, CEO – Triumb and a fellow alumnus of Manipal University Jaipur shared his experiences on the journey to become a successful entrepreneur with young innovators and entrepreneurs. He explained to the attendees the hardships he faced in his journey whilst imparting upon them the qualities a successful entrepreneur should learn and possess. Mr. Goyal also explained to the attendees how his entrepreneurial journey was complemented by his academic journey and how he managed to excel in both of these pursuits.

The workshop was open to everyone. Mr. Tanmay Goyal answered some questions from the audience at the end of the discussion.

Workshop On Achieving Problem-Solution Fit & Product-Market Fit For Startups

IIC MUJ along with Entrepreneurship Cell and AIC-MUJ organized 'Workshop on Achieving Problem-Solution Fit & Product-Market Fit for Startups' for students to understand the importance of startups and give them a perspective how entrepreneurship can also be looked upon as a career opportunity.

Mr. Puneet Datta began the session by explaining the difference between problem-solution fit and product/market fit. He explained how entrepreneur solves problems and how these problems are not so different from those that arise in any career path a student decides to pursue. Mr. Datta explained by taking multiple examples of well-known start-ups like Ola Cabs to depict the problems that could have raised and its possible solutions. He also relayed upon what makes a product fit for the market and possible scenarios for being in a good market with a product that can satisfy that market.

At the end of the session Mr. Datta took time to interact with the students and answer all questions they had.

Workshop on Entrepreneurship and Innovation As Career Opportunity

IIC MUJ along with E-Cell and AIC MUJ organized 'Workshop On Entrepreneurship And Innovation As Career Opportunity' for students to understand the importance of entrepreneurship and give them a perspective how entrepreneurship can also be looked upon as a career opportunity.

Mr. Satyam Sarma began the session by explaining the correlation between entrepreneurship and problem solving. He explained how entrepreneur solves problems and how these problems are not so different from those that arise in any career path a student decides to pursue. Additional information in this insightful event included explaining the various facets of taking up entrepreneurship as a career path. Mr. Sarma also relayed his entrepreneurial journey and how he looks upto entrepreneurship as a career opportunity much like any other profession and what values and experience entrepreneurship offers if chosen as a career path.

At the end of the session Mr. Satyam Sarma took time to interact with the students and answer all questions they had.

Workshop on Design Thinking, Critical Thinking and Innovation Design

IIC MUJ along with Entrepreneurship Cell and AIC-MUJorganized 'Workshop On Design Thinking, Critical Thinking And Innovation Design' impart upon students the importance of Design thinking, Critical thinking and innovation design.

Mr. Manish Soyal began the session by introducing the basic concepts of Design thinking, critical thinking, and Innovation Design by giving relevant examples of their application in the industry and established startups. Additional information in this insightful event included explaining the various facets of design thinking and critical thinking in establishing startups and explaining how these concepts differ from each other and how they work in tandem to create a coherent entrepreneurial venture.

At the end of the session Mr. Manish Soyal took time to answer all questions the attendees had and carried out a quiz to check the knowledge that the students obtained from his session.

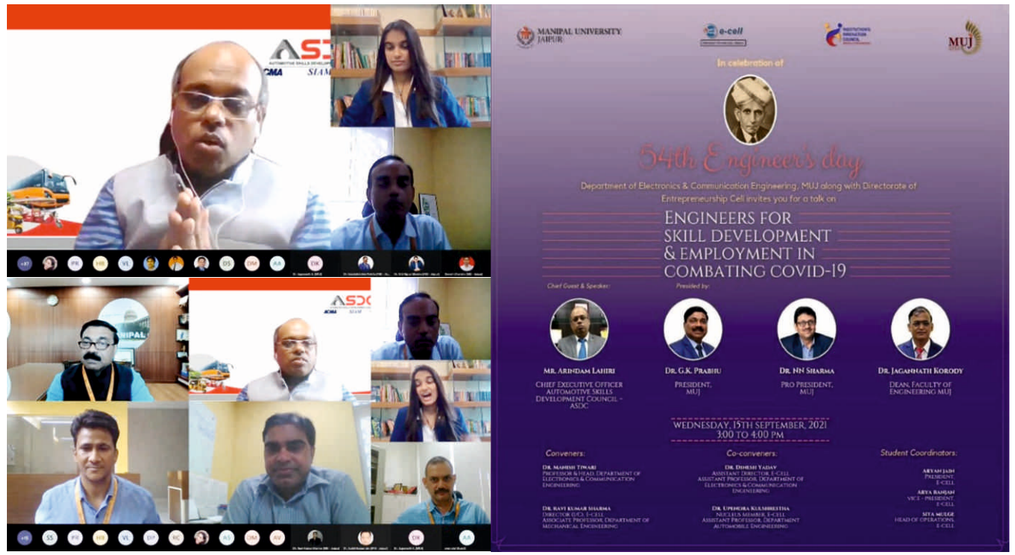

54th ENGINEERS Day Celebration On Theme: Engineers For Skill Development And Employment In Combating Covid – 19

'Engineers For Skill Development and Employment In Combating Covid – 19' was hosted by E-Cell and Department of electronics and Communication Engineering, MUJ. It was in commemoration of the 54th Engineers Day and to celebrate the legacy of Professor M Visvesvaraya whose Birthday Anniversary is observed as this day. The event was presided by - Dr. GK Prabhu, President (MUJ) who interacted with the students telling them captivating stories about Sir M Visvesvaraya and how engineers are helping the nation grow and progress. The event also witnessed the presence of Dr. N N Sharma, Pro president (MUJ) and Dr. Jagannath Korody (Dean, faculty of Engineering MUJ), who Discussed the role Engineers play in the world and how every facet of a person's life is touched by an engineer which was specially apparent during the tough Covid-19 Pandemic.

The Chief Guest, Mr. Arindam Lahiri (CEO, Automotive skills, and development Council ASDC) – Addressed the Students by highlighting the importance of celebrating engineers' day. He also spoke about how Engineers have been in the forefront for skill development and employment in combating Covid-19 and how their persistence has provided some relief during these difficult times.

The event concluded with participants getting an insight into the life and work of Professor M Visvesvaraya and learning about the role and contribution of Engineers during the Covid – 19 pandemic.

Virtual Awareness Program on Importance of Intellectual Property Rights

A Panel discussion on Intellectual property rights was held on 13th October 2021 at 10 am by E-cell MUJ. The event lasted for 3.5 hours, with esteemed guests and experts speaking and creating impact. PHDCCI Intellectual Property Facilitation Center (IPFC) The Ministry of Commerce and Industry, in collaboration with the Directorate General of Patents, Designs and Trademarks, held a virtual webinar on awareness-raising programs. "Intellectual property right". Reaching out to the young mind by aspiring and understanding the problems and challenges faced by entrepreneurs and giving them knowledge of the intellectual property rights of the younger generation.

The opening remarks were made by DP Goel, Co-Chair of PHDCCI's MSME Committee. The PHD Chamber of Commerce states in his introduction that the PHD Chamber of Commerce is now India's leading industrial chamber with a history of 1106 years.

He also said that in order to be an entrepreneur, you need to set goals, work hard towards them, and achieve them. Take ownership of whatever you want in your life.

The session was moderated by Miss Siya Mulge, Head of Operations, E-cell MUJ. She introduced the panelists and welcomed all the students and professors who attended the webinar.

Respected Pro President of MUJ, Dr. N N Sharma, made introductory remarks. With great pride, he welcomed all the guests and panelists. He also spoke about MUJ completing 10 years with glorious successes.

Shri Naveen Mathur, Deputy Controller for Patent and Design, Intellectual Property India was the chief guest on this occasion. He explained the work of the Directorate General of Patents, Designs and Trademarks and how they help people fill their property rights. Vivek Singh, Head – IP filing and prosecution practice for Sagacious IP India. We talked about the concept of IPR and how to identify and create IPR. He also discussed and explained how / procedures for registering intellectual property and gave an overview of Indian trademarks and copyright, keeping the audience highly engaged.

Dr. Kavita Arora, Senior Associate- Biotech & Biosciences, K&S Partners talked about "IP Ecosystem in India, its importance and good practices for securing patents" She presented a presentation with detailed information on patents, trademarks, copyrights, GI and design for the country's economic development.

Mr. Ashish Sharma, Vice-President (IP research & analytics wing), TT Consultants spoke about An Effective Patent Protection Strategy for Start-Ups To Gain Competitive Advantage & Minimise Patent Infringement Risk". He emphasized that he can exercise his rights. He also emphasized the importance of patent informatics and informed academia to make the most of intellectual property rights.

The moderator, Siya Mulge, introduced E-cell MUJ and its various achievements. Introduction of URJA CHARGERS was also done.

Finally, PHDCCI Secretary-General Mithilesh Kumar would like to thank all the panelists for sharing such wonderful information about IPR. He also acknowledged URJA CHARGES and offered his blessings and assistance. Over 303 participants across India participated in and benefited from this program.

Workshop on Intellectual Property Rights and IP Management

IIC MUJ along with Entrepreneurship Cell and AIC-MUJ organized "Workshop on Intellectual Property Rights and IP Management". Peggy Bengtsson, Zacco's Director Portfolio Outsourcing, Debasish Kundu, Head Business Development, Region India and Edwin Selvaraj, Manager Patents from S&H Partners were the speakers of the workshop.

We are proud to announce that the AIC-MUJ (Atal Incubation Center-Manipal University Jaipur) has selected Zacco as their preferred partner to assist them with their international intellectual property and cyber security requirements. The incubation centre is also collaborating with S&H PARTNERS for their IP work across India.

To establish and develop the relationship, we participated in a workshop together onsite in Jaipur on April 22nd 2022. In attendance were Zacco's Director Portfolio Outsourcing Peggy Bengtsson, Head Business Development, Region India Debasish Kundu and Manager Patents from S&H Partners Edwin Selvaraj. It was a perfect opportunity to discuss IP matters and emerging aspects of Cyber security with entrepreneurs who are in the exciting early start-up phase and needed the right tools and advice to develop and protect their intellectual property.

Peggy Bengtsson comments: "We look forward to establishing a reliable and long-term partnership with the incubation centre, with the help of Zacco's Indian operations. We are confident that we can make a difference for their associated entrepreneurs." The Atal Incubation Centre at Manipal University Jaipur is a Government of India initiative with the commendable mission of promoting innovation and making India self-reliant.

"As the centre's vision is to provide entrepreneurs with input, in terms of knowledge and guidance, a partnership with Zacco makes perfect sense." Zacco's Managing Director in India, Ravi Sunderrajan, acknowledges.

Debasish Kundu adds: "The ideas and inventions that these creative young minds bring in are often great, but they have not always considered meticulous protection. To create real business assets, a 360 IP strategy can play a pivotal role. With more and more IP assets being created and managed, along with protection for intangible assets from a 360 perspective, such advice will help them to gain a competitive advantage and increase their valuation significantly. Thank you, Puneet Datta and Ravindra Yadav for having me. We and I look forward to working closely with the young start-ups."

Edwin Selvaraj from S&H Partners says: "It was a great opportunity to meet the young minds and we have positively started our journey post pandemic with this seminar at the Manipal University, Jaipur. From the discussion with students, professors & AIC, we could see they are really optimistic towards IP protection for their new innovations."

Demo Day, Exhibition, Poster Presentation of Business Plan, Prototype developed & linkage with Innovation Ambassadors for mentorship support

Atal Incubation Centre - Manipal University Jaipur hosted "The Start-up MELa 1.0" (as a part of SV-TDFS 2022) and we are inviting all the interested people to come and explore the innovation! Start-ups from across our country have registered to the event for showcasing their products and services to bring an energy of entrepreneurship and innovation to the Manipal University Jaipur campus and mentored by Innovation Ambassador! In this have also invited investors, mentors, partners, and academics to help build new networks and connections, and by visiting our MELa, you too may get the chance to interact with our attendees and discover something new!

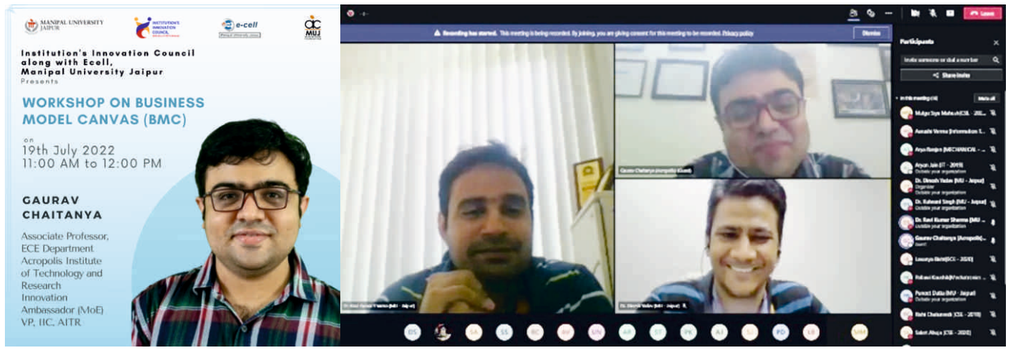

Workshop on Business Model Canvas

E-Cell presented a 'Workshop on Business Model Canvas' to enlighten students about the working of a business model and tips on creating one.

'Workshop on Business Model Canvas' was organized by E-Cell. It was an informative session for all the students who want to understand the creation of business models. To make their journeys easy, Mr. Gaurav Chaitnaya, Associate Professor ECE Department, Innovation Ambassador (MOE), presented with the basics of creating the a business model and the idea and effort that goes behind creating an apt model. He ensured that students who aim at initiating a startup know the importance of it and as it is the key guide for someone who hasn't heard of their startup, and they should be able to understand their business model in great depth.

The workshop was open for anyone to attend. Mr Gaurav took some questions from the audience at the end of the discussion.

Participation of IIC Institution (Manipal University Jaipur) In IIC Regional Meet

The Ministry of Education (MoE)' Innovation cell organized the IIC Regional meet at Amity University, Jaipur on 28th July 2022. Dr. Ravi Kumar Sharma, Director E-cell, Dr. Kulwant Singh, Dy. Director, E-cell, Dr. Dinesh Yadav, Asst Director, E-cell and Dr Manish Rawat, Dy. Director, DoR along with MUJ start-ups joined the meet.

Dr. Ravi Kumar Sharma highlighted the activities of MUJ under IIC banner. Prof. M.P. Poonia, Vice Chairman, AICTE was the Chief Guest and Dr. Mohit Gambhir, Director, MoE (Innovation Cell) and Mr. Dipan Sahu Asst. Director, MoE (Innovation Cell) were the Guest of Honour of the event.

Along with the meet, today's event also hosted one innovation competition where more than 30 start-ups from various colleges/universities of Rajasthan have participated, and the hosts were extremely pleased to inform you that Manipal University Jaipur's student's start-up "Alankrati" founded by Ms Priyanshi Pareek stood Second. It was a proud moment for everyone present there.

Congratulations for her mentors, Dr Kusum Tanwar and Dr. Sampath P Jinka, were in order! They were an integral part of her journey to success. All the attendees congratulated Ms. Priyanshi on her achievement.

Kudos to MUJ leadership for continuous support and motivation!

SV-TDFS 2022

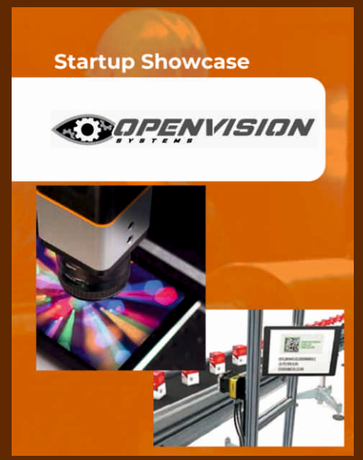

The inaugural ceremony was blessed by His Excellency, Shri Bandaru Dattatreya (Hon'ble Governor, State of Haryana and Chancellor of SVSU), as the chief guest and Shri Raj Nehru (Vice-Chancellor, SVSU) as the guest of honor. Directorate of International Collaborations

About the Directorate

The Directorate of International Collaborations (DoIC) is established to promote internationalization and partnerships with international institutes. The Directorate facilitates collaboration and partnerships with institutions globally for student and faculty exchange, semester abroad Programme, student mobility and higher education opportunities through signing of MoU with institutions and organizations. The Directorate is headed by Prof. Santosh Patil, Director and supported by Dr. Praveen Kumar Surolia, Assistant Director.

A team of 7 faculty members acting as nucleus members further strengthen and support the activities of the Directorate. The nodal officer and Nucleus member initiates, coordinates and keeps track of activities with respect to the MoU.

With international tie ups, the Directorate facilitates networking of students and faculty across partner institutions and impart training to gain practical experience in international work environment, fast changing industrial scenarios, academic and industrial research. The Directorate organizes and coordinates several activities and programmes to improve social and cultural skills of all stakeholders like International Culture Day, Cross Cultural Culinary workshops, Cultural Immersion Trips and Explore India Programmes. The Directorate on periodic basis organizes presentations and interaction session of academic and industry partners with both students and faculty of MUJ. Interaction of visiting guests with leadership team of MUJ is arranged to further strengthen the ties at the highest level leading to MoU's or Agreements. Departmental heads confirm credit exchange possibilities & parity (Credit Mapping) in terms of courses on offer during the semester. Students and faculty of partner institutes willing for association with MUJ are always welcome. Manipal University Jaipur has over 118 Memorandum of Understanding (MoU) signed with Universities and Institutes from 38 countries. Out of which more than 50 are in QS/THE ranked universities which help to implement quality global educational practices into a unique ecosystem of international teaching & learning, research, innovation, technology and entrepreneurship. This helps to produce world-class professionals in their field of interest and career ambition. With many more MoU in the pipeline, MUJ is striving to leave its impression across the globe.

Directorate of Quality and Compliance

About the Directorate

Quality & Compliance Directorate at Manipal University Jaipur aims to develop and implement consistent quality frameworks and policies across the University for all stakeholders in line with the vision of the University and policies defined by regulators.

The Directorate of Quality and Compliance is consecrated to deliver excellence in all areas of operation of university. Q&C consistently works to develop conscious systems and enhance the processes for the overall performance improvement.

To ensure quality culture as the prime concern for the university, QC ensures it through institutionalizing and internalizing initiatives taken such as participation in Times Higher Education (THE) and QS. Last year the NIRF ranks are improved from previous year in Engineering and management from 84th position to 75th in Engineering and from the band of 76-100 to 85th rank in Management. During the year in July 2021, five departments of engineering have been accredited by NBA for 3 years and few more are in line to go ahead. Subsequently, the NAAC compliance is in place and the AQAR is submitted with enhanced data. Team QC enabled the vision 2025 of the University, the vision document came out with a new brainstorming activity called "KARYAGARA". The new Key Performance Indicators has enabled the vision strategies on ground with action plane, periodic review as well as assisting the stakeholders in achieving the targets with quality assurance.

Brand sustainability is assured at MUJ through regular participation in rankings organized by renowned media houses like The Week, Outlook ICARE, Careers360, India Today, Competition Success Review, Education World and so on and has improved its rankings under various category compared to previous years. MUJ grasped the Best Employer Award organized by Employer Association of Rajasthan, the Academic Block -2 of MUJ has received the IGBC award last year. MUJ proudly proved itself in happiness index by being the Happiness Unicorn organized by AICTE and YOL.

Team Q&C comprises of 7 members and looks forward for new avenues to establish landmark in the field of Quality.

Dr Lucky Vijayvargiya
Director

Vision of Quality and Compliance

- To develop a system for conscious, consistent, and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.
- Ensure clarity and focus on institutional functioning towards quality enhancement
- Dissemination of information on various quality parameters to all stakeholders

Objective of Quality and Compliance

- Development and application of quality benchmarks/parameters for the various academic and administrative activities of the University.
- Documentation of the various Programmes/activities of the University, leading to quality improvement.
- Dissemination of information on the various quality parameters to all stakeholders.
- Acting as a nodal agency of the University for coordinating quality-related activities, including adoption and dissemination of good practices.

Directorate of Research

About the Directorate

"The Directorate of Research (DoR) at Manipal University Jaipur is established with the sole purpose of providing smooth & efficient Research Administration"

At Manipal University Jaipur, research is inherent in all our academic endeavours and faculty members, PhD research scholars and UG/PG students are encouraged to be involved in extensive research in their respective domains. All this enables us to discover, create, disseminate, and preserve knowledge. For fostering Research and spreading awareness the University has established a dedicated entity in 2018, the "Directorate of Research (DoR)". The primary purpose of DoR is Research Management and Promotion among different stakeholders as well as to the external world. It is our mission to pursue the highest standards of research excellence with the most talented academicians, researchers and with possible research outcomes for societal upliftment. With support from University Management & Leadership in the form of various research promotion schemes viz; Faculty Award Incentive for Research (FAIR), Publication and Research Award Incentive for Students to Excel (PRAISE) as part of the Endowment Fund grant, the University is on the upward march towards quality research journey. MUJ believes in building an innovative, open and collaborative culture, and extensive research facilities involving hi-end equipment in our different research labs, are a testimony to it.

Dr Roheet Bhatnagar
Director

Initiatives/Activities of Directorate of Research

- Top Researcher of The Month Award and Top Researcher of The Year Award
- RMS awareness session for Different Modules for Publication, IPR, Research Project and PDA
- Generation & Circulation of monthly research count report to the HoDs, Directors and Deans
- Organised Panel Discussion (Talk Show) on "Success Stories of Getting Research Grants."
- Process of Filing IPR activities such as Patent/Design/Copyright are established at MUJ
- Amendment in the FAIR & PRAISE Policy, and inclusion of Non-teaching Staff (NTS) in FAIR scheme
- XRD Procurement and Installation.
- Restoration of the Faculty PDA after Covid Pandemic,
- Addition of the Patent Incentivization.
- Revision of the IPR filing Rules and Guidelines at MUJ
- PMS Form – B revision and implementation in RMS

For the year 2021

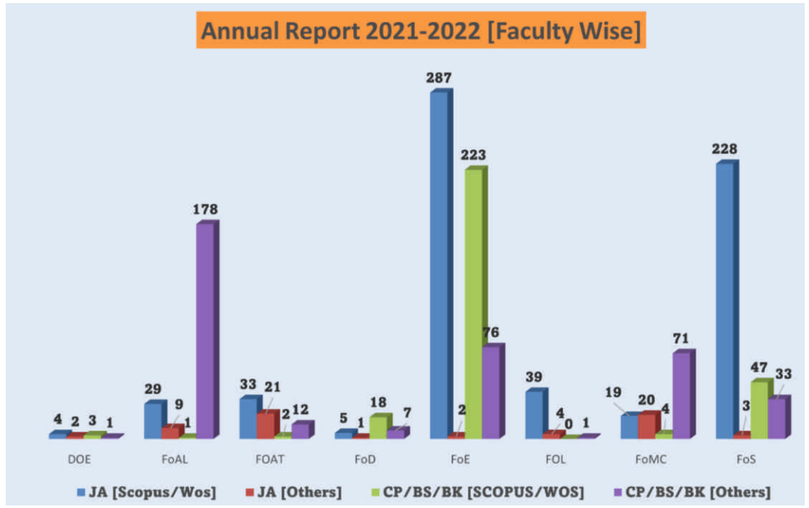

a. 'Team Excellence Award – Top Performance in Research' and 'Team Excellence Award – Consistent Performance in Research' has gone to 'Department of Biosciences', School of Basic Sciences, Faculty of Science.
b. 'Top 3 Researchers of the Year' based on their cumulative annual research score has gone to:

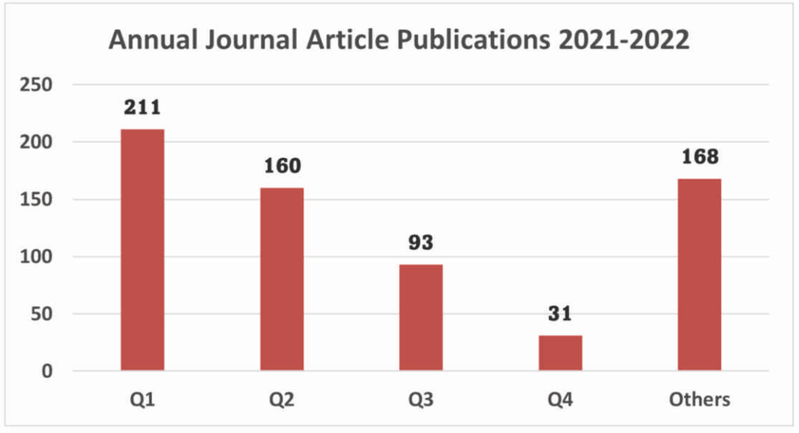

i. Dr Vijaypal Singh Dhaka, Professor & Head, Department of Computer & Communication Engineering
ii. Dr Rakesh Kumar Sharma, Assistant Professor (Selection Grade), Department of Biosciences
iii. Dr Deepak Sinwar, Assistant Professor (Selection Grade), Department of Computer & Communication Engineering

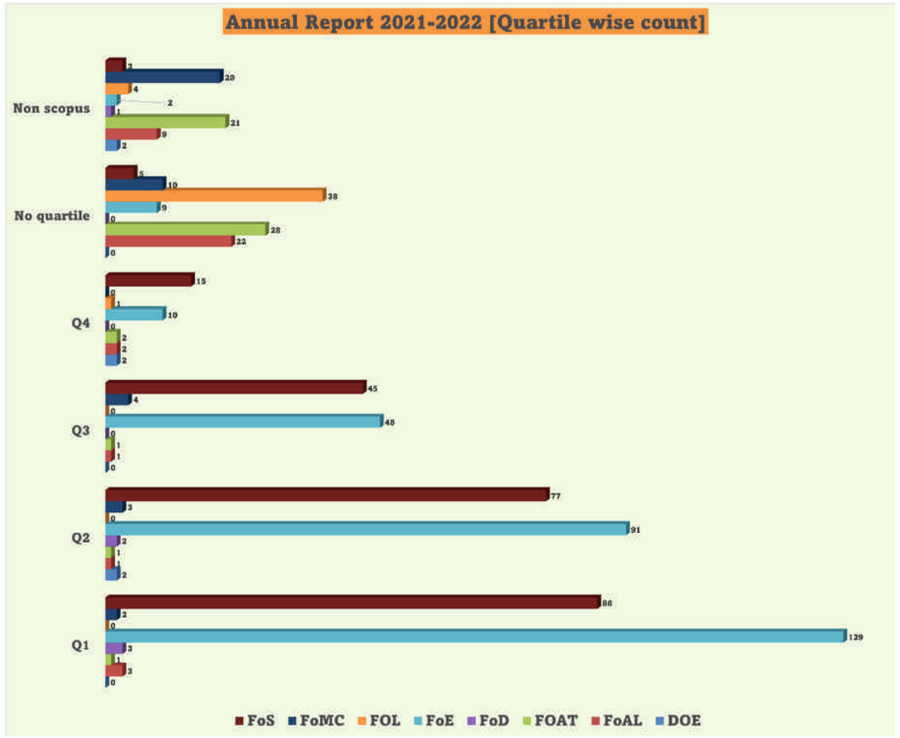

Webinars / awareness sessions/workshops conducted on IPRs, Publications etc

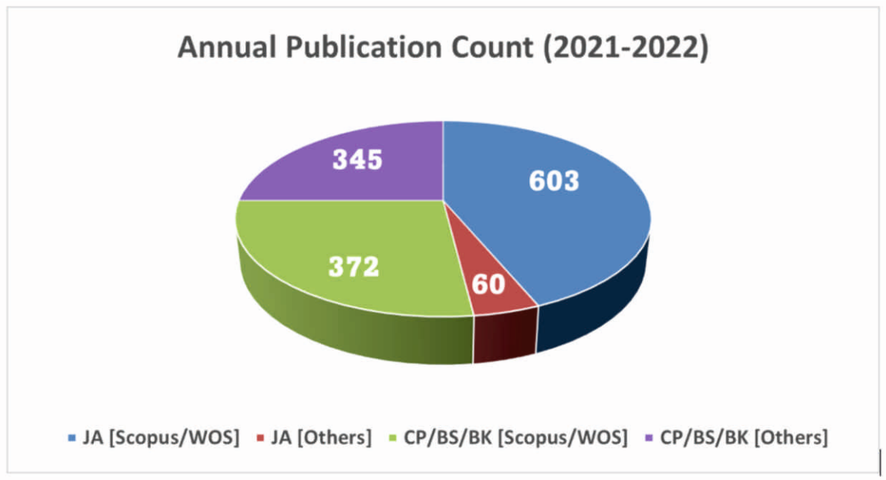

Date of the Activities	Description of Activities
10-08-2021	Introduction of PCT (Patent Cooperation Treaty) & its Implications
05-10-2021	Expert Lecture on "Patent Drafting and Gap Analysis".
26-10-2021	Importance of IPR in Academics
26-07-202	Workshop on Web of Science and JCR in Collaboration with Clarivate Analytics INDIA
06-07-202 1	Webinar on X -ray Diffraction -Principle and Applications
10-08-2021	Introduction of PCT (Patent Cooperation Treaty) & its Implications
05-10-2021	Expert Lecture on "Patent Drafting and Gap Analysis".
01-12-2021	Plan your Research Strategy with Scopus and Scival
18-01-2022	Awareness online workshop on Prime Minister's Fellowship Scheme for Doctoral Research in association with FICCI, New Delhi

Directorate of Student's Welfare

About the Directorate

Directorate of Student's Welfare often called as "DSW" was established by Manipal University Jaipur in April 2018 as a functional directorate to cater the day-to-day administrative and personality development needs of students through its various domains viz. Student Clubs & Chapters, Social connect, Student events/activities, Student Sports, Student Counselling and Student Discipline.

In DSW there is a Dean of Student's Welfare cum Proctor and six office bearers/domain heads designated as Deputy/ Assistant Directors.

DSW makes continuous efforts to make the campus vibrant by students' engagement and the same time maintain overall discipline in campus and its hostels. Besides this there are Nucleus Members from various departments, which helps in performing routine task of the Directorate as and when required for various student engagement activities/events.

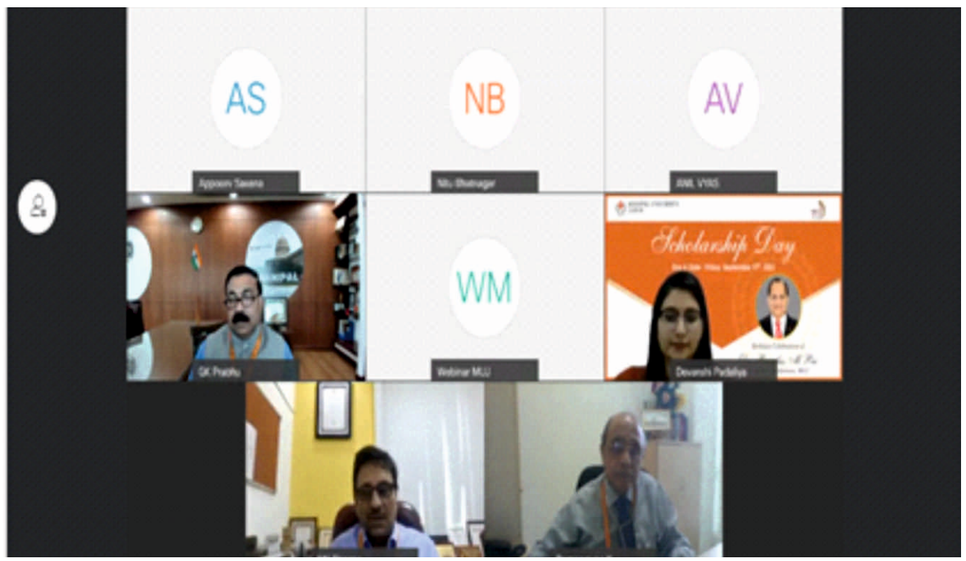

Dr Anil Dutt Vyas
Director

Scholarship Day

Scholarship day is celebrated every in Manipal University Jaipur to commemorate the birthday of Dr. Ramdas Madhav Pai, Chancellor of Manipal University on 17th September. Dr. Ramdas Madhav Pai is awardee of Padma Bhushan, 3rd highest civilian award if the country and to honor him every year scholarships worth more than 3 crores is being given by the university to it's meritorious students.

Scholarship Day,17th September,2021

Fresher's Day:

Fresher's party is a gracious and a cordial welcome by the second-year students of all faculties to the first-year students of all faculties. It is an event where freshers are not only given a chance to exhibit their talents but also feel comfortable and adapt to the new surroundings. The main purpose of conducting Fresher's Party is to welcome new students in college's friendly atmosphere and to encourage their creative impulses to boost their confidence and pursue their passion.

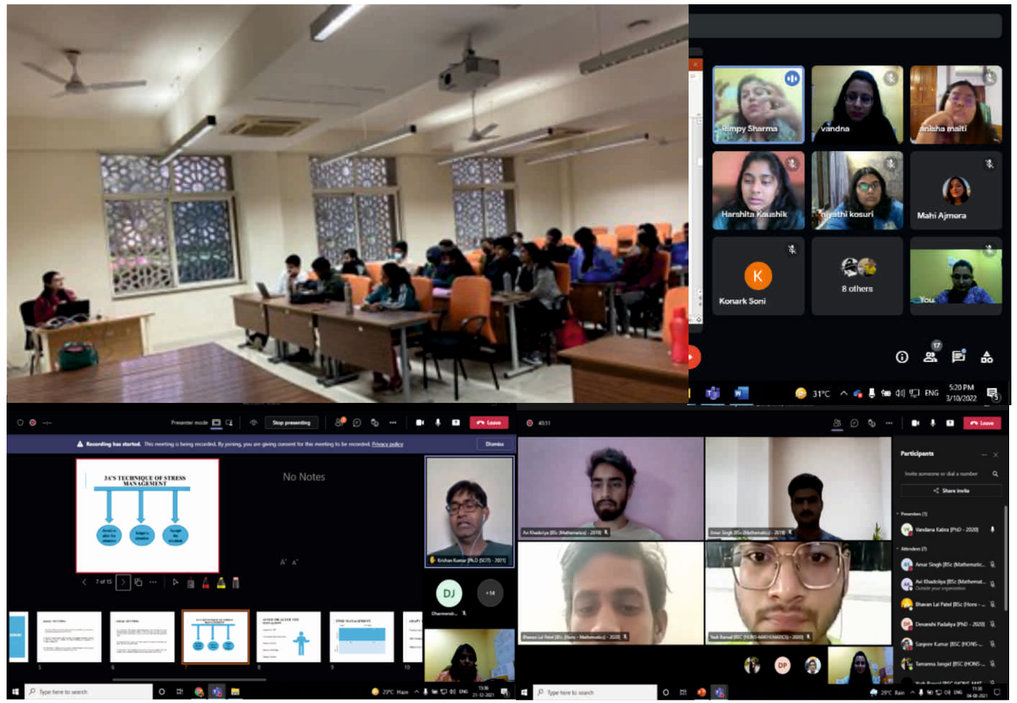

Fresher's Day,20th April,202

Counselling Activities:

For the purpose of addressing the concerns of MUJ students and staff, counselling team consistently organizes sessions based on stress and anxiety management in order to assist the mental health

Student Induction Program:

The purpose of the Student Induction Program was to introduce students with the university rules and facilities. It is a 4-day induction program divided into different slots on everyday basis. Each session was focused to provide a detailed information. Main objective of this event was to orient the students about the University facilities and make students aware with the university rules and regulations.

Student Induction Program, October,2021

Mental Health Awareness Program:

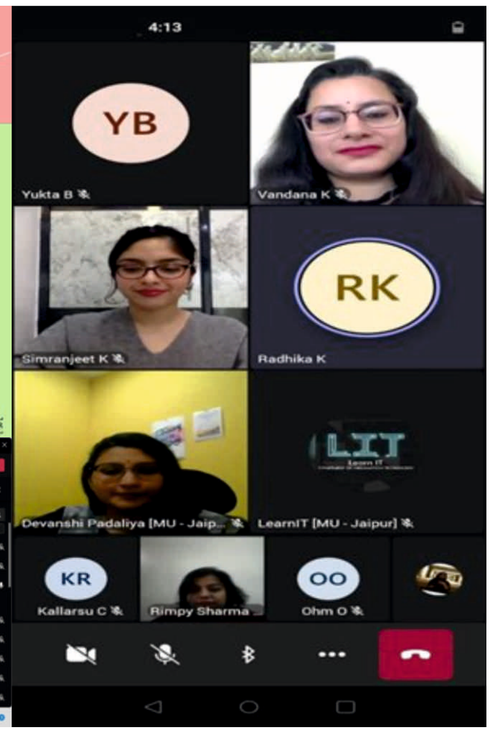

Counselling domain, under DSW is focused on raising awareness regarding mental health amongst people and with this regard a lot of activities are conducted with the students of mental health club Mind Over Matter. The counselling team along with students of this club work upon various activities and workshops to enable capacity building among MUJ students.

PLACEMENTS INDUCTION PROGRAM

Directorate of Corporate Relations & Placements

About the Directorate

Directorate of Corporate Relations & Placements, Manipal University Jaipur facilitates the process career counselling and placement of students passing out from the Institute besides collaborating with leading organizations and institutes in setting up of internship and training program of students. The Directorate liaises with various industrial establishments, corporate houses etc. which conduct campus interviews and select graduate and post-graduate students from all disciplines.

The Directorate of Corporate Relations & Placements continues to organise extensive training activities for the final year students to make them placement ready by running Campus Recruitment Training (CRT) mainly focusing on Career planning, Personality Development, Attitude building, and Stress handling. To guide students towards rewarding career, the directorate also conducts series of activities throughout the year including Industry-Academia Interaction, Guest lectures, and Campus placement activities. Number of programs like Group Discussions, Mock Interviews, and Aptitude test etc. were conducted which help in Employability enhancement of the students.

The Directorate achieved extraordinary campus placement record with its students being selected in record numbers of placements with excellent packages for the year 2021-2022.

Dr C S Lamba
Director

Campus placements process for 2021 batch started with Global Fortune 500 organizations like Microsoft and Dell. 10 Students got placed with Microsoft and 31 students got offered from Dell and 11 students got offered from ZS Associates .

Recruiters like Capgemini, ZS Associates, Sap Labs, DXC Technology, TekSystems, HCL Technologies, Hexaware Technologies, Infosys, TCS, Mindtree, Cognizant, Abyeti Technologies, have already conducted the processes for campus placements. Capgemini made final offer to 305 students. Mindtree made final offer to 87 students. In order to enhance students' aptitude, communication and technical skills, Extensive Employability Enhancement Training (EET) has been carried out for 2021 batch. Customized Group Discussion and Mock Interview sessions are being conducted for the students' of 2021 batch across all programmes.

At the outset we are happy to share that Manipal University Jaipur successfully hosted its Corporate Event "Industry 4.0" today at The Leela Ambience, Gurgaon on 23rd April 2022.

More than 21 industry leaders from companies such as Amazon, Deloitte, Tata Power, Schneider, ZScaler, DLF, Orange Business, AVL, EDS Technologies, ANG Partners etc. participated in the event and shared their corporate experience and also gave feedback about the students. Prof. Dr N.N. Sharma, Pro President, Manipal University Jaipur welcomed all the guests and thanked them for their support extended so far in the successful journey of placements at MUJ. He also shared the 10 years proud journey of Manipal University Jaipur. Most importantly, he talked about vision 2025 and shared the challenges and opportunities ahead.
Prof C.S. Lamba expressed gratitude to all the industry leaders for their support and invited valuable feedback for enhancing the employability of students.

Industry leaders appreciated the efforts made by placement cell of MUJ and also praised the quality and diversity of trained readily available fresh talent.

The event was a great success and big boost towards Industry Academia connect in Manipal University Jaipur.

Directorate of Online Education

Dr. Mallikarjuna Gadapa
Director

Director's Message

The Directorate of Online education at Manipal University Jaipur We're excited to take the Manipal education legacy online – the new mode of education by providing high value learning, anytime, anyplace at your own pace. By intelligently infusing innovative ways of learning, our Online Degree programs are designed to transform young minds into competent professionals."

We had designed the Online degree programs as close as possible to regular mode with additional benefits of online education by providing faculty lead interactive video sessions both in Synchronous and Asynchronous mode, Mobile compatible Digital Self learning material and discussion forum to interact with peers and teachers. We had designed it for conventional learners, as well as working professionals and other individuals who aspire to acquire knowledge and associated academic credentials through Online mode.

By providing access to quality education at graduate and post graduate level in the domains of Commerce, Computer Applications, Management , Journalism and Mass Communication to masses of the country we are actively contributing to the Government of India ambitious target of achieving 50% Gross Enrolment Ratio (GER) by 2030.

Directorate of Online Education

About the Directorate

Directorate of Online Education has been established in 2020 at MUJ with a vision to provide access to quality higher education in the Online Mode offering formal learning opportunities to people across the globe who do not had access to traditional mediums of education or working professionals who would like to learn while they work to realize their career dreams through conveniently delivered high quality online degree programs.

DOE is offering UGC entitled online degree programs in Management (BBA & MBA), Commerce (B. Com & M.Com), Computer Applications (BCA & MCA) and Journalism & Mass Communication (MA-JMC) domains as per UGC (ODL Programmes and Online Programmes) Regulations, 2020 for Indian and Foreign Nationals

We deliver high-quality online degree programmes that enhance students' latent traits transforming them into competent professionals. The Programs are comprehensive, affordable, and flexible with a study-on-the-go model. Students are provided support throughout their academic journey through Student portal, Learning Management System, dedicated Course Mentors, and helpdesk, social engagement activities and career advisory services. The cutting-edge immersive learning management system creates a near real-world experience by intelligently infusing innovative ways of learning providing high-value learning, at any time, at anyplace, at own pace.

Currently the Directorate of Online Education MUJ, has a large spectrum of learners enrolled in online degree programs across the world with a strength of 22000+ students enrolled from 1200+ towns in India and 30+ countries across the globe.

Faculty Resource

The Directorate of Online Education at MUJ has about 40 dedicated full-time faculty members. More than 90% of faculties are PhD holders from reputed Universities. In addition to regular faculty, the Directorate of Online Education has 75+ adjunct faculties, Subject Matter Experts (SMEs) in various domains and Industry.

Program wise distribution

Faculty Development Programmes: Guest Lectures Conducted

1. Directorate of Online Education arranged for a one-day workshop called, "Be The Pivot" to facilitate content preparation in the online mode conducted by Fahad Khateeb, a soft skills trainer awarded as the Best Trainer by the Business Networking International (BNI). Faculty members at DOE got the opportunity to learn and interact with Khateeb in November 2021. The module of the session covered topics relevant to online education like, Importance of online format of education, tools used for a great online experience, the role of the faculty in creating impact, hardware tools for impressive online experience, nuances of script making for the session, and a lot of other such important topics. The faculties have gained immensely and have since implemented many strategies, in their respective online sessions, propagated from the invigorating session.

2. Directorate of Online Education arranged for a one-day workshop called, "Be The Pivot" to facilitate content preparation in the online mode conducted by Fahad Khateeb, a soft skills trainer awarded as the Best Trainer by the Business Networking International (BNI). Faculty members at DOE got the opportunity to learn and interact with Khateeb in November 2021. IT INFRA

IT Infrastructure

About the Directorate

MUJ boasts of state-of-the-art IT Infrastructure, offering word class IT service to university core functions, directorate, students, and business users. MUJ IT is accountable for enabling best in class application, tools & technology platform to sustain with HES policies, business vision and accreditation framework. MUJ IT backbone built with 2 tier-3 In-house Data Centre that equipped with robust multi-level Internet link with strong ISP backup, World class core CISCO Network backbone product (Firewall, routers , Switch), High End threat management, Anti-Virus and end point security devices digital footprint through Business ERP, Student life cycle Web portal,.

MUJ IT Infrastructure covering all aspects of the managing and processing of information systems also having IT enabled E-Library High processing and Multi-tasking LAB, including PARAM Chawak. It is based on In-house as well as outsourced support, through MaGE, DVoiS and Dimension Data, Velocis.

Mr Jamnaprasad Jamine
Head, IT Operation

Hardware

- 50 Servers including Inhouse-Virtual platform,
- 5 Servers on AWS and Microsoft cloud
- CDAC Paramshavak Supercomputer
- 155 High performance workstation machines
- 1338 Desktop Computers and Workstations
- 700 Laptops (700 MUJ staff)
- 205 LCD Projectors +
- 800 IP Telephones
- 180 Printers and Reprographics
- 160 CISCO Network switches
- 1320 Intelligent Wi-Fi Cisco Access Points
- 3 Video Conferencing systems including Cisco SX-80/DX-80 Based
- 35 Smart phones
- Virtual Classroom Based on Cisco SX80 Tele presence System.

Software

- 80 Application and Microsoft windows licensed Software's
- 8 Operating system - Unix, Linux, Microsoft OS, Mac-OS
- Microsoft Dynamics ERP enterprise product licenses
- Microsoft O-365 Enterprise platform for MUJ staff
- Addon to KOHA Easy lib for Library with OPAC tool
- MUJ-ONE HRMS for HR
- RMS- As In-house Research application

IT Infrastructure & technology blueprint

- Robust and world class IT Infrastructure having more than 7000 end points
- High availability WAN link -2.2 Gbps (2 Gbps+ 200 Mbps), through different ISPs like Airtel, BSNL, Reliance.
- 355 Mbps Internet link for faculty and staff.
- Business ERP (Microsoft Dynamic NAV2016) for university core functions
- Easy, Simple and secure Digital footprint system for faculty engagement.
- Enabled Tier -1 threat detection and Anti-Virus end point security platform
- Digital Student Life Cycle Management- SLCM
- High end Network security firewalls and gateway is on CISCO and SOPHOS product
- RMS as a Services for - Research & grant etc.
- Unified collaboration solution using MS TEAM, WebEx and Polycom etc.
- Online education platform through MS Team and O-365 functionalities.
- IP Surveillance system with IR and Night Vision with 750+ Cameras-
- Central Computing Facilities for placement drive and common internet access point.
- Supper computing through CDAC Paramshavak
- Enterprise E-mail on MS Office365
- Wi-Fi facility throughout the campus with more than 1300 Cisco 702i Aps
- Library access through KOHA Cloud
- Automated IT service System

Key Initiatives by department

- Easy, simple and Secure IT Services from HOME - through VPN for business users
- Resilience building through Multiple Internet Network gateway
- Online Education tools & Technology enhancement- through MS TEAM
- Enabling high Computing MSRC -LAB and DATA Science Lab
- Collaborative messaging services in T& P- Setup Video Conferencing facility
- IT LAN Reliability improved through Consolidation of Core Network devices & DC services.
- Deployed Internet gateway for service enhancement and application level filter.
- Enabled IT facility at faculty housing – FH-1/ FH-2
- Upgrade Business ERP platform and Support desk tools.

Hostel & Mess

About the Hostel & Mess

Manipal University boasts of a state-of-the-art hostel facility that provide secure and comfortable accommodation for students to learn and groom themselves into smart, independent citizens. Situated just across the street from the University Complex, the campus is well endowed with all facilities and essential amenities. It also has an underpass subway between the two compounds to facilitate safe and easy movement for the students without crossing the roads. Managed by Good Host Spaces, the hostels are equipped with all essential services like healthcare, multipurpose grounds for sports, eateries and food joints, convenience stores etc., thus enabling students to avail all facilities at their doorsteps while pursuing their education.

To cater to the taste buds of students coming from different parts of the country, the hostel mess of Manipal University Jaipur endeavors to provide healthy and hygienic food to the students. Managed by Quess Corporation Limited, the mess provides a variety of healthy food options to the boarders to ensure an enjoyable stay in the campus while keeping in mind their nutritional requirements.

MUJ Teacher Empowerment Center (MUJ-TEC)

About the Directorate

The Teacher Empowerment Centre at Manipal University Jaipur was established in the year 2017 with the intent to invest in teacher training to help them grow professionally and personally. Teachers who are made to feel efficacious are able to participate and contribute fully in the process of achieving the institutional goals and objectives. MUJ TEC through its various programmes provide the teaching staff a platform for experiential learning and hands-on-training by experts to enhance their potential and engage in Continuous Professional Development. Through MUJ TEC training programmes teachers are encouraged to collaborate, share and apply innovative teaching-learning tools and strategies, use resources and learn skills, which further help them cater to student needs. Empowered and skilled teachers play a very significant role in improving learning outcomes for every student.

MUJ TEC strives to equip all faculty members to synergize with millennial learners, foster active learning, impart value-laden knowledge, remain motivated, be aware of and practice objective assessment and enhance academic leadership.

Dr Devi Prasad Sharma
Director

Mentors

- Dr K Ramnarayan, Chairperson, MUJ
- Dr G K Prabhu, President, MUJ
- Commodore (Dr) Jawahar Jangir, Provost and Director, School of Business and Commerce, MUJ
- Dr Devi Prasad Sharma, Director, MUJ TEC

- **Adjunct Professor**
  - Dr. Sudhakar Nayak, Director, Manipal Centre for Professional & Personal Development, MAHE
  - Dr. Shankarnarayana Bhat M, Associate Director-Faculty Development and Welfare, MIT, Manipal
  - Dr. Prashanti Eachempati, Head of Prosthodontics, Faculty of Dentistry, Melaka Manipal Medical College, Melaka, Malaysia

Objective of MUJ-TEC:

i. To provide up-gradation of knowledge, skill and intends to provide opportunities for induction training to faculty members employed in all disciplines across Manipal University Jaipur.
ii. To organize Faculty Development Program (FDP) to cover areas like but not limited to education policy, new concepts, methods and techniques, theory and skills development and up gradation of pedagogy educational technology, motivation, communication skills, management and other relevant issues to keep pace with the changing scenario in Education.
iii. To enhance the teaching and other skills of the faculty.
iv. To make them aware about modern teaching tools and methodologies.
v. To provide an opportunity to acquire knowledge about current developments in relevant fields.
vi. To promote the professional practices relevant to higher education
vii. To motivate the faculty to achieve competitive teaching and learning environment, thus channelizing development with respect to academic qualifications and personal matters.

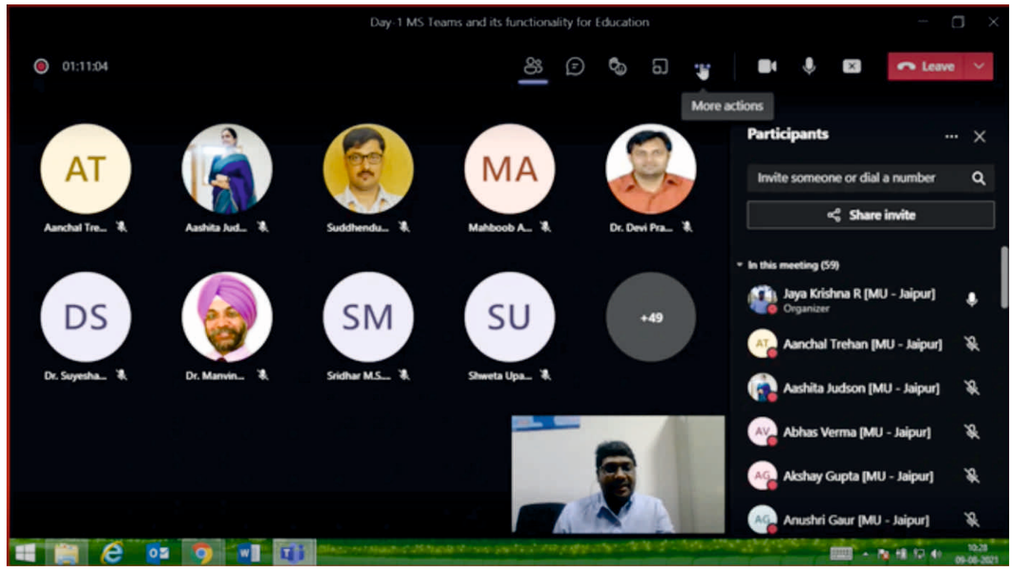

Achievements/Initiatives

A new initiative was taken to provide a hands-on-training to all the Faculty members of Manipal University Jaipur on using various tools on MS Teams for conducting effective online and offline classes. The Topics covered during the training included:

1. Lecture Content Creation
2. Content sharing, Storage & Management
3. Participative Content Delivery
4. Creation & Conduction of Quizzes
5. Conduction of Assignments
6. Course Management
7. Monitoring of student participation & progress of learning
8. Blended Learning
9. Challenges and Opportunities of Online teaching
10. Pedagogy
11. Personal effectiveness
12. Outcome based education
13. Technical writing.
14. E-content development
15. Interactive PPT etc.

Activities/Events/Trainings organized (July 2020 to June 2021)

FDP on "technology Enabled Teaching and Learning"
Date & Time: 02 August 2021- 06 August 2021, 2.30 PM to 4:30 PM
Resource-persons:
Prof D P Sharma Director, MUJ-TEC

Prof. (Dr.) Brajesh Varshney |No. of participants: 76

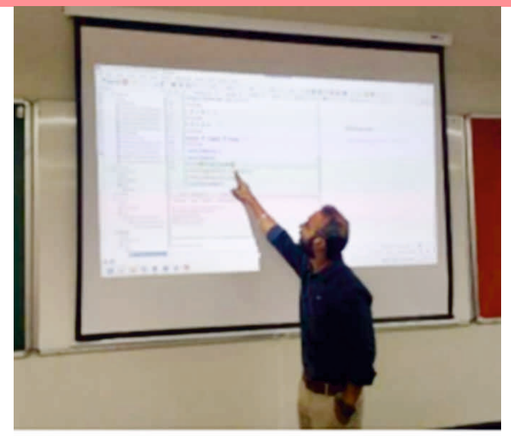

Dr. Bhagwan presenting a session

FDP on "Effective Teaching-Learning Environment using ICT Tools"
Date & Time: 28-30 June 2022 from 10:00-12:00 PM
Resource-persons:
Prof. D. P. Sharma | Dr. Varun Tiwary and Ms. Sakshi Shringi | No. of participants: 23

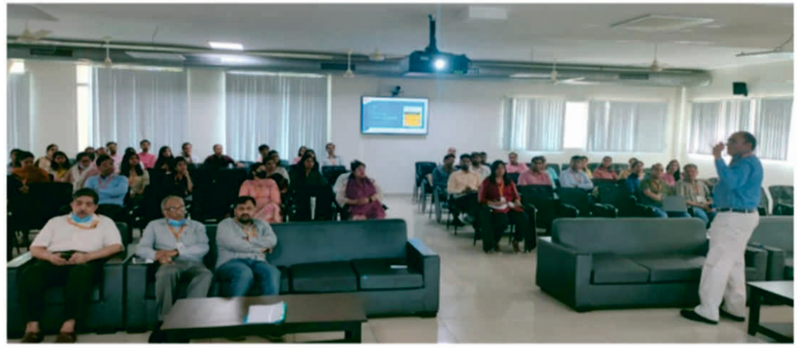

Group photo with the participants and speakers

FDP on "Effective Teaching-Learning Environment using ICT Tools"
Date & Time: 04-06 July 2022; 10 AM -12 Noon
Resource-persons:
Dr. Gaurav Kataria | Dr. Amit Kumar Bairwa |Prof. D. P. Sharma
No. of participants: 23

Dr. Katariya presenting on LaTeX

FDP on "OUTCOME BASED EDUCATION"
Date & Time: 18 April – 22 April 2022.
Resource-persons:
Mr. Gaurav Prashad, Assistant Professor, Manipal University Jaipur
Mr. Jaya Krishna, Assistant Professor, Manipal University Jaipur
Mr. Rohit Mathur, Assistant Professor, Manipal University Jaipur
No. of participants: 111

Prof. Dr. Jawahar Mal Jangir addressing the partcipants.

Dr N N Sharma
Dean, Faculty of Arts (In-charge)

Dean's Message

The Faculty of Arts at Manipal University Jaipur believes in the best and most effective approaches to teaching-learning. The Faculty of Arts (FoA), provides a unique holistic ecosystem that provides scholarly and creative environment, supported by advance infrastructure, unique integrated curriculum, highly experienced and qualified faculty members.

FoA has two schools: School of Humanities and Social Sciences and the School of Media and Communication. These two schools have a total of five departments- Department of Arts, Department of Economics, Department of Languages, Literatures and Cultural Studies and Department of Journalism and Mass Communication. The departments offer U.G, P.G and Ph.D. courses.

The faculty places a high emphasis on participative learning with a lot of focus on practical exposure. FoA fosters to create an environment which enables students and faculty to translate their dreams into realities.

- School of Humanities & Social Studies (SHSS)
- School of Media & Communication (SMC)

MANIPAL UNIVERSITY JAIPUR

School of Humanities and Social Sciences

MUJ Faculty of Arts

Dr Richa Arora
Director

About the School

The School of Humanities and Social Sciences, Manipal University Jaipur reflects the excellence of the university. Containing more than 900 students, scholars ad faculty, the school attempts to make a mark in the field of humanities and social sciences. the school offers Bachelors, Masters and PhD programmes within the wide assortment of different disciplines that it offers like a Psychology, Economics, Languages and Culture Studies, Liberal Arts and Physical educ. The school follows the instruction of the New Education policy and attempts to make its courses as multidisciplinary as possible in the form of open electives, programme electives. - Department of Languages, Literatures and Cultural Studies
- Department of Psychology

MUJ Faculty of Arts

MANIPAL UNIVERSITY JAIPUR

Department of Arts

About the Department

The Department of Arts proudly contains an extremely multidisciplinary fold of subjects within itself. It is the true reflection of the paradigms of interdisciplinary learning as reflected in both its programmes, BA(Liberal Arts) and Bachelors in Physical Education. The BA(Liberal Arts) programme offers a 'liberal' structure to the students where they study a number of subjects from varied disciplines from different schools and centres altogether. This allows the students to experience different courses in their sojourn of 3 years here, a chance that that they would not have if they were pursuing a pure honours degree. Similarly, BPES provides a strong base to students interested in studying sports and physical education, even while housing national and international sportspersons within itself. The Department carries various disciplines like Philosophy, Political Science, Sociology and Physical education. It boasts of very well qualified faculty from premier institutions of the country. All in all, the department tries to build the potential o the student through its academic as well as extracurricular activities.

Department of Languages, Literatures and Cultural Studies

About the Department

Department of Languages, Literatures and Cultural Studies at Manipal University Jaipur nurtures international and interdisciplinary approach towards academics. Diverse and vibrant academic backgrounds of the faculty represent the versatility of the department in its approach and function. The undergraduate and postgraduate programs in English prepare students to develop and upgrade their language competence, gain training in critical inquiry and debate, and develop their literary sensibility through diverse courses. The UG, PG & PhD programs prepare students to join industries associated with teaching, creative writing, editing, content development, writing, publishing, media, translation and other avenues; and also train the students for major competitive examinations.

Department of Psychology

About the Department

The Department of Psychology at School of Humanities and Social Sciences was established at Manipal University Jaipur, in 2012. It offers programs at various levels from under-graduation to PhD in psychology.

The department aims at providing the psychology students with theoretical foundation and practical knowledge in the areas of organizational psychology, counselling psychology, clinical psychology, military and forensic psychology, as well as the upcoming fields such as positive psychology, health psychology and environmental psychology.

The three year B.A/B.Sc. Honours degree in Psychology (6 semesters) is an eclectic mix of pure and theoretical psychology as well as practical and applied psychology. The students along with in depth knowledge of Psychology are also made well versed with practical skills. Courses on SPSS in 2nd semester, Projects etc are a part of the curriculum of undergraduate programmes. The students are trained for psychological testing and assessment in a well-equipped psychology laboratory. The post graduate programme of MSc Clinical Psychology has been designed keeping in view the need of the hour and globally relevant curriculum to make the graduating students industry ready.

Dr Madhura Yadav
Dean, Faculty of Design

Dean's Message

The Manipal University campus in Jaipur is home to the world class infrastructure to nurture design education with state-of-the-art research facilities and modern library, with opportunities for collaboration with premier national and international higher education institutions. In line with Manipal Group's legacy of providing quality education to its students, at Faculty of Design, we offer a range of programmes in the related disciplines of Arts, Architecture, Design, Planning, UX & UI.

We are committed to a learner-centred design education pedagogy whereby students are encouraged to explore and discover; experiment and take risks; ask questions and think critically; and research and test ideas in collaboration with their peers and faculty members. Learning is through various independent or integrated modalities of studios, seminars, lectures, workshops, group discussions, field work, and hands on making. We ensure that our students have exposure to a diversity of voices and perspectives, national and international, from academia and the industry, and are exposed to contemporary trends and historical practices in the field of design. We want our graduates to succeed as professionals with good human values, and to take on leadership roles as design pioneers in the future.

- School of Architecture & Design (SA&D)
- School of Design and Arts

About the School

School of Architecture & Design, Jaipur encapsulates the philosophy of creating innovators, empowered with the knowledge for the creation of a dynamic world, pulsating with intellectual acuity and striving for the utopia of a prosperous biosphere for all. The School strives to provide world-class architectural education by coupling state-of-art facilities with a dedicated and experienced faculty team and student-centric academic practices.

The Academic Excellence Award winning School of Architecture & Design (SA&D), Manipal University Jaipur is dedicated to provide world class architectural education. An ambience to inculcate creativity & innovation, state of the art facilities, dedicated and experienced faculty and student-centric academic practices beyond syllabus are the hallmarks of the school. The quality of life at SA&D is designed to mould the students into professionals with good human values.

Department of Architecture

About the Department

School of Architecture & Design, Jaipur encapsulates the philosophy of creating innovators, empowered with the knowledge for the creation of a dynamic world, pulsating with intellectual acuity and striving for the utopia of a prosperous biosphere for all. The School strives to provide world-class architectural education by coupling state-of-art facilities with a dedicated and experienced faculty team and student-centric academic practices.

The Academic Excellence Award winning School of Architecture & Design (SA&D), Manipal University Jaipur is dedicated to provide world class architectural education. An ambience to inculcate creativity & innovation, state of the art facilities, dedicated and experienced faculty and student-centric academic practices beyond syllabus are the hallmarks of the school. The quality of life at SA&D is designed to mould the students into professionals with good human values.

Unique points about the department

- World class infrastructure
- Central Analytics Facilities
- Sustainable Campus with 5 Star GRIHA for site planning
- All the design programmes run under Faculty of Design synergizing each other
- Ambience & environment fostering creativity & innovation
- Advanced Laboratories with world class facilities
- Opportunities to interact with renowned professionals
- Only M.Arch (Landscape Architecture) School in Rajasthan
- Scholarships
- Climatology lab
- Material Museum
- CAAD Lab
- Model Making Lab
- Classrooms/Studios Drawing Studio

MANIPAL UNIVERSITY JAIPUR

School of Design and Arts

MUJ Faculty of Design

Dr Sampath Kumar PJ
Director

About the School

The School of Design and Art, earlier known as School of Planning and Design, is a place for the best in-class infrastructure to nurture design education. The school aims to foster creativity and innovation for an intellectually satisfying learning environment as well as to establish MUJ as a globally preferred destination for students, faculty, researchers, and other stakeholders. The school constitutes of three departments viz Fashion Design, Interior Design and Applied Arts. The Key features of the programmes include their multidisciplinary nature interconnecting them in all the fields of design giving adequate emphasis to practical, projects and research, where students have opportunity of hands-on experience. Seminars, conferences, workshops, guest lectures, exhibitions, fashion shows, site visits, and study tours are organized from time to time. Good number of electives have been introduced to prepare the students for further studies in the area of interest. Project-based teaching enables students to think creatively and fully integrate their understanding with the market. The curriculum has been designed in line with industry demand & choice-based credit system (CBCS) with option of open electives. The Entrepreneur Cell set up by university gives students a platform where they can establish their very own start-ups.

Department of Applied Arts

About the Department

Department of Applied Arts always strives to enrich and enhance the livelihoods of students through art and design. The vision of the department is to encourage creativity among students and to teach them life learning education to achieve their professional goals. Our faculty members are dedicated to offering personalized attention and support via a mentor-mentee programme and providing a quality educational experience. Department maximizes student learning through active schedule of numerous artistic workshops, guest lectures, industry visits, professional practices, educational tours, and annual exhibition.

Department of Fashion Design

About the Department

The department of fashion design is a professional 4 year degree program. It offers courses developed to nurture the next generation of fashion designers, stylists, buyers, journalists and design managers. We instill both traditionalism and unconventional thinking in our design courses. innovative technology and craftsmanship. engineering, as well as thorough design research. We first educate innovative concepts, followed by inventive practice to put those ideas into action.

MANIPAL UNIVERSITY JAIPUR

Department of Interior Design

About the Department

The Department of Interior Design was established in 2015 with the purpose of providing students with a solid foundation in interior design, interior decoration, and furniture design. The students are trained under the design verticals like hotels and resorts, housing, retail, institutions, offices, heritage, recreation, and hospitals. The course allows the students to become competent professional in this current aggressive market by providing them exposure through field trips, industry visits, hands on experience, live installation sessions, workshops, and seminars. Students learn to use of 3D and computer-aided drafting software, which enables them to visualise their ideas and concepts. They also examine interior design from a variety of perspectives, placing an emphasis on creative thought. Faculties are professional designers, architects and artists who are offering their profound knowledge of the respective field. Students are placed in interior design firms, furniture design studios, architecture studios, multinational corporations, and corporations. The department provided 24 courses with an emphasis on employability/entrepreneurship/skill development. Department has also collaborated with Institute of Indian Interior Design for research and development (IIID).

Dr Arun Shanbhag
Dean, Faculty of Engineering

Dean's Message

In the Faculty of Engineering, Manipal University Jaipur, we instil the creative problem solving aspects of engineers. We add-in peer-to-peer learning, teamwork, leadership skills and human values to develop not only industry-ready engineers, but global leaders. With a steady focus on these essential traits of an engineer, we have achieved a 75th NIRF rank for 2022.

The Faculty of Engineering is comprised of more than 250 faculty members working in six Schools: School of Automobile, Mechanical, and Mechatronics Engineering, School of Civil and Chemical Engineering, School of Computer Science & Engineering, School of Computer & Communication Engineering, School of Information Technology, and School of Electrical, Electronics & Communication Engineering.

The Faculty of Engineering has grown tremendously during this academic year. With world class education, focus on inculcating entrepreneurial spirit and interdisciplinary skills in our students, our faculty is anticipating remarkable growth to continue in the coming years as well.

• School of Automobile, Mechanical & Mechatronics Engineering
• School of Civil and Chemical Engineering • School of Computer Science & Engineering
• School of Computers & Communication Engineering • School of Information Technology
• School of Electrical, Electronics & Communication Engineering

MANIPAL UNIVERSITY JAIPUR

School of Automobile, Mechanical & Mechtronics Engineering

MUJ Faculty of Engineering

Dr Shivaprasad H C
Director

About the School

The School of Automobile, Mechanical, and Mechatronics Engineering is instituted with a well-defined vision, to achieve international repute in Engineering education and conduct advanced research in allied specializations of Automobile, Mechanical and Mechatronics Engg. The school (SAMME) encourages and supports its student to undertake basic and advanced training programs related to course contents and involve them in contemporary research with a blend of futuristic technologies.

The laboratories are well-equipped with state-of-art facilities in the diverse field of automation, nanomaterials, and simulation software. The curriculum encourages the students to improve their design and project development skills. The school also supports and guides its students in critical thinking & creates innovative ideas and promotes start-up incubation. The school is committed to imparting fundamental knowledge, on thermal, drives, mechanisms, and AR/VR technologies, which acts as a future foundation for young budding engineers.

The school offers a variety of program electives, specializations, and open electives to encourage students for multi-disciplinary research. The faculty members are competent to train young minds in the field of advanced technologies for industry readiness.

MUJ Faculty of Engineering

MANIPAL UNIVERSITY JAIPUR

Department of Automobile Engineering

About the Department

The industry-oriented B Tech program in Automobile Engineering offered by Manipal University Jaipur (MUJ) equips students to follow their passion for automobiles and make a mark through innovations in this rapidly transforming and interdisciplinary sector. Career opportunities such as Electric Vehicle Engineer, Design Engineer, Service Engineer, Production Engineer, Quality Manager and many other career options are available for the students pursuing this program.

Unique Points about the Department

- MoU with Bosch, enabling students to get Automotive Aftermarket Certification through their laboratory courses.
- MoU with ESTACA enabling high performing students to pursue their sixth semester in France.
- Offer Lean Six Sigma Green Belt Certificate to students on successful completion of their 8th semester internship project.
- State-of-Art Automobile Workshop where students can design and build vehicles to compete in various SAE and Automotive National/International competitions.
- MoU with ESCORTS to build and develop digital agri-solutions and electric tractors.

Department of Mechanical Engineering

About the Department

With the establishment of Manipal University Jaipur in 2011, a department of mechanical engineering was established, admitting an annual class size of 180 students for the Bachelor of Technology programme. Mechanical engineering is a field that can be studied at the master's and doctoral levels. The department's primary goal is to produce competent engineers who can address societal needs through the provision of solutions that are both technically sound and economically feasible. Teachers and labs in the fields of Industrial, Manufacturing, Thermal, and Fluid Engineering are among the best in the country. The department hosts a plethora of clubs to keep students actively involved in the design and construction of models for various competitions. Students in the major also contribute to their local communities by participating in service initiatives. The division also offers 20 "value added" courses that teach practical, marketable skills that can be applied immediately in the workplace. To top it all off, the division has expanded its offerings by 17 new courses. The department has forged collaborations with 15 prestigious institutions and manufacturing enterprises, making internships and research projects for students possible.

Unique Points about the Department

- Department of Mechanical Engineering accredited by NBA (National Board of Accreditation, established by AICTE) accreditation in 2021
- Excellent infrastructure in terms of manpower, books, teaching aids & sophisticated equipment for producing excellent Engineers.
- From 2011 through 2022, the Department of Mechanical Engineering will have a large number of alumnus in the UG programme. There are over 800 graduates working in well-known companies, consulting firms, research institutions, and start-up ventures.
- Exposure to industries through periodical industrial visits and ambient opportunities to take up industrial attachment or apprenticeship
- Well established laboratories with upgraded tools at par with the technical advancements
- One of the largest departments at Manipal University Jaipur
- Study includes theoretical knowledge as well as practical knowledge

Department of Mechatronics Engineering

About the Department

To fulfil the demands of multi-disciplinary professionals in the industries, the department is offering B. Tech in Mechatronics Engineering and M. Tech in Industrial Automation and Robotics program. The department is equipped with state-of-the-art laboratories for the holistic development of students and to help students work in cutting edge technologies. The highlight of these programs is its focus on imparting project-based learning (PBL), where students are continuously encouraged and involved in minor and major projects related to the courses they study. The exposure of students to experiential learning/PBL helps them to develop technical and personal skills.

The B. Tech. and M. Tech program course curriculum is developed based on an outcome-based education model which includes both theoretical principles and practical skills. The curriculum of the programs in Mechatronics Engineering is designed based on recent technologies and the industrial demand. With diverse applications of the Mechatronics stream in every walk of life, the employability of Mechatronics experts is increasing day by day.

Unique Points about the Department

- Siemens PLC-based industrial setups in PLC lab.
- Janatics and Bosch Rexroth make instruments in Pneumatics & Hydraulic Lab.
- Various measurement units and industrial-grade transducers installed in Sensor & Instrumentation Lab.
- Industrial level equipment's in collaboration with Bosch Rexroth India Ltd and Quanser & National Instruments make instruments in Sensoric lab.
- Advanced Robotics Modelling and PIC microcontroller make instruments in Microcontroller lab.
- Oculus Quest, Oculus Rift, HCT Vive, Microsoft HoloLens in Extended Reality (XR) Lab.
- More than 50% of students apply for MS courses across the top global universities like, The University of Melbourne, University of Maryland, KTH Royal Institute of Technology, Northeastern University, Delft University of Technology, Arizona State University, University of Pittsburgh etc.
- B. Tech Mechatronics Program at MUJ is NBA accredited which enables global credit transfer to any University across the world.

MANIPAL UNIVERSITY JAIPUR

School of Civil and Chemical Engineering

MUJ Faculty of Engineering

Dr Bhavna Tripathi
Director

About the School

The School of Civil & Chemical Engineering (SCCE) was established with inception of the university in the year 2011. With a vision to excel in education, research, and innovation, the faculty members of both the departments of Civil & Chemical Engineering, emphasise on skill development in various domains. SCCE faculty members are actively contributing to research and consultancy projects with a special focus on solving societal problems. The students are provided opportunities to learn latest technologies and work in ongoing research projects.

We believe in practice for perfection and ensure revision of curriculum with inclusion of latest developments and technologies in industry. The academic delivery is combined with technical talks by industry experts, projects, field studies, and industrial visits for building confident professionals. Additionally, we encourage students to attend MOOCs, webinars, and conferences. We focus on sustainable practices; every research project of the school aims at meeting the Sustainable Development Goals and prepare our students to understand and create sustainable solutions for the society.

• Department of Chemical Engineering • Department of Civil Engineering

MUJ Faculty of Engineering

MANIPAL UNIVERSITY JAIPUR

Department of Chemical Engineering

About the Department

Department of Chemical Engineering at MUJ was established in 2014. The department currently offers Graduate and PhD programs in Chemical Engineering. In addition to classroom teaching, the students are exposed to industry culture through industrial training and industry projects. We have world class laboratory infrastructure with pilot-scale facilities to cater to the needs of students and research scholars. Working on pilot scale facilities, students get experience equivalent to that of industrial equipment. A team of highly qualified faculty members nurtures the students while building confidence and competence among them to tackle tough challenges.

Besides teaching, we encourage collaborative research to address industrial and societal problems. The key areas include waste to resource conversion, water treatment, material development and process engineering. We have collaborations with leading academic and industrial partners through MoUs and hold various industry and government agencies (DST, SERB, BEIL etc.) funded projects of worth ₹ 50 million.

MANIPAL UNIVERSITY JAIPUR

Department of Civil Engineering

About the Department

The Department of Civil Engineering at Manipal University Jaipur, under the umbrella of School of Civil and Chemical Engineering (SCCE), was established since the inception of the university in 2011. Being associated with the Institution of Engineers, India (IEI) and Indian Concrete Institute (ICI), the department has been providing quality education to students for making them successful professionals. Including UG, the department is running three PG courses and an appreciable count of doctoral students have been pursuing research in various fields of civil engineering currently. In addition, a new B Tech Civil (Honours) program in Geoinformatics will be launched from the upcoming semester 2021-22. Having equipped with high-level research laboratories, since beginning the department has been serving the humanity with the aim to meet the global challenges through the innovation, development and application of modern technology.

Unique Points about the Department

- Curriculum as per Industry Demands
- Well-qualified and skilled Faculty
- Advanced Research and Labs
- Effective Industry Relationship
- Excellent Placements
- Immense Alumni Connect
- Sponsored Lab: Innovative Construction Materials Lab; established under the project financially sanctioned by Ministry of Mines to find sustainable alternatives for sand used in construction by using mine waste
- Name of High-End Equipment:
- Microprocessor Based Flame Photometer, Autoclave, Incubator with Orbital Shaker, Binocular microscope, Laminar Air-flow Horizontal, Microprocessor based pH meter, High Volume Sampler
- Kjeldahl Analyzer Assembly (Automatic Nitrogen protein digestion and distillation system), Bomb Calorimeter, Double-Beam Spectrophotometer
- Universal Testing Machine (1000 KN Servo controlled hydraulic Mechanism)
- Granulation equipment, Muffle Furnace (maximum temperature more then 2000) 6" x 6" x 12" Size
- Accelerated Carbonation chamber, Half Cell Potentiometer for Corrosion Test Equipment, Rapid Chloride Penetration Test Equipment, Freeze and Thaw Chamber
- Brookfield viscometer, Ring and Ball apparatus

MANIPAL UNIVERSITY JAIPUR

School Electrical, Electronics & Communication Engineering

About the School

The School of Electrical, Electronics & Communication (SEEC) Engineering comprises of branches of Electrical & Electronics Engineering. All labs of the school are equipped with the latest hardware and software tools to support knowledge dissemination in the classroom and provide hands-on practical experience. Important laboratories of the school are Digital Electronics Lab, Signals and Circuit Simulation Lab, Microprocessors/ Microcontrollers Lab, Electronic Circuits Lab, VLSI Lab, Digital Signal Processing Lab, Embedded System Design Lab, Communication Lab I & II, Power Electronics Lab, Microcontroller & System Simulation Lab, Integrated Electronics Lab, Electrical Machines Lab, Control & Automation Laboratory, Power Electronics & Drive Lab, Power System Lab, Semiconductor Fabrication Lab, PCB Design & Project Lab. The school has a team of committed and dedicated faculty members, with diverse specialisations and rich experience in teaching, research and industry. The faculty aims to maximise the impact of the teaching-learning process, through the use of innovative methodologies. The faculty is encouraged to be actively involved in research and also contribute to curriculum development for the benefit of students, department and institution. The departments encourage students to participate in various technical, co-curricular and extracurricular activities within and outside the departments and School.

MANIPAL UNIVERSITY JAIPUR

Department of Electrical & Electronics Engineering

About the Department

The Department of Electrical & Electronics Engineering was established in Manipal University Jaipur in 2011. The department has been offering multiple programs at undergraduate as well as postgraduate level since its time of inception such as: B.Tech. (Electrical & Electronics Engineering), B.Tech. (Electrical & Computer Engineering), and M.Tech. (Power Electronics & Drives). In tune with the recent industrial needs, the department is actively collaborating with other departments and industries to offer cutting edge specializations like electric vehicle technology, renewable energy management, hybrid systems, machine learning, blockchain, robotic and automation.

All the faculty members as well as students are actively engaged in research, which is evident from good quality publications. The department has well equipped Laboratories and provides platform to the students and research scholars to carry out all the practical experimentation. It has best-in-class Technology platforms for Power System Laboratory, Electrical Machine Laboratory, Control & Automation Laboratory, Integrated Electronics Laboratory, Microcontroller & System Simulation Laboratory and Power Electronics & Drives Laboratory. Rigorously trained through a carefully chosen curricula with well-equipped labs, the graduates of the department have shown steady improvement towards achieving professional excellence.

Unique Points about the Department

The department is equipped with following major/special Software and Hardware facilities

- DIgSILENT Power Factory 2020 - Research Version (Unlimited Busbars) – Single User & Education Version (50 Busbars) - 25 Users
- GAMS Base Module with CONOPT, CPLEX and DICOPT solver: Small MUD - 5 User, Academic License
- LabVIEW- Academic Site License
- Protection Feeders equipped with Numerical Relays
- SIEMENS PLC (PLC Simatic S7 1200 with HMI), Sinamics G120 3AC 400V Standard AC Drive
- High Power Four Leg IGBT Inverter Module with Protection
- Advanced FPGA Trainer Kit (XC3S400, Spartan-3)
- PSim Software
- 3-phase Power Analyser

MANIPAL UNIVERSITY JAIPUR

Department of Electronics & Communication Engineering

About the Department

The growth of digital communication and mobile telephony, broadband, wireless internet, satellite TV has led to the growth of career opportunities in the field of communication engineering.

This program covers the core concepts of Electronics and Communication Engineering (ECE), students study Antenna Theory, Information Theory, Analog Communication, Optical Communication, Digital and Power Electronics, Circuits and Circuit Systems, Electromagnetic theory, VLSI, Control Systems and Computer Architecture among others. The Department of ECE trains students for the telecommunication industry, with equal emphasis on research and practice. This program also allows lateral entry.

VISION:

- Global leadership and excellence in academics and research in electronics and communication engineering

MISSION:

- To deliver a competitive academic curriculum for intellectual growth and multi-disciplinary skill acquisition
- Promoting quality education, scientific awareness for future endeavours in higher education and career in electronics and communication industry
- To cater to the need of promoting leadership and professionalism with human values

MANIPAL UNIVERSITY JAIPUR

School of Computers and Communication Engineering

About the School

School of Computers and Communication Engineering (SCCE) offers B.Tech programs in Computer and Communication Engineering (B.Tech-CCE), and B.Tech in Computer Science Engineering with specialization in IOT and Intelligent Systems (B Tech- CSE (IOT & IS). More than 80% faculty members of the school are PhD holders. The faculty is not only inclined towards teaching and research, but equally active in conducting international conferences, seminars, Hackathons, coding competitions, and workshops. They are also competent in establishing National and International Collaborations through MoUs, projects, and consultancy.

The research at the school is supported by a dedicated research lab with high end GPU Machines, IoT devices, and Open Source Wireless Platforms like WARP.

The teaching at the School is facilitated with a dedicated number of core subject labs aided by industry standard commercial hardware and software platforms like Nvidia, Param Shavak Super Computer, Oracle, EMC2, Microsoft Office 365 cloud, .Net, Azure etc. There are special project labs for IoT and data analytics.

The School is focused on providing a realistic approach of learning to develop a dynamic student team that is efficient in meeting the ever-changing technological and social challenges. The school also promote and nurture the spirit of innovation and entrepreneurship among students to enable them, not only to be industry ready, but also to be job creators. SCCE offers collaborative programs for students and faculty, with many IT giants Dell, Microsoft, EMC2, Oracle, Nvidia, Intel, TI, ARM, EC Council, etc.

The School also provides ample opportunity and encouragement to its students to participate in various sports, club activities, hackathons, and other extra and co-curricular activities, to develop a well-balanced personality.

MANIPAL UNIVERSITY JAIPUR

Department of Computer & Communication Engineering

Department of IoT & IS

About the Department

Department of Computer & Communication Engineering (CCE) at Manipal University Jaipur marked its commencement in 2015. The goal of the department is to integrate computer and communication, which includes concepts and practices of software and hardware of computers, information networks, wireless communication systems etc. The Department of CCE offers one of the most comprehensive instructional programs enhanced with research in its emerging fields. Research at the department addresses issues across the spectrum of Computer as well as Communication engineering systems. Some of the key areas include Machine Learning, Internet of Things (IoT), Web Technologies, Advance Computer Networking, Network and Information Security, Wireless Communication, Network on Chip (NoC), Software Testing, Computer Architecture and Embedded Systems.

Unique Points about the Department

- Excellent labs and state-of-art infrastructure
- Experienced and learned Faculty Members
- Advanced and comprehensive course curriculum
- Impart learning through practical lab sessions and projects
- Flexibility and diversity in electives
- Realistic approach towards market demands and industrial needs
- Focus on innovation and research

Workshop on Machine Learning & Cloud Computing by TCS

Sports trophy won MUJ CCE Team of Amit Dubey III Yr in LNMIT Jaipur

Date: 25th – 27th January 2019
Sports: Lawn Tennis and Cricket
Winner in the Lawn Tennis (Open Doubles/Single) held at LNMIT Jaipur during Sports Fest

Expert lecture on "Computational Intelligence in Real Life" by
Mr. Sandip Datta, IBM India Private Limited, Country Leader (IBM Watson, IOT Platform & Solutions)

Expert lecture on "RESTful Services" by Mr. Yash Bhutoria, Celebal Technology, Jaipur

Got III Position in Green-a-thon Hackathon, Digi-Fest at
Bikaner, Government of Rajasthan

Date: 25th-27th July 2018
Topic: Green-a-thon organised by Government of Rajasthan as part of Digi-Fest at Bikaner
Winning Team: B.Tech CCE III year students Avnesh Nolkha, Sarthak Agarwa, Virat Kumar
Prize Money: Project Funding of Rs 7.5 lac

Implementation of "Automatic Classification Method for Waste Segregation: An AI based approach to Solid Waste Segregation and Classification" Machine learning based system that has the capability to segregate Municipality Solid Waste in various categories such as (Wood/Metal/Bio Degradable/ Plastic etc.

MUJ, CCE Students team won I prize of Rs. 75,000 in TEQIP III
sponsored RTU Shankara Hackathon - 2020

Department of CCE, Student Team of VI Semester Gautam Saini, Neelabh Krishna, Balkrishan Sharma and Abhikrishan Mishra won I prize of Rs. 75,000. Rajasthan Technical University, Kota & Shankara Group of Institutions, Jaipur organises TEQIP-III Sponsored HACKATHON on 28th - 29th Feb, 2020.

MUJ CCE Students teams Luxetics-Rishabh Chakrabarty at **MIT HACKING MEDICINE HealthHack 2020** developed a Near Infrared Spectrum based product to deal with COVID-19 solving challenges in urban health under the COVID-19 crisis, won **$25000 and invited at MIT Hong Kong Node**

MUJ Student team won I Prize of Rs. 1,00,000 in
National Hackathon 2019, Government of Rajasthan

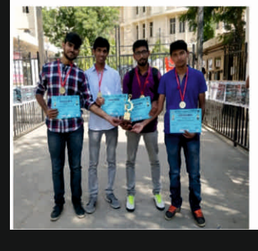

Government of Rajasthan, Department of Higher and Technical Education and Elets DL, Jaipur organises the NATIONAL HACKATHON on December 16-17, 2019 in Manipal University Jaipur. National wide 250 Teams participated from Jaipur, Himachal, Banasthali, Madhya Pradesh, etc.
In final round, among 15 teams, Department of Computer and Communication Engineering Student Team of Neelabh Krishna, Vaibhav Singh, Shlok Agarwal, Sarthak Agarwal, and Aniket Mukharjee won I prize of Rs. 1,00,000 for the idea of Helthcare.

CELEBAL TECHNOLOGIES

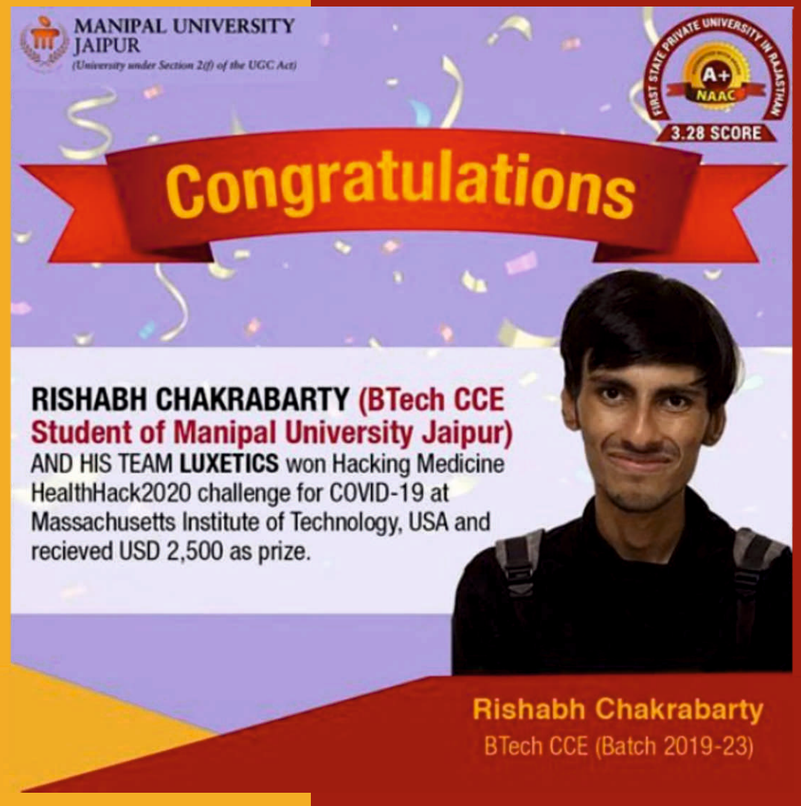

Date: 26 March 2019
Topic: Data Bricks
Venue: Manipal University
Resource Person:
1. Mr. Anupam Gupta – Principal, Chief Architect at Celebal Technologies
2. Manan Tholia – Market Analyst at Celebal Technologies
3. Maulik Agarwal – Associate Data Engineer at Celebal Technologies

MUJ CCE Students Team won I Prize in Hackathon organized by
Global Institute of Technology in association with Forsk Technology

Date: 16th October 2018
Topic: Hackathon on Machine Learning, Web Development and Mobile App Development
Winning Team: B.Tech CCE students Virat Kumar, Sushant Mehta, Sarthak Agarwal, Vaibhav Singh

Student team of CCE Department (Virat Kumar, Sushant Mehta, Sarthak Agarwal, Vaibhav Singh) has won 1st Prize(Prize Money 15,000/-) in Hackathon organized by Global Institute of Technology in association with Forsk Technology on 16th October 2018. Hackathon problems were based on Machine Learning, Web and Mobile App Development

MANIPAL UNIVERSITY JAIPUR

School Computer Science & Engineering

About the School

The School of Computer Science and Engineering at Manipal University Jaipur is a Pioneer in the field of Computer Science & Engineering Education and aims to achieve excellence in CSE Education for Global Competency with Human Values. The school offers 4 Years degree programs as B.Tech. (Computer Science and Engineering) & BTech (Hons) Computer Science & Engineering with Specialization in Artificial Intelligence & Machine Learning and 2 Years PG Program as MTech (Information Security). The course curriculum is aligned according to the standard provided by the All India Council for Technical Education (AICTE) as the Model Curriculum of Computer Science & Engineering Education. The programs follow a flexible curriculum that covers the theoretical underpinnings of computer science as well as a range of essential and practical topics in computer systems. The Undergraduate Program B-Tech (Computer Science & Engineering) is accredited by the National Board of Accreditation (NBA) under Tier-1 from 2021 to 2024.

Currently, 1900+ students are enrolled in the various programs offered by the school. The school comprises 61 faculty members, out of which 60% are PhD holders, highly experienced and have quality publications in renowned and top-quality conferences and journals. The faculty specialization includes the domain of Soft Computing, Big Data, Software Engineering, Information Security, Internet of Things, Machine Learning, Software Testing, Cloud Computing, Computer Vision, Web Development, High-Performance Computing, Social Network Analysis, Automata, NLP, Blockchain Technologies, Deep learning, Security Linux, and Cloud Security.

SCSE has signed MOUs with several Industry Partners & Academia to bridge the Industry Academia gap which primarily includes EC Council, VM Ware IT Academy, Microsoft Imagine Academy, Dell Technologies, CISCO Network Academy, Secure Meters, IBM Academy, and leading Universities across the world. There exists several computing lab facilities such as Central Computing, Data Structures & Algorithms, Database (Oracle), Software Engineering, Networking, Systems Software, Computing Research, Big Data, Advanced Computing, Cyber Security (EC Council), and Deep Learning Labs.

The school is focused on preparing students to meet the ever-increasing technological and social challenges with traditional self-discipline, hard work, all-around personality development and a creative approach to problem-solving. The school also provides ample opportunity and encouragement to its students to participate in various sports and other extra and co-curricular activities, to help them develop a well-balanced personality. To aid in the development of a well-round development, the school also give students plenty of opportunities and encouragement to participate in a variety of sports and other extracurricular and co-curricular activities.

MUJ Faculty of Engineering

MANIPAL UNIVERSITY JAIPUR

Department of Computer Science and Engineering
Department of AI & ML

About the Department

The Department of Computer Science and Engineering was established in the year 2011 with an initial intake of 60. It offers UG level Programs such as B.Tech. (Computer Science and Engineering) & BTech (Hons) Computer Science & Engineering with Specialization in Artificial Intelligence & Machine Learning, and PG Program as MTech. (Information Security).

The department consists of highly skilled and experienced faculty members. The faculty specialization includes around Algorithms, Software Engineering, Databases, Computer Networks, Wireless Sensor Networks, Data Mining, Machine Learning, Natural Language Processing, Information and Cyber Security, Image Processing, Pattern Recognition, the Internet of Things, Cloud Computing, etc. The faculty keeps a good publication track with the recent research work.

The department is well equipped with state-of-the-art laboratories in all major domains of Computer Science and Machine Learning with excellent hardware and software support. Technical clubs, such as the Green Club, Robotics Club, IEEE Students' chapter, IE(I) and ICEIT chapters, etc.

The department has an excellent placement record with top national and multinational companies. The department also offers technology transfer and knowledge enhancement platforms to students, inspiring them to incubate their ideas and participate in various competitions at national and international levels.

The department's ambition is to develop adaptable students who can work across disciplinary boundaries and are prepared for employment in industry, the public sector, higher education, research & development, and entrepreneurship from the outset.

Unique Points about the Department

- Accredited by National Board of Accreditation
- State-of-the-art laboratories equipped with high end computing equipment
- Skilled & Experience Faculty Members
- Research Clusters offering research and project platforms
- Professional Clubs with vibrant activities throughout the year
- Student Excellence Award under the category of Academics, Research & Development and Entrepreneurship, Start-up Incubation, Community Outreach, & Team Management
- Project based learning
- Curriculum revision as per Industry Requirement
- Offering Oracle Academy Courses
- Offers 17 MOOC Courses under the course category of open electives
- Industry Expert Lectures
- Start-up & Incubation Technical Support
- Quality Research Publication in indexed Journal & Conferences
- Two Annual International Conference Series as "Innovations in Computational Intelligence and Computer Vision" and "Intelligent Communication and Communication Techniques"
- Biannual International Conference Series on "Cyber Warfare, Security & Space Research"

MANIPAL UNIVERSITY JAIPUR

School of Information Technology (SIT)

About the School

The School of Information Technology (SIT) at Manipal University Jaipur (MUJ) offer UG programs in Information Technology (IT), Data Science Engineering (DSE) and PG programs in Data Science Engineering (DSE). The teaching and research work at the school is amply supported by several core subject labs aided by industry standard commercial hardware and software platforms like Nvidia, Param Shavak Supercomputer, Oracle, EMC, Microsoft Office-365 cloud, .Net, Azure etc. SCIT has collaborative programs for students and faculty, with many IT giants Dell, Microsoft, EMC, Oracle, Nvidia, Intel, TI, ARM, EC Council, etc. The school also provides ample opportunity and encouragement to its students to participate in various sports and other extra and cocurricular activities, to help them develop a well-balanced personality. With traditional self-discipline, hard effort, all-round personality development, and a creative approach to problem solving, the School of Information Technology is focused on equipping students to address the ever-increasing technological and societal problems. As a graduate of the school, the student will be immersed in an environment that encourages inquiry, research skills, discovery, and evaluation, all of which contribute to your life-long learning. Several key topic laboratories, helped by industry standard commercial hardware and software platforms like as Nvidia, Param Shavak Supercomputer, Oracle, EMC2, Microsoft Office365 cloud, .Net, Azure, Altair, and others, support the school's teaching and research efforts. The school also promote and nurture the spirit of innovation and enterprise in our students through international student exchange for a semester with the partnered university and the industry partners to teach credit-based electives. The learning experience here not just how to do but also why, and more importantly, how to be, in the ever-changing technology driven world.

MUJ Faculty of Engineering

MANIPAL UNIVERSITY JAIPUR

Department of Information Technology
Department of Data Science & Engineering

About the Department

The Department of Information Technology was established at Manipal University Jaipur in 2012. It caters to the requirements of the students belongs to the branch of Information Technology discipline of the University. The department aims to become a centre of excellence in providing in-depth technical knowledge and opportunities for innovation and research with state-of-the-art computer facilities and to produce versatile students making them ready to be employed and capable of cross disciplinary collaboration in industry/government sector/higher education/research and development/entrepreneurship. The Department strives for stronger partnerships with industry pertaining to Networking / Big Data Analytics/Semiconductors etc., research communities like IEEE/CSI/ACM/NVIDIA/Altaire and other educational institutions.

The Department offers 37 courses focusing on Employability / Entrepreneurship Skill Development. It also offers value added courses imparting transferable and life skills, besides the department has introduced one new course also. The Department partner with more than 100 institutions/ industry for projects and other industry linkages.

Dr Jayaram E R
Dean, Faculty of Law

Dean's Message

Faculty of Law, Manipal University Jaipur, introduce its students to a challenging yet intellectually stimulating teaching-learning environment. With the advent of a transnational legal regime, our curriculum and programs are redesigned to cater to the needs of the industry globally. Carefully planned, industry-focused, skill-based programs in a technology-driven learning ecosystem are the uniqueness of the School of Law at MUJ. The Faculty of Law provides PhD, post-graduate programs, two integrated five-year law programs and a unitary law program at MUJ.

Graduate attributes of the students at the school of law meet the global standards for legal professionals. Our programs and the curriculum are designed as a learner-centric choice-based credit system. Our courses are integrated with outcome-based learning with continuous assessment methods to transcend the professional competencies of our students to meet industry requirements.

MANIPAL UNIVERSITY JAIPUR

School of Law

About the School

School of Law, started in the year 2014 and is growing by leaps and bounds since inception. We have a combined strength of more than 900 students and all programs are approved by BCI. The Manipal University Jaipur forayed into the field of legal education by introducing Integrated BALLB (Hons), BBALLB(Hons), Bachelor of Law (LLB), Master of Law (LLM), and PhD programs. As an institution of excellence, School of Law is dedicated to fostering and inculcating the intellectual and ethical values in the students.

The School of Law is committed to the professional legal values as an instrument of social change. The teaching methods adopted for the programs offered involve lectures, discussions, case studies, Moot Courts and project work that facilitate students to promote multi-disciplinary inquiry and practical appreciation of problems.

MUJ Faculty of Management & Commerce

MANIPAL UNIVERSITY JAIPUR

Department of Business Administration

About the Department

Department of Business Administration is offering 3-year BBA program which imparts fundamental knowledge of business and management principles to the students. The program allows students to specialize in any one of the multiple specialisation areas which includes Human Resource Management, Banking & Insurance, Accounting & Finance, Marketing, Retailing-Supply Chain & Logistics and Professional Studies. This program also involves practical management training that prepares students to successfully work in corporates both in India and Abroad. Activities like industrial visits, in-depth studies of Indian business houses, quizzes, and summer trainings are part of the BBA Program. Besides this, various other co-curricular activities are also organized for the complete transformation of the students' personality. Through this program students are able to develop critical thinking and problem-solving skills in the key area of employability and entrepreneurship.

Department of Commerce

About the Department

In 2012, the Department of Commerce was established at Manipal University Jaipur. The establishment is backed by the notion of providing a platform to ignite ideas and creativity concerning with business, trade, and commerce for graduates and postgraduates. The department collaborates with academicians, industry experts, administrators, mythologists, entrepreneurs, economists, and trainers to result in an enriching experience for the students. In its sustained endeavour to collaborate with frontline institutions, MUJ has signed an MOU with ACCA, U.K. & ISDC.

Unique points about the department

- Hospitality & Tourism @ MUJ has the legacy of Manipal group and the locational advantage of Jaipur, which makes it a unique destination for hospitality & tourism education in India.
- The department offers quality education and dedicated faculty with international experience who effectively groom the students for positions of responsibility in the hospitality, tourism and other service sectors.
- Industry experts are invited regularly to share latest trends in the hospitality & tourism industry with the students.
- Modern infrastructure in the form of laboratories, equipment, hospitality software and classrooms are designed to facilitate hands on learning & operational experience.
- The flexible nature of the programs allows a student to choose courses related to his/her area of interest from a bouquet of open electives offered by other departments of MUJ.
- Field trips, industry visit, organizing events, participating in culinary competitions, industry related projects and many more activities form part of the curriculum to enhance the learning skills of students.
- Apart from a dedicated semester for gaining practical knowledge through Internships, students are sent for short term industrial exposure during each semester.
- Consistent track record of training & placement in India and abroad.
- A research-oriented school with several world records to its credit.

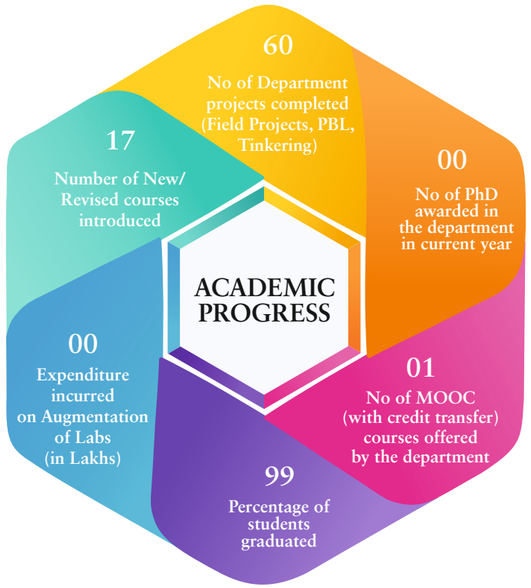

The department has the following well equipped labs to enhance the students' practical skills:

- Food Production Lab
- Bakery & Confectionery Lab
- Training Restaurant cum Bar
- Housekeeping Lab
- Front Office Lab
- Model Guest Rooms
- Centralized Library & Computer Training Lab

Dr Lalita Ledwani
Dean, Faculty of Science

Dean's Message

Science is a major force in the modern world that influences social, economic, and technological development. Science education can enable students to learn the concepts to foster critical thinking, interpersonal skills and problem-solving approaches. The "3Es" philosophy, which stands for energy, enthusiasm, and elegance, is ingrained in the teaching-learning process of the Faculty of Science at Manipal University Jaipur to empower students to master scientific topics. The focus is on fostering students' experiential learning of diverse ideas in formal and natural science. Students may be inspired to pursue careers as qualified professionals who can help mankind at the local, national, and international levels by following their quest for the never-ending academic journey.

The Faculty of Science (FoS) plans to cultivate creativity and innovation for an intellectually satisfying learning environment as well as to establish Manipal University Jaipur (MUJ) as a globally preferred destination for students, faculty, researchers and other stakeholders. The School of Basic Science under the faculty of science offers undergraduate, postgraduate, and research/PhD programs through five departments (Physics, Chemistry, Mathematics & Statistics, Biosciences and Computer Applications). It also supports the teaching of science courses in other Schools of the University to promote interdisciplinary studies.

- School of Basic Sciences

About the School

The School of Basic Sciences was established to teach courses in the basic sciences at the graduate, postgraduate and research levels. It is well equipped to carry out both teaching and research through its various departments, namely Chemistry, Physics, Mathematics, Biosciences & Computer Applications.

The School also offers MSc, MCA and PhD programs in the respective disciplines with syllabi for various core courses, which have been designed as a blend of core science and interdisciplinary topics.

The school equips students in the basic sciences and applied sciences.

• Department of Biosciences • Department of Chemistry
• Department of Computer Applications • Department of Mathematics & Statistics
• Department of Physics

Department of Biosciences

About the Department

Department of Biosciences was established in the year 2012 with an integrated approach towards higher education, research and development in diverse areas of Life Sciences. The department offers programs at Under-Graduate (BSc) and Post-Graduate (MSc) level in Biotechnology. The BSc (Hons) Biotechnology & BSc (Hons) Microbiology programs are specifically designed to learn about the fundamentals properties of living organisms and their impacts on the quality of life. The department follows the Choice Based Credit System (CBCS) approved by the UGC and offers various Discipline Specific Courses, Skill Enhancement courses and Programme Elective Courses in all the programs. The PG course (MSc Biotechnology) is specifically designed to groom the students for advanced research and development. The department also offers PhD programme in different field of biological sciences such as such as Experimental Morphogenesis, Bioprocess Engineering and Downstream Processing, Nanotechnology, Bioinformatics, Structural Biology, Microbial Fuel cell Technology, Cancer Biology, Metabolomics, Molecular Biology and Animal Cell Culture etc.

The department aims to meet the targeted demands to cater the requirements of biotechnology/biopharmaceutical/agriculture/ microbiology-based industries apart from fundamental research. The Department train students as per the current requirements of industry and academia. Students are provided an opportunity to carry on research projects which may help them to grasp independent projects in future.

To enhance the research outputs, the department has done MoUs with different universities, industries and research institutes. The department has received external findings in the form of research grants from various agencies such as, DST Rajasthan, DST-SERB New Delhi, ICMR, New Delhi, DBT, New Delhi, ROCL, Rajasthan, DST-Imprint and NMPB, New Delhi. Department of Bio Sciences offers 58 Courses having focus on Employability/Entrepreneurship/ Skill Development and introduced 2 Value-added courses.

MANIPAL UNIVERSITY JAIPUR

Department of Computer Applications

About the Department

The Department of Computer Applications offers two courses: Bachelor of Computer Applications (BCA) & Master of Computer Applications (MCA). Duration of these courses are 3 years & 2 years respectively. These courses are popular among students who wish to make their career in the IT Industry. The Department of Computer Applications prepares students to design, develop and implement software applications. It makes the students ready to work with IT Industry job roles. Department of Computer Applications focuses on the emerging programming techniques, cutting edge technologies and tools.

The department aims to become a center of excellence by providing in-depth technical knowledge and opportunities for innovation and research with state-of-the-art computer facilities.

The student exchange programmes of the department enables the students to study in premiere institutes in India and abroad. It also produces versatile students to be employed and capable of cross-disciplinary collaboration in industry/government sector, higher education and research. The students are encouraged to become first-generation entrepreneurs via Atal Incubation Centre and other incubations opportunities.

Department of Chemistry

About the Department

Chemistry or “Rasayan” as in Sanskrit would mean Way of Chemicals but Chemistry is much more than only way of chemicals. Chemistry involves the study and understanding of the changes occurring in Nature through reactions and interactions between atoms and molecules. Designing new drugs, novel materials and control on their properties requires knowledge in chemistry.
At Department of Chemistry, we explore and try to understand various aspect of atoms, molecules, and materials, working side by side with graduate and undergraduate students through an active research program along with quality education.

The faculty members in the department work to develop novel nanomaterials, catalysts, drugs, solar sensitize dyes, and organic synthesis through advance experiments and computational molecular modelling with an aim to train exceptionally good chemists and material scientist and to work for the betterment of the society.

MUJ Faculty of Science

MANIPAL UNIVERSITY JAIPUR

Department of Mathematics & Statistics

About the Department

Department established since the inception of the University. The mandate of the department is to conduct the courses for the students of Science, Engineering, Arts, Management & Commerce. There are twenty-four full-time regular faculty members who are deeply engrossed in teaching-learning, research, and mentorship. The department strives for a balance between teaching, research, and student development. Currently, 67 scholars are enrolled in the Ph.D. program. The students are exposed to comprehensive theoretical & practical knowledge through its academic curriculum and teaching-learning pedagogy.

The Department enables students to excel in the areas of pure as well as applied Mathematics and Statistics. In addition, the department frequently conducts expert lectures, guest lectures for the benefit of students and faculty members as well. The students showcase their talent by developing several working models/posters and presenting them in various prestigious national and international events.

Unique points about the department

- Research in pure & applied Mathematics and Statistics is one of the key contributions of the Department in support of the growth of University.
- The strong interdisciplinary streak in the department. Many faculties have collaboration with other universities across the country and internationally
- Active participation in various mathematical organizations by faculty members keeps the department apprised of current trends and practices in the discipline and maintains a line of communication with our colleagues across the globe
- ICT Enabled Classroom, Computer Lab equipped with Mathematica software.

Academics

	Programs	
Department of Mathematics & Statistics	UG	BSc(Hons)- Mathematics
	PG	MSc - Mathematics

Conferences Organized

Name of Conference	Number of Participants	Start date (DD - MM-YYYY)
International Conference on Advances in Applied and Computational Mathematics, (ICAACM – 2021)	125	16-09-2021

MUJ Faculty of Science

MANIPAL UNIVERSITY JAIPUR

Department of Physics

About the Department

The Department of Physics offers B.Sc., M.Sc. and Ph.D. programs with syllabi designed as a combination of core sciences & interdisciplinary sciences by adopting Choice Based Credit System (CBCS). The adept faculty members of the Physics Department are having teaching as well as research experiences and are associated with a lot of research activities, often in collaboration with eminent scientists from different parts of the globe. The thrust areas of the Department are Plasma, Nuclear, and Material Science, including Bio nanomaterials and Nanotechnology. The department has state-of-the-art laboratory facility to support synthesis and characterization of advanced Nanomaterials. The department has faculty strength of 13 members, 2 technical assistant and 1 lab technician for the laboratories.

The Department strives to empower its students and faculty members to contribute to the development of society and nation. Our mission is to inspire & transfer lives of our students by providing them innovative learning experience that prepares them to thrive in dynamic & competitive world.

Unique points about the department

- Well trained faculty members.
- Attractive scholarship for meritorious students.
- Incentives for high quality research publications.
- State-of-art laboratories for experimental and theoretical research.
- The material synthesis and processing equipment includes
  - o Dip coater
  - o Spin coater
  - o Microwave synthesizer
  - o Ball mill
  - o Annealing furnace
  - o Ultra-high-speed centrifuge
- Department have acquired a glancing angle deposition (GLAD) system for the thermal deposition of 1-D nanomaterials.

स्कूल ऑफ हास्पिटैलिटी एंड टूरिज्म मैनेजमेंट और एपीक्यूरियन क्लब की ओर से फंड रेजिंग कार्यक्रम फिलेबिया का आयोजन

बिज़नेस रेमेडीज/जयपुर

नेक नीयत से किए गए कार्य सदैव सकारात्मक परिणाम देते हैं। यह बात मणिपाल यूनिवर्सिटी जयपुर के प्रेसिडेंट प्रो. जीके प्रभु ने कही। वे स्कूल ऑफ हास्पिटैलिटी एंड टूरिज्म मैनेजमेंट की ओर से हुए फिलेबिया कार्यक्रम में शिरकत कर रहे थे। विभाग के विद्यार्थियों ने एपीक्यूरियन क्लब के साथ मिलकर ह्यूमन राइट डे के अवसर पर कार्यक्रम का आयोजन किया।

इस दौरान प्रोफेसर प्रभु ने कहा कि दान करने से पहले यह जरूर देख लें कि दान लेने वाले को किन वस्तुओं की जरूरत है। लोगों की जरूरत के अनुसार दान देंगे तो दान ज्यादा कारगर होगा। डायरेक्टरेट आफ स्टूडेंट वेलफेयर के डायरेक्टर प्रो. अनिल दत्त व्यास ने कहा कि शिक्षा हमें समाज की सेवा करना सिखाती है। उन्होंने विद्यार्थियों को नेक काम के लिए 30 हजार रुपये इकट्ठा किए हैं। चित्रांश पालीवाल, दीक्षा, राहुल और जय जैन आदि विद्यार्थियों ने करीब 30 हजार रुपये इकट्ठा किए हैं। इस दौरान विभाग के शिक्षक डॉ. मुकेश शेखर, डॉ. वेला, डॉ. गौरव भट्टाचार्य, छात्र कल्याण निदेशालय से हेमंत कुमार और डॉ. अमित शर्मा मौजूद रहे।

स्कूल ऑफ हास्पिटैलिटी एंड टूरिज्म मैनेजमेंट और एपीक्यूरियन क्लब की ओर से फंड रेजिंग कार्यक्रम फिलेबिया का आयोजन

■ जलतेदीप कक्कड़, जयपुर

नेक नीयत से किए गए कार्य सदैव सकारात्मक परिणाम देते हैं। यह बात मणिपाल यूनिवर्सिटी जयपुर के प्रेसिडेंट प्रो. जीके प्रभु ने कही। वे शुक्रवार को स्कूल ऑफ हास्पिटैलिटी एंड टूरिज्म मैनेजमेंट की ओर से हुए फिलेबिया कार्यक्रम में शिरकत कर रहे थे। विभाग के विद्यार्थियों ने एपीक्यूरियन क्लब के साथ मिलकर ह्यूमन राइट डे के अवसर पर कार्यक्रम का आयोजन किया। इस दौरान प्रोफेसर प्रभु ने कहा कि दान करने से पहले यह जरूर देख लें कि दान लेने वाले को किन वस्तुओं की जरूरत है। लोगों की जरूरत के अनुसार दान देंगे तो दान ज्यादा कारगर होगा। डायरेक्टरेट आफ स्टूडेंट वेलफेयर के डायरेक्टर प्रो. अनिल दत्त व्यास ने कहा कि शिक्षा हमें समाज की सेवा करना सिखाती है। उन्होंने विद्यार्थियों को उनके नेक काम के लिए बधाई दी। विभागाध्यक्ष डॉ. अमित दत्ता ने बताया कि विद्यार्थियों ने फंड रेजिंग के उद्देश्य से यह कार्यक्रम किया। यूनिवर्सिटी के शिक्षकों और विद्यार्थियों को फूड प्रोडेक्ट बनाकर बेचने से जमा हुए पैसों को विद्यार्थी एनजीओ 'आश्रय केयर' को दान करेंगे। एपीक्यूरियन क्लब के कोआर्डिनेटर डॉ. अरविंद कुमार राय ने बताया कि निर्माण नगर स्थित 'आश्रय केयर' में एचआईवी पीड़ित लड़कियों को आश्रय मिल रहा है। एनजीओ की जरूरत की वस्तुओं को खरीदकर उन्हें दे रहे हैं। चित्रांश पालीवाल, दीक्षा, राहुल और जय जैन आदि विद्यार्थियों ने करीब 30 हजार रुपये इकट्ठा किए हैं। इस दौरान विभाग के शिक्षक डॉ. मुकेश शेखर, डॉ. वेला, डॉ. गौरव भट्टाचार्य, छात्र कल्याण निदेशालय से हेमंत कुमार और डॉ. अमित शर्मा मौजूद रहे।

एमयूजे में दो दिवसीय 'डीआरसी-2021' का हुआ आयोजन

जयपुर, समाचार जगत न्यूज। मणिपाल विश्वविद्यालय जयपुर (एमयूजे) के स्कूल ऑफ बिजनेस एंड कॉमर्स के सहयोग से फैकल्टी ऑफ मैनेजमेंट एंड कॉमर्स ने हाल ही में दो दिवसीय डॉक्टरेट रिसर्च कॉलोक्वियम (डीआरसी 2021) का आयोजन किया।

कार्यक्रम की शुरुआत कमोडोर (डॉ.) जवहार मल जांगीर, प्रोवोस्ट और निदेशक, स्कूल ऑफ बिजनेस एंड कॉमर्स, मणिपाल यूनिवर्सिटी जयपुर के स्वागत भाषण से हुई। उद्घाटन भाषण मणिपाल विश्वविद्यालय जयपुर के अध्यक्ष डॉ. जी के प्रभु ने दिया। इसके बाद कॉलोक्वियम की संयोजक डॉ. तनुश्री शर्मा द्वारा रिसर्च व्यक्तियों का परिचय दिया गया। प्रो. (डॉ.) सुधेंद्र हनुमंत राव (डीन, फैकल्टी ऑफ मैनेजमेंट एंड कॉमर्स) ने रिसर्च कॉलोक्वियम के महत्व पर अपने विचार व्यक्त किए और विभिन्न क्षेत्रों में शोधकर्ताओं को प्रोत्साहित किया। कॉलोक्वियम में चार ट्रैक थे जिसमें वित्त, विपणन, मानव संसाधन, अर्थशास्त्र सहित अन्य 2 दिन में विभाजित किए गए थे। कार्यक्रम ऑनलाइन मोड में आयोजित किया गया था और दो दिनों के आयोजन के दौरान 50 से अधिक शोध प्रस्ताव प्रस्तुत किए गए थे।

पैंटर नोएडा और डॉ अरुण देवगुप्त, एचएएस, बीएचयू, वाराणसी; डॉ विजोहेद मोहती, एचओडी बीबीए, मणिपाल विश्वविद्यालय जयपुर और डॉ सर्वानु दीप, डीन, आईएमएस-नूनिहाल विश्वविद्यालय जैसे प्रख्यात विशेषज्ञों से हुनुर मिले।

कार्यक्रम के दूसरे दिन टीएपीएमआई स्कूल ऑफ बिजनेस के एचओडी डॉ संकरसन सरकार ने अपने विचार रखे। समापन भाषण और विजेताओं की घोषणा डीन, एफओएम एंड सीए, प्रो. सुधेंद्र हनुमंत राव द्वारा की गई। प्रथम पुरस्कार की विजेता बीएचयू, वाराणसी से वंदना और द्वितीय पुरस्कार की विजेता मणिपाल विश्वविद्यालय जयपुर के एडमिनिस्ट्रेशन डिपार्टमेंट से अर्पिता अग्रवाल थीं। कॉलोक्वियम की संयोजक डॉ. सी अनिर्विन्ना द्वारा धन्यवाद ज्ञापन के साथ कार्यक्रम संपन्न किया गया।

First India CityFirst

JAIPUR, WEDNESDAY JANUARY 5, 2022

Gauging Ground Reality

CITY FIRST

The Rajasthan Minister of State for Higher Education, Rajendra Singh Yadav on Tuesday said that it is the dire need in the country for the economists to understand the ground reality of our villages and the deprived sections of the society. He said it is all very well to organise conferences and seminars in which data and numbers are discussed about the economic growth of the country However, it has been observed that sometimes the data can vary from the ground reality. The economists need to focus on reducing poverty and bridging the gap between the haves and the have-nots. The Minister was speaking at the inaugural session of the annual Conference of the Indian Economic Association (IEA) as the Chief Guest.

The vote of thanks on the occasion was delivered by Vice President, IEA HOD of Economics, VKSU Ara... Kanpur, Dr Devendra Awasthi. The Conference Special Issue of Indian Economic Journal & IEA Membership Profile - 2022 was also released on the occasion by the dignitaries on the dais.

मणिपाल यूनिवर्सिटी में इंडियन इकोनॉमिक एसोसिएशन की वार्षिक कॉन्फ्रेंस शुरू

'महामारी से निपटने के लिए यूएन ने बहुत कम काम किया'

पत्रिका plus रिपोर्टर

जयपुर. राजस्थान के उच्च शिक्षा राज्य मंत्री राजेंद्र सिंह यादव ने कहा कि देश में अर्थशास्त्रियों को हमारे गांवों और समाज के वंचित वर्गों की जमीनी हकीकत को समझने की सख्त जरूरत है। यादव मंगलवार को मणिपाल यूनिवर्सिटी जयपुर में इंडियन इकोनॉमिक एसोसिएशन (आईई) की वार्षिक कॉन्फ्रेंस में बतौर मुख्य अतिथि के रूप में बोल रहे थे। कार्यक्रम में 15वें वित्त आयोग के चेयरमैन एनके सिंह ने विश्व की पुरानी व्यवस्था को नई-विश्व व्यवस्था में बदलने की बात कही।

सामाजिक समावेशी विकास की जरूरत

यूजीसी और आइसी एसएसआर के पूर्व चेयरमैन प्रो. सुखदेव थोराट ने कहा कि सामाजिक समावेशी विकास (सोशल इन्क्लूजिव ग्रोथ) आज के समय की जरूरत है। अर्थशास्त्रियों को एक ऐसी रणनीति पर काम करने की जरूरत है, जिससे सामाजिक आर्थिक विकास से वह सुनिश्चित किया जा सके कि आर्थिक विकास से गरीब लाभान्वित हों। 1950 और 60 के दशक में प्रति व्यक्ति आय वृद्धि आर्थिक विकास का मापदंड था। अब केवल आर्थिक विकास से वंचितों को लाभ नहीं होगा, बल्कि अब सामाजिक समावेशी विकास पर ध्यान केंद्रित करने की आवश्यकता है।

केआइआईटी के फाउंडर एंड चेयरमैन, प्रो. अच्युत सामंत ने कहा कि सरकार को शिक्षा और स्वास्थ्य पर ध्यान देना चाहिए। आर्थिक विकास को अब समावेशी होने के साथ-साथ न्यायसंगत भी होना चाहिए।

राष्ट्र पर विशेष रूप से ध्यान केंद्रित करते हुए कहा कि पिछले दो वर्षों में महामारी से निपटने के लिए उन्होंने बहुत कम काम किया है। पूरण को जलवायु नियंत्रण, सहकार सुरसा, आतंकवाद पर काम करना होगा।

इंडियन इकोनॉमिक एसोसिएशन की 103वीं और 104वीं वार्षिक कॉन्फ्रेंस शुरू

अर्थशास्त्रियों को जमीनी हकीकत को समझने की जरूरत : यादव

सामाजिक समावेशी विकास आज के समय की जरूरत

मणिपाल यूनिवर्सिटी में इंडियन इकोनॉमिक एसोसिएशन की 103वीं और 104वीं वार्षिक कॉन्फ्रेंस शुरू

जयपुर। राजस्थान के उच्च शिक्षा राज्य मंत्री, राजेंद्र सिंह यादव ने मंगलवार को कहा कि देश में अर्थशास्त्रियों को हमारे गांवों और समाज के वंचित वर्गों की जमीनी हकीकत को समझने की सख्त जरूरत है। उन्होंने कहा कि कॉन्फ्रेंस और सेमिनार्स का आयोजन करना बहुत अच्छा है, जिसमें देश के आर्थिक विकास से संबंधित आंकड़ों और संख्याओं पर चर्चा की जा सके। हालांकि, यह देखा गया है कि कभी-कभी आंकड़े जमीनी हकीकत से भिन्न हो सकते हैं। अर्थशास्त्रियों के लिए यह महत्वपूर्ण है कि वे गरीबी को कम करने व अमीरों और वंचितों के बीच के अंतर को पाटने पर ध्यान दें। मंत्री श्री यादव मुख्य अतिथि के रूप में मणिपाल यूनिवर्सिटी जयपुर (एमयूजे) में इंडियन इकोनॉमिक एसोसिएशन (आईई) के 103वें और 104वें वार्षिक कॉन्फ्रेंस के उद्घाटन सत्र में बोल रहे थे। मंत्री ने आगे बताया कि राजस्थान में वर्तमान सरकार उच्च शिक्षा को एक नए स्तर पर ले जाने के लिए प्रतिबद्ध है। आज 1800 निजी कॉलेज, 300 सरकारी कॉलेज और अन्य 123 सरकारी कॉलेज पाइपलाइन में हैं। 15वें वित्त आयोग के चेयरमैन, एन.के. सिंह ने विश्व की पुरानी व्यवस्था को नई-विश्व व्यवस्था में बदलने की बात कही। उन्होंने कहा कि यह अनिवार्य है कि अंतर को पाटने पर ध्यान दें। संयुक्त राष्ट्र, विश्व बैंक, आईएमएफ आदि जैसे संगठनों को हाल के समय में सामने आई नई चुनौतियों से निपटने में सक्षम होने के लिए खुद में सुधारने लाने की जरूरत है। संयुक्त राष्ट्र पर विशेष रूप से ध्यान केंद्रित करते हुए कहा कि पिछले दो वर्षों में महामारी से निपटने के लिए उन्होंने बहुत कम काम किया है।

समय, ऊर्जा व संसाधनों का सर्वश्रेष्ठ उपयोग है समय की मांग : प्रो. देव स्वरूप

■ 3 दिवसीय कॉन्फ्रेंस का हुआ समापन

जयपुर, 6 जनवरी(भूरो): वर्तमान परिदृश्य में हमें हमारे दृष्टिकोण, विचारों व आकांक्षाओं पर फिर से नजर डालने और इन्हें समय के अनुसार नवीनीकृत करने तथा वास्तविक स्थिति का आकलन करने की आवश्यकता है। समय, ऊर्जा एवं उपलब्ध संसाधनों का अधिकतम उपयोग करना वर्तमान समय की मांग है। हमें गुणवत्ता, सतत व सामूहिक विकास को दिशा में भी काम करना चाहिए। यह कहना था डॉ. भीमराव अम्बेडकर लॉ यूनिवर्सिटी के संस्थापक व कुलपति, प्रोफेसर देव स्वरूप का। वे आज मणिपाल यूनिवर्सिटी, जयपुर में इंडियन इकोनॉमिक एसोसिएशन की तीन दिवसीय 103वीं व 104वीं एनुअल कॉन्फ्रेंस के समापन समारोह को मुख्य अतिथि के रूप में संबोधित कर रहे थे।

जयपुर : मणिपाल यूनिवर्सिटी, जयपुर में इंडियन इकोनॉमिक एसोसिएशन की तीन दिवसीय कॉन्फ्रेंस के समापन पर संबोधित करते अतिथि।

प्रो. स्वरूप ने कहा कि अर्थशास्त्र सभी सामाजिक एवं विकासात्मक प्रक्रियाओं का हिस्सा है। कोई भी नीति बनते समय आर्थिक कारकों को सर्वोपरि प्राथमिकता दी जाती है। अर्थशास्त्र कानूनी शिक्षा में भी अहम भूमिका निभाता है। इस अवसर पर वर्धमान महावीर ओपन यूनिवर्सिटी के कुलपति, डॉ. आरएल गोदारा गेस्ट ऑफ ऑनर थे।

अटल बिहारी वाजपेयी विश्वविद्यालय के कुलपति, प्रो. एडीएन बाजपेयी ने कहा कि वर्तमान में पूरी दुनिया की अर्थव्यवस्था चुनौतीपूर्ण दौर से गुजर रही है। ऐसे में अर्थशास्त्रियों को अर्थव्यवस्था को गति देने के साथ-साथ विकास पर भी ध्यान देना चाहिए।

Dev Swaroop delivering the valedictory address

Annual Conference of IEA concluded

CITY FIRST

In the present scenario, there is a need to re-visit and renew our approaches, thoughts and aspirations as well as assess the situation realistically. The need of the hour is to make optimum use of time, energy and resources. We must work towards quality, sustainable and collective development. This was stated by Founder and Vice-Chancellor, Dr Bhim Rao Ambedkar Law University, Professor Dev Swaroop on Thursday. He was speaking as the Chief Guest at the Valedictory Session of the 3-day 103rd and 104th Annual Conference of the Indian Economic Association.

Professor Swaroop further said that economics is a part of all the social as well as developmental processes. Economic factors are given the highest amount of prominence while making any policy.

On the occasion Professor Madan Mohan Goel of Starex University, Gurugram also made a presentation on 'Needonomics for Sustainable Society'.

फैकल्टी ऑफ डिजाइन, एमयूजे डॉ मधुरा यादव और प्रो. सुनंदा कपूर के स्वागत और संक्षिप्त परिचय से शुरू हुआ। इसमें एमयूजे परिसर में अपनाई गई सस्टेनेबल प्रैक्टिसिस के बारे में बात की गई। इसके बाद एसोसिएट डायरेक्टर, जीबीसीआई रमन और एसोसिएट प्रोफेसर स्कूल ऑफ आर्किटेक्चर एंड डिजाइन, एआर विभु के. नायक ने कार्यशाला पर रोशनी डाली। कार्यशाला के प्रथम सत्र का संचालन अर्बन इनोवेशन लैब के राम खंडेलवाल और कार्तिक गिरीश ने किया।

International Conference on "Multidisciplinary Trends in Social Sciences and Humanities" organised

मणिपाल विवि में 'सामाजिक विज्ञान व बहु विषयक रुझान' पर हुआ सम्मेलन

जयपुर | मणिपाल विश्वविद्यालय के कला विभाग, मानविकी और सामाजिक विज्ञान स्कूल की ओर से 'सामाजिक विज्ञान और मानविकी में बहु विषयक रुझान' पर एक अंतरराष्ट्रीय सम्मेलन आयोजित किया गया। सम्मेलन के मुख्य अतिथि विद्वान डॉ. देवदत्त पटनायक रहे। विश्वविद्यालय के प्रो. प्रेसिडेंट डॉ. एन एन शर्मा ने कहा कि आज डॉ. पटनायक जैसे विद्वान नई पीढ़ी को भारतीय परंपराओं से अवगत कराने का एक जटिल कार्य कर रहे हैं। कार्यक्रम की शुरुआत में स्कूल आफ ह्यूमैनिटीज एंड सोशल साइंसेज की निदेशक डॉ. ऋचा अरोड़ा व डॉ. मीरा वेंदूर ने सम्मेलन की रूपरेखा से अवगत कराया। कला विभाग की अध्यक्ष डॉ. मणि सचदेव ने वर्तमान संदर्भ में मानविकी और सामाजिक विज्ञान के महत्व को बताया। इस मौके पर सोफिया क्लब की पत्रिका 'प्रतिबिंब' का विमोचन किया गया।

INTERNATIONAL CONFERENCE

CITY FIRST

An International Conference on 'Multidisciplinary Trends in Social Sciences and Humanities' was organised by the Department of Arts, School of Humanities and Social Sciences, Manipal University Jaipur. The Chief Guest of the conference was Dr Devdutt Patnaik, the eminent orator and scholar of religious narratives. Dr Patnaik gave a scientific explanation of Indian theology. The Pro President of the University said that today scholars like Dr Patnaik are doing a complex task of making the new generation aware of Indian traditions. Dr Mani Sachdev, Head, Department of Arts told the importance of Humanities and Social Sciences in the present context. Sophia Club's magazine 'Pratibimb' was released on this occasion.

मणिपाल विश्वविद्यालय जयपुर में बहु विषयक रुझान पर अंतरराष्ट्रीय सम्मेलन

जयपुर, समाचार जगत न्यूज। मणिपाल विश्वविद्यालय जयपुर के कला विभाग, मानविकी और सामाजिक विज्ञान स्कूल द्वारा 'सामाजिक विज्ञान और मानविकी में बहु विषयक रुझान' पर एक अंतरराष्ट्रीय सम्मेलन आयोजित किया गया। सम्मेलन के मुख्य अतिथि धार्मिक कथाओं के प्रख्यात वक्ता एवं विद्वान डॉ. देवदत्त पटनायक थे। डॉ. पटनायक ने भारतीय धर्म शास्त्र की वैज्ञानिक व्याख्या की। उन्होंने बताया कि यज्ञ धार्मिक ही नहीं वैज्ञानिक प्रक्रिया है। अंग्रेजों ने इसका अनुवाद करते समय इसे 'सैक्रिफाइस' कर दिया जो कि इसका सही अर्थ नहीं है। हमारे आख्यानों में यज्ञ का अर्थ प्रतिदान देना है। प्रकृति हमें सब कुछ देती है इसके प्रति दान में हम उसे यज्ञ अर्पित करते हैं। जब यह प्रतिदान नहीं दिया जाता है तो यह अधर्म बन जाता है। वर्तमान संदर्भ में हमें यह समझना होगा कि हमें अपने धार्मिक मीमांसाओं के लिए अधिक वैज्ञानिक दृष्टिकोण अपनाना होगा। अध्यक्षीय भाषण देते हुए विश्वविद्यालय के प्रो. प्रेसिडेंट डॉ. एन एन शर्मा ने कहा कि आज डॉ. पटनायक जैसे विद्वान नई पीढ़ी को भारतीय परंपराओं से अवगत कराने का एक जटिल कार्य कर रहे हैं। कार्यक्रम की शुरुआत में स्कूल आफ ह्यूमैनिटीज एंड सोशल साइंसेज की निदेशक डॉ. ऋचा अरोड़ा ने सभी का स्वागत किया। डॉ. मीरा बेंदूर ने सम्मेलन की रूपरेखा से अवगत कराया। कला विभाग की अध्यक्ष डॉ. मणि सचदेव ने वर्तमान संदर्भ में मानविकी और सामाजिक विज्ञान के महत्व को बताया। इस मौके पर सोफिया क्लब की पत्रिका 'प्रतिबिंब' का विमोचन किया गया। प्रोफेसर एंथोनी सेवरी राज ने धन्यवाद प्रस्ताव रखा। इस कार्यक्रम का संचालन डॉ. राधिका मोहन गुप्ता ने किया।

जयपुर। मणिपाल यूनिवर्सिटी जयपुर (एमयूजे) के फैकल्टी ऑफ डिजाइन द्वारा जवाहर कला केंद्र (जेकेके) की सुकृति और सुदर्शन गैलरी में 3 दिवसीय एग्जीबिशन दर्पण 2022 का शुक्रवार को उद्घाटन हुआ। एग्जीबिशन का उद्घाटन प्रो. (डॉ.) मधुरा यादव, डीन, फैकल्टी ऑफ डिजाइन, एमयूजे व आर्किटेक्चर - प्लानर ने किया। यह एग्जीबिशन जनता के लिए 16 और 17 अप्रैल को सुबह 10 बजे से शाम 7 बजे तक खुली रहेगी। उद्घाटन के अवसर पर प्रो. (डॉ.) मधुरा यादव ने कहा कि डिजाइन हर जगह है और हमारे जीवन का एक अभिन्न अंग है। यह हमारे फील-गुड फैक्टर के लिए एक पैशन है जो हमारी गतिविधियों में उत्कृष्टता और दक्षता लाती है। बढ़ती जटिलता ने डिजाइन एक्यूकेशन को और अधिक चुनौतीपूर्ण बना दिया है। डवलपमेंट की प्रक्रिया में, डिजाइन का आर्किटेक्चर, प्लानिंग, फैशन, टेक्सटाइल्स, ग्राफिक्स, विजुअल कम्यूनिकेशन्स, फाइन आर्ट्स, इंटीरियर्स, मल्टीमीडिया और ज्वैलरी जैसे विभिन्न विषयों में विस्तार हुआ है। डिजाइन एक्यूकेशन को फिर से रीडिफाइन करने की आवश्यकता है। यह इसी तरफ हमारा एक प्रयास है कि विषयों के बीच की दूरी को पाटने के लिए, हम मणिपाल यूनिवर्सिटी जयपुर (एमयूजे) में एक डिजाइन एक्यूकेशन मॉडल विकसित कर रहे हैं। एग्जीबिशन में मणिपाल यूनिवर्सिटी जयपुर के फैकल्टी ऑफ डिजाइन के आर्किटेक्चर, इंटीरियर डिजाइन, फैशन डिजाइन और फाईन आर्ट्स के स्टूडेंट्स के कार्यों की झलक दिखाई जाएगी। एग्जीबिशन में एमयूजे के उत्कृष्ट फैकल्टी पैनल द्वारा प्रदान हर डोमेन में छात्रों की परिवर्तनकारी यात्रा को प्रदर्शित किया जाएगा। स्टूडेंट्स द्वारा किए गए सामूहिक कार्यों का प्रदर्शन और व्याख्या एमयूजे में सिखाने और पढ़ाने के प्रोसेस को दर्शाती है। यह छात्रों, समाज की जरूरतों, डिस्कवरी और इन्वेंशन्स के साथ-साथ सहयोगात्मक रूप से काम करने के लिए एक्सपोजर देगा।

एमयूजे की छात्रा मानिनी और यशवर्धन ने स्वर्ण पदक जीता

जयपुर। मणिपाल विवि जयपुर (एमयूजे) की छात्रा मानिनी कौशिक और छात्र यशवर्धन ने मेरठ में हाल ही में आयोजित अखिल भारतीय अंतर विश्वविद्यालय निशानेबाजी चैम्पियनशिप में स्वर्ण पदक जीता। यह आयोजन स्वामी विवेकानंद सुभारती विवि मेरठ में किया गया था जिसमें 10 मीटर एयर राइफल और 10 मीटर एयर पिस्टल स्पर्धा में पूरे भारत के विश्वविद्यालयों की 212 टीमों ने भाग लिया था। इस उपलब्धि पर एमयूजे के अध्यक्ष जोके भगु, प्रो. अध्यक्ष डॉ. एकता अग्रवाल, रजिस्ट्रार डॉ. नीतू भटनागर, डीएसडब्ल्यू डॉ. अनिल दत्त प्रसाद, निदेशक खेल डॉ. प्रेम भूषण ने टीमों खासों को बधाई दी।

Students of Manipal University Jaipur (MUJ), Manini Kaushik and Yashvardhan won the gold medal in the recently held All India Inter University Shooting Championship in Meerut. The event was held at Swami Vivekanand Subharti University, Meerut, in which 212 teams from Universities across India participated in the 10-meter Air Rifle and 10-meter Air Pistol events.

Manipal University Jaipur and Nano Science and Technology, Mohali Signs MoU for Active Research Collaboration

JOINT INITIATIVE FOR GOOD!

CITY FIRST

Manipal University Jaipur (MUJ) and Institute of Nano Science and Technology (INST), Mohali signed an MoU for possible active collaboration and dealing with possible student internships, conducting joint workshops, as well as joint research projects by the faculty members. In this regard, Prof. Amitava Patra, Director, Institute of Nano Science and Technology (INST) Mohali visited MUJ recently for potential research collaboration.

Prof Lalita Ledwani, Dean, Faculty of Science briefed about the ongoing research work at the University. He also visited different high-end research laboratories and instrumentation centres. Different MUJ research groups shared their research work during an active interactive session for possible active collaboration to strengthen the research fields of common interest. Prof. Patra highlighted the expertise and facilities of INST, Mohali and invited MUJ faculty members to visit the institute and focused on organising a joint scientific workshop.

THE STARTUP MELA!

CITY FIRST

Dr Nitu Bhatnagar inaugrating the start Up Mela

The Atal Incubation Center, Manipal University Jaipur hosted "The Startup Mela 1. O" recently. It was a startup expo where startups showcased their innovations. The event was inaugurated by the Registrar of the Manipal University Jaipur, Dr Nitu Bhatnagar. The Conveners were Puneet Datta (CEO, AIC-MUJ) and Ravindra Yadav (Community manager, AIC-MUJ).

The startups from many cities like Ahmedabad, Jaipur, Chennai and many more cities participated in the event. Many of the startups were the centre of attraction and a large number of audiences were there to explore. The event was a once-in-a-lifetime opportunity for youthful entrepreneurs to showcase their innovations to academics, industry experts, investors and mentors, and help create bridges to exceptional networks.

AIC-MUJ Incubated Startup Bugbase receive Funding of $500,000 Dollar

DURING THE DAY!

Atal Incubation Centre - Manipal University Jaipur (AIC-MUJ) incubated startup, BugBase, an Indian marketplace for ethical hackers on Saturday. The centre has raised $500,000 funding led by 2amVC. The Bengaluru-based startup assists organisations in staying cyber safe. BugBase was founded by Dhruva Goyal and Kathan Desai. Bugbase aims to promote better security practices among organisations. Payment gateway vulnerabilities, account takeovers and database and credential leaks are just a handful of bugs reported on Bugbase. Puneet Datta, CEO of AIC-MUJ said that previously, Bugbase has also received funding from 100X.VC. On this great achievement, Dr GK Prabhu, President, Dr N N Sharma, Pro President and Dr Nitu Bhatnagar, Registrar cheered the team.
