Chairperson's Message

Dr K Ramnarayan

It is with great pride and satisfaction that the Annual Report 2019-20 of Manipal University Jaipur (MUJ) is being presented. For Manipal University Jaipur, the Annual Report 2019-20 is unique as it highlights many of the important achievements of the past year; the pinnacle being the NAAC accreditation. It echoes the efforts of a team that has worked tirelessly to strengthen and advance MUJ.

The Indian higher education system needs to drive itself by preserving a balance between quality and quantity. The need for the hour is a dynamic education policy. Believing in survival of the fittest, MUJ has continued to concentrate on promoting, improving, and empowering education, science, creativity, group interaction, and consultancy for a better tomorrow.

It is very heartening to note that our students have been performing exceedingly well in all the disciplines-Engineering, Architecture, Design, Arts, Law, Business, Commerce and Management. It is the effort of MUJ to cultivate students who are role models in their constant pursuit of scientific excellence, not only academically but also ethically. Our faculty and our students have won honours and accolades in various platforms and we are delighted to showcase these in the Annual Report 2019-20.

I would like to convey my heartfelt gratitude for the continued support and patronage of all our stakeholders.

Very best wishes.

President's Message

Dr G K Prabhu

I am gratified to present Manipal University Jaipur's achievements and accomplishments for 2019-20.

The University has achieved significant milestones in the last year. It has received various awards and recognitions in the process of striving to be an Institute of Excellence through its professional education. The most celebrated one is that the University has been accredited by NAAC with 3.28 score which makes MUJ as the first state private university in State of Rajasthan with NAAC A+ rating.

Faculty of Engineering- (All India Govt. & Private Institutes Combined) and 32 in Faculty of Engineering- (All India Private Institutes) by the Outlook Care Rating 2020. Other accolades include -categorized as 'Band B' institution (rank between 26-50) in the category of in Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2020. Further, 4th Swachtha Ranking all over India, WEEK – HANSA Research Survey 2020 rankings has ranked MUJ at 6th in the category of Private & Deemed Multidisciplinary University- North Zone Category and many more feathers in MUJ's cap.

The University has continued to deliver on its vision and is proud of its achievements. I want to thank our faculty, students and supporting staff for their ongoing support and commitment to complement our efforts. We strongly believe in Dr APJ Abdul Kalam saying, "The purpose of education is to make good human beings with skill and expertise". We are committed to provide an ignited education environment which is inspired by life to the future generation by playing a positive role in the nation's building of human capital.
The defining characteristics of MUJ is the flexibility as an organization, its ability to change and respond to the new challenges and using them as opportunities.

I am sure that this dynamic multi-disciplinary university will continue to ignite and instill values with intellectual alacrity in the emerging

Pro President's Message

Dr N N Sharma

With immense gratitude to all stake holders, I present the Annual Report for the academic session 2019-20.

Manipal University Jaipur has always aimed to be the most preferred university for innovative and multidisciplinary learning. Manipal University Jaipur has attained a unique name in terms of the quality education in a very short time span and we are dedicated to the university's vigorous and continuous development.

Manipal University Jaipur with expanding departments, new courses and new faculty members joining from all corners of the country, along with its multi-cultural and multi-state students make it a vibrant academic institution that contributes dynamically to the project of national integration, and promotion of rational thought and scientific temper across all strata of the Indian society.

Manipal University Jaipur has a team of highly professional, experienced, and dedicated faculty members to help our budding students for their overall development. The university has sculpted a niche in terms of a focused research profile and is striving to link academic excellence and research outputs.

I thank entire MUJ family for their efforts and contribution.

Overview

Registrar's Message

Dr H R Kamath

It is my privilege and pleasure to present the report of achievements and activities of Manipal University Jaipur, through this Annual Report 2019-20. It has been a landmark year for the University in academics, research, innovations & extracurricular activities.

Manipal University Jaipur has carried on the legacy of the Group in providing state of the art technology to ensure value-based education and quality research. The University offers courses as per demand by the industry. MUJ believes in leading by example therefore it has grabbed various awards last year in different categories.

The university strongly promotes curricular, co-curricular & extracurricular activities for the overall development of the personality of the budding students. The university always encourages and supports students by honouring their achievements both in academic and extra-curricular.

MUJ has created the best environment for the students to feel it as not their second home but a home which is first among the equals, the mentor-mentee policy is such an initiative.

The excellent faculty is the strength of the university which enhances the learning potential of the students. Ingrained with philanthropic vision and humane touch to encourage the budding students to achieve excellence in their desired fields, Manipal University Jaipur has already carved a niche for itself in the academic nationwide.

So let's keep excelling!!.

Directorate of Academics

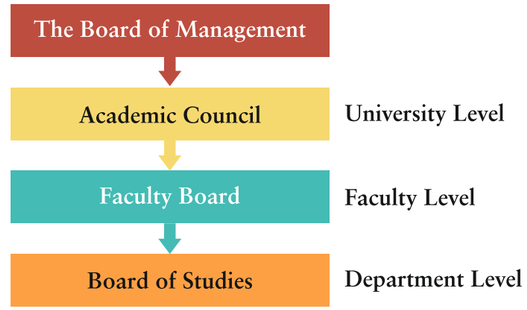

About the Directorate

Manipal University Jaipur is known for its academic excellence. Directorate of Academics is coordinating the whole academic activities of the university and consistently diligently worked to imbibe the best practices for updating course curricula with the aid of intellectual talent available in the academia and other stake holders.

The university practices comprehensive standardize procedures to design new curriculum, revise and amend the existing ones at regular intervals. The structure of the Board concerned with curriculum review is as follows.

Dr Ajay Kumar
Director

Our university follows guidelines on a timely basis issued by regulatory bodies like UGC, AICTE etc. Complying those guidelines, we have introduced mandatory courses like Value Education, Environmental Studies etc., to sensitize students of their responsibility towards society. Similarly, mandatory industrial training has been introduced to ensure that students are exposed to contemporary industrial trends, innovations etc. These courses and training develop magnanimity and commitment amongst students thereby contributing towards development of a well–rounded personality and addresses the developmental requirements of the country in general, and the local/regional exigencies.

Initiatives by Directorate of Academics

Students Induction Programme (22 July 2019 to 26 July 2019)

The aim of the Student Induction Programme is to help new students adjust and feel comfortable in the new academic environment, inculcate in them the ethos and culture of the Manipal University Jaipur, help them develop bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration.

Following activities were planned and executed in the Student Induction Programme:

Physical Activity:

Daily sessions of different types of physical activities were held during the induction program. This involved a daily routine of physical activity with games and sports which included exercise and yoga. The students also visited the sports facilities available in the university.

Creative Arts:

Several sessions on skills related to the creativity were held where the students enthusiastically took part both individually and in a group in visual arts and performing arts e.g., painting, sculpture, pottery, music, dance etc.

Universal Human Values:

To experience the joy of learning, stand up to peer pressure, inculcate ethics and decisions making skills, be aware of relationships with colleagues and supporting staff (both in the hostel and in the university) sessions on wellness & time management, gender and environment sensitization were held. Multiple counselling sessions were also held to address any specific issues that a student on an individual level or as a group may have.

Literacy:

Literary activity encompassed reading, writing, debating, enacting a play etc.

Lectures by Eminent People: for students motivational lectures were conducted by the eminent people who have notable impact in the industry, society, public life etc. To inculcate life skills, sessions were held by representatives of the Art of Living which were highly appreciated by the students.

Familiarization of the University / Department / Branch and Innovations: Sessions were held by the functional directorates to familiarize the students with the academic environment of Manipal University Jaipur. These sessions included the academics, evaluation processes, research and innovations, international collaboration opportunities, career & higher studies opportunities, extracurricular activities, safety and security etc.

Proficiency Modules:

To overcome some critical lacunas that students might have, sessions were held on communication skills, familiarity of computer and the usage of information technology etc.

Online Webinar Series on Outcome-Based Education (OBE) (22 June, 2020 to 27 June, 2020)

This Online Web Series aimed at enlightening participants on the importance of Outcome-Based Education and planning its implementation.

The Outcome-Based Education (OBE) is a step towards meeting the requirements of Graduate Attributes and hence, plays an important role in quality assurance of the Academic Programme and has been very effective in international benchmarking while ensuring quality in technical education. Such Outcome-Based Education (OBE) is not feasible unless proper training is imparted to the faculty of the institute conducting these programs and also to the promoters (education providers) of the institute. There are basically three stages in the implementation of OBE, i.e. planning or designing the curriculum, implementation and delivery, and assessment. At planning and design stage, participants are guided to develop program educational objectives, program outcomes and course outcomes; as well as getting them linked to the assessment requirements. Some of the best practices are also highlighted particularly on students centered approach.

Alumni Association/Chapters Meeting

Manipal University Jaipur organized its Alumni Meet on 4th February 2020 to cherish the memories with the graduated students and to celebrate their success, achievements and life events. This year the Alumni Meet became special as the alumni got the opportunity to interact with NAAC peer team members who were on visit for the process of 'Quality Evaluation, Promotion and Sustenance Initiatives' of the University. In the capacity of one of the stakeholders of the University, alumni shared their experiences of teaching and learning process with the 'NAAC Peer Team'.

Aman Mehta, Vaibhav Lakhani, Yash Modi, Navni Agarwal, Mohd. Shoaib, Vishvendra Singh and many other students who joined, recollected their reflections and reminiscences of 'Life at MUJ'. The alumni visited newly established labs and laboratories in their respective departments and were also briefed about the initiatives viz., MoUs with national and international institutions/corporates, Incubation process at MUJ, Research Projects etc. Moreover, interactive sessions of alumni were planned with the current batches in the respective departments wherein students discussed the contemporary issues such as the challenges of the corporate world, the problems in higher studies from India/Abroad, the things to learn prominently in their due journey of the degree completion.

The event was concluded with lunch and dedicated to the all graduated students who acted as one of the pillars of the Institution. The reunion ended with a note to be in contact with the University as and when required and will join next year for taking the token of love from the University in 'Alumni Meet 2021'.

President, Prof G K Prabhu also motivated students by telling his own life's story and inspired them to not fear failures & risk in life.

Start-Up Weekend

Start-up Weekend is a 54-hour event that brings together designers, developers, Entrepreneurs, and experts from all domains to do amazing things. This year, 2nd edition of Start-up weekend was organized. Mr Baljender Singh talked about the importance of entrepreneurship and what it takes for a person to be a great entrepreneur. He also gave some motivational talks about what type of start-ups are required in the

community. After this talk, came the second speaker Mr Saksham Kukreja had a great, detailed presentation about the business side of start-ups.

This included very important and often overlooked things like how to select a suitable co-founder, make a business plan/pitch deck, and how to get funding for your start-up. The next session was given by Ebin Ephrem Elavathingal, the facilitator of the event, which was a kickstart to the event.

On second day Mr Anurag Maloo, the Regional Manager (south & central Asia) of Techstars, had an hour-long and insightful talk which included all the important domains of the business side of startups, this was very well received by all the participants. 85 students from within the University & outside, participated in the event.

Youtuber's Meet

It was a different kind of event which was organized during E-Conclave 5.0 with popular Youtubers like Viraj Ghelani, the Digital Content Creator for Filtercopy, Mohammad Salim Khan of the MSK Vlogs, Singer & Musician Samarth Swaroop and Abhyudaya Vats Mohan & Gautami Sanjay Kawale of Slaypoint shared their success stories and provided a different angle to Entrepreneurial summit.

The contrast in the stories that each panellist had also shown that no matter where you start from, it's always about where you end up! It was a mix of fun and motivational event where the panellists discussed how choosing to follow their passion rather than comfortable family business or job has led them to success. They explained there is innovation in everything you do to keep up the pace of success.

Directorate of Students Welfare

About the Directorate

Dr Gurdaman Lal Sharma
Dean

Life at University is highly exciting but can be very challenging for young people. This is because university age is very turbulent for a young adult as they transit from adolescence to adulthood. It can be daunting to join University after the nurturing, security, and confidence that one has enjoyed in schools. Transition to Higher Education is crucial and the experiences of the transition process influences a student's subsequent academic, personality, social and career development. Therefore, it is significant that a student finds their niche in these new and demanding circumstances.

We at MUJ understand that students are the nucleus and all the activities of the university revolve around them for their holistic development. The five essential elements of positive transition for a student in the University are (i)Personality and Personal development (ii) Academic life (iii) Career and Life Goals (iv)Personal Organization and Decision-making (v)Personal Values, Social Norms, and Integrity.

Accordingly, DSW has been created to achieve above said aims for the all-inclusive development of the students with six distinct functions namely sports, students' technical, literary, and cultural clubs, grievance redressal, need based counselling, campus discipline. DSW request the students to make effective use of all the facilities and transform into a constructive and a matured personality. Further, DSW would like to urge that do not hesitate to approach us whenever, you need guidance, or you are not clear what do under a situation.

We shall ensure that you feel at home and would provide you guidance and every possible assistance.

Our Values

Sincerity, Accomplishment, Integrity, Teamwork and
Honesty are the five values that we aim our students to imbibe.

Our Vision

Embellish students with integrity and humane touch, nurture their talent to make them socially responsible global citizens.

Our Mission

Facilitate multi-skilled development.
Cultivate an environment that respects diversity and promote healthy and positive relation among students, faculty & community.
Understanding of students' needs.
Synergizing academic and co- curricular activities.

Student Activities

Abhivarta Annual Sports Event

Annual Sports Fest of Manipal University Jaipur - Abhivarta'20, was organized on 8th and 9th February 2020 at MUJ grounds. The fest is a celebration of talent and passion towards sports. Abhivarta has been a host to some of the greatest players of this era of MUJ and is surely a great platform for players from all over the country to showcase their talent and get one step ahead in achieving their dreams.

Gala inaugural of "ABHIVARTA'20" the annual sports event was inaugurated by Registrar Dr Ravishankar Kamath along with Dean Students Welfare Dr G L Sharma with splendid performance by MUJ students.

Mr Dikshant a #ManipalJaipur Alumni rocked as a DJ in the last entertainment of ABHIVARTA20 evening. It was a great event meticulously organised by students council team and series of volunteers.

YES! + Session

The Art of Living organization has been helping students of various educational institutions across the world to face the challenges and empowered millions of students with practical tools to excel through unique and popular Youth Empowerment Seminar, YES!+. This innovative life-skills training programs combine mind-body-breath practices with interactive discussions and experiential processes so that students can gain valuable skills to better navigate the personal, social, and academic landscape.

With the aim of opening pathways of new experiences for our students, Manipal University Jaipur along with Art of Living Organization agreed upon having periodic sessions, where students can learn the skills of meditation, positive thinking and develop their awareness. MOU for this collaborative work with the intentions of advancing students' holistic development was signed on 19th March,2020.

Two sessions were organized for the students in the month of January wherein, 33 students attended the session dated- 16th -19th January,2020 and 75 students attended the session dated 28th-31st January 2020.

Blood Donation Camp'2019

This event is organised under the guidance of Prof G L Sharma, Dean Student's welfare and Mr. Hemant Kumar (Assistant Director, DSW) were the faculty coordinator. The blood donation camp hosted by Manipal University Jaipur is one of the prestigious events in and out house which is engaged by student club-the Rotaract Green Club.

With a benchmark set of 1703 donor count in the year 2018, the event was evidently a success. With tremendous efforts and hard work of a team of over a one hundred people, tirelessly over the past three

months, this year's camp surpassed the previously set count with a recorded number of 2025 of pints of blood donated. Team led by convenor, Shruti Gupta; co-convenors, Varsha Sudhir and Jayant Sardana, the event surged to about one thousand donors efficiently by the afternoon displaying exceptional team spirit and cooperation. Blood donation camp each year is more than a club event, it is highly symbolic of how a dash of willpower to cater to the need of people beyond oneself can bring about larger alterations to the standard, insufficient go-about of the world. The event was scheduled on the 14th of November and was inaugurated by the college honourable President, Dr. G K Prabhu at 10:00 AM in the morning closing at half past six in the evening.

Daan Utsav

From October 2, 2019. a "Shramdaan Event" was scheduled 30-09-2019 from 5 PM to 6 PM at Manipal University Jaipur. All students and faculty participated in the "Shramdaan Event" and took a step forward to make MUJ campus plastic-free.

Tree Plantation Drive- 2019

Trees are the one and only source who selflessly providing us those breaths. Thus, planting a tree is not only an act of plantation but also an act of planting divinity. Such kind auspicious act has done by a group of faculties (from DSW Society Connect) and Green Club of MUJ as a part of DAAN UTSAV in the campus of Government Primary School, Ramsinghpura, Jaipur, Rajasthan. The group has planted more than hundred trees (Mango, Neem etc.) and donated two water pipes to connect the trees plants.

Department of Economics

About the Department

The Department of Economics in The School of Humanities and Social Sciences offer programs at Undergraduate level along with PhD programme. The three year BA (Hons.) degree is a mix of pure practical, analytical as well as theoretical Economics. The courses have been developed, considering the fact that theoretical knowledge, as well as a practical skill, is needed to enter the industry.

Dr Shilpi Gupta
HoD

The Department of Economics provides a strong foundation in economic theories and principles but with a particular focus on examining their relevance to business and managerial situations. Students will be asked to analyze the international as well as the national economic environment and to assess the impact of external factors on micro and macroeconomic performance and public policy. Along with in-depth knowledge in the subject, the students are also made accustomed with practical knowledge of computer along with some relevant software in different semesters.

Training in communication skills, Research and paper writing is also part of the course module.

The Department offers 13 courses focusing on Employability / Entrepreneurship Skill Development along with one value - added course offered to impart transferable and life skills.

Department of Languages

About the Department

Dr Tanuja Yadav
HoD

The Department of Languages at Manipal University Jaipur is committed to the promotion of critical thinking, humanistic values, connectivity amongst cultures and linguistic competence, through its various programmes in the domain of literature and language. It nurtures an international, multi-lingual and interdisciplinary approach towards academics. The faculty members of the department come from diverse and vibrant academic backgrounds, making the department versatile in its approach and function. Special lectures, workshops, and seminars are organised by the Department to ensure updating in the domain for students, research scholars and faculty members.

The BA Honours programme in English prepares students to develop and upgrade their language competence, gain training in critical inquiry and debate, and develop their literary sensibility through courses in Literary Criticism, British Literature, American Literature, Indian Writing, Women's writing, Linguistics and Literature of the Indian Diaspora. The Ph. D Programme of the Department of Languages caters to research scholars in English and in Hindi. Scholars, both regular and part-time, are encouraged to take up cutting-edge researches in socially relevant, interdisciplinary areas of research and in new fields of inquiry. Faculty members are doctoral supervisors on a variety of research topics, drawing on theoretical perspectives ranging from the traditional to the contemporary.

The Department of Languages runs a Certificate programme in German. German and French courses are taught in different faculties with a view to preparing students for exchange programmes and work opportunities abroad. Another important function of the Department of Languages is to provide modular language skills and training to students enrolled in different programmes. The department is committed to develop professional standards of communication in students across various disciplines.

Department of Psychology

About the Department

Dr Geetika Tankha
HoD

The Department of Psychology at School of Humanities and Social Sciences was established at Manipal University Jaipur, in 2012. It offers programs at various levels from under-graduation to PhD in psychology.

The department aims at providing the psychology students with theoretical foundation and practical knowledge in the areas of organizational psychology, counselling psychology, clinical psychology, military and forensic psychology, as well as the upcoming fields such as positive psychology, health psychology and environmental psychology.

The three year B.A/B.Sc. Honors degree in Psychology (6 semesters) is an eclectic mix of pure and theoretical psychology as well as practical and applied psychology. The students along with in depth knowledge of Psychology are also made well versed with practical skills. Courses on SPSS in 2nd semester, Projects etc are a part of the curriculum of undergraduate programmes. The students are trained for psychological testing and assessment in a well-equipped psychology laboratory. The post graduate programme of MSc Clinical Psychology has been designed keeping in view the need of the hour and globally relevant curriculum to make the graduating students industry ready.

School of Planning & Design (SP&D) at MUJ is home for the best in-class infrastructure to nurture design education. SP&D aims to foster creativity and innovation for an intellectually satisfying learning environment as well as to establish MUJ as globally preferred destination for students, faculty, researchers, and other stakeholders. SP&D constitutes of three departments viz Department of Fashion Design, Department of Fine Arts and Department of Interior Design.

The Key features of the programmes include their multidisciplinary nature interconnecting them with the fields of spatial planning, architecture, engineering, geography, economics, sociology, management, history of design, furniture, traditional crafts, forecasting & promotion, animation, cartoon filmmaking, illustration, painting, poster making, photography, casting, visualization and ornament designing strategies to name a few. Adequate emphasis has been given to practical, projects and research, where students have opportunity of hands-on experience. Seminars, conferences, workshops, guest lectures, exhibitions, fashion shows, site visits, and study tours are organized from time to time. Good number of electives have been introduced to prepare the students for further studies in the area of interest. Project-based teaching enables students to think creatively and fully integrate their understanding with the market. The curriculum has been designed in line with industry demand & choice-based credit system (CBCS) with option of open electives. The Entrepreneur Cell set up by the university gives students a platform where they can establish their very own start-ups.

Faculty of Design

Faculty of Design (FoD), Manipal University Jaipur, established in 2014, aims to nurture the spirit of industry readiness as its core strength. Over time, the faculty has grown into two schools: School of Architecture and Design, and School of Planning and Design.

In line with Manipal Group's legacy of providing quality education to its students, Faculty of Design is backed by excellent infrastructure, intellectual capital within the faculty, and within institutional partnerships; recognition from professional societies; and high ranking from national accreditation bodies. At present Faculty of Design offers courses in more than five domains: undergraduate and postgraduate programs.

School of Planning and Design

Established 2011

Dr Sampath Kumar Padmanabha Jinka
Director

School of Planning & Design (SP&D) at MUJ is home for the best in-class infrastructure to nurture design education. SP&D aims to foster creativity and innovation for an intellectually satisfying learning environment as well as to establish MUJ as globally preferred destination for students, faculty, researchers, and other stakeholders. SP&D constitutes of three departments viz Department of Fashion Design, Department of Fine Arts and Department of Interior Design. The Key features of the programmes include their multidisciplinary nature interconnecting them with the fields of spatial planning, architecture, engineering, geography, economics, sociology, management, history of design, furniture, traditional crafts, forecasting & promotion, animation, cartoon filmmaking, illustration, painting, poster making, photography, casting, visualization and ornament designing strategies to name a few. Adequate emphasis has been given to practical, projects and research, where students have opportunity of hands-on experience. Seminars, conferences, workshops, guest lectures, exhibitions, fashion shows, site visits, and study tours are organized from time to time. Good number of electives have been introduced to prepare the students for further studies in the area of interest. Project-based teaching enables students to think creatively and fully integrate their understanding with the market. The curriculum has been designed in line with industry demand & choice-based credit system (CBCS) with option of open electives. The Entrepreneur Cell set up by the university gives students a platform where they can establish their very own start-ups.

Department of Fashion Design

About the Department

Bachelor of Design (Fashion Design) is a programme that combines fashion studies with intensive studio practice. The four-year programme imparts technical knowledge and training for market-oriented skill development. It enables one to refine their own creative vision as they meet the challenge of designing new clothing and accessories for existing fashion brands.

The projects in this programme combines conceptualization with textile manipulation, garment prototyping, branding, and image-based storytelling. It also enables one to develop sophisticated understanding of the fashion industry and prepare for an exciting career.

Department of Interior Design

About the Department

Ar Sneh Singh
HoD

Department of Interior Design was established in 2015 with the objective of providing the students a foundation of knowledge and skills in all the areas of interior design, interior decoration and furniture design. The students are trained under the design verticals like hotels and resorts, housing, retail, institutions, offices, heritage, recreation and hospitals. The course allows the students to become competent professional in this current aggressive market by providing them exposure through field trips, industry visits, hands on experience, live installation sessions, workshops and seminars. Students learn to use 3D softwares and computer aided drafting softwares which will help them to visualize their ideas and concepts. They also explore interior design from many points of view, giving importance to creative thinking. All faculties are professional designers, architects and artists who are offering their profound knowledge of the respective field. The students are placed in interior design firms, furniture design studios, architecture studios, MNCs & Corporates. The department offeres 24 Courses having focus on Employability /Entrepreneurship/Skill Development and also collaborated with Institute of Indian Interior Design for research and development

Faculty of Engineering

Faculty of Engineering (FoE), Manipal University Jaipur consists of four schools: School of Automobile, Mechanical & Mechatronics Engineering, School of Civil & Chemical Engineering, School of Computing & Information Technology and School of Electrical, Electronics & Communication Engineering. FoE is an active alliance of teaching faculty, staff, students, and the management, that works as a community towards spreading knowledge and promoting excellence.

FoE's wealth of resources derives primarily from the belief and determination in following the faculty's vision. This includes an unparalleled blend of talent among its staff, state-of-the-art facilities, and support, to ensure that the students are given opportunities to experiment, take risks, innovate, and work on ideas. Our strong commitment towards advancing in our fields of expertise brings us together. What also keeps us in co-ordination is our belief in working for a better future in Science and Technology.

Faculty of Engineering offers a world of knowledge, which enables academic excellence and innovation, while supporting our students – our greatest assets.

The School of Automobile, Mechanical & Mechatronics Engineering (SAMM) is instituted with a well-defined vision of achieving international repute in education, training and research in the core and allied fields of Mechanical Automobile and Mechatronics Engineering. The school offers basic and advanced training programs to its students and exposes them to related research in contemporary and futuristic technologies, by way of continual improvement and consistent innovation in material and intellectual infrastructure.

In SAMM, we recognise the developing sustainable industrial requirements. We focus on advanced "smart" ways of technological applications, contributing to the socio economic growth of the nation, with seamless integration of diverse engineering facets of the industry. We aim to cultivate core competencies and keep our students abreast with basic & applied research.

About the Department

Department of Automobile Engineering was established in the year 2012, offering B. Tech. Degree with an annual intake of 60. The objective of the Department is to impart quality education through updated curriculum to meet the changing requirements of automotive industry and preparing graduates to contribute to the society with technically and commercially viable solutions. Department is equipped with well qualified faculty and state-of-the art laboratories to develop Electric Vehicles and alternative fuels, workshop for testing and diagnosis of IC Engine and transmission system in addition to conventional labs such as material testing and CAD/CAE labs along with necessary Software's. The faculty is actively involved in research and development of alternative fuels, nanomaterials for automotive tyres and battery system for electric vehicles. Students have enough opportunities for working on projects and internships in automobile industries and research institutes to become industry ready engineers. Department has vibrant student clubs such as SAE India and Road Safety Club in which students design and build vehicles in-house to showcase their talent in SAE competitions at national level such as BAJA, Effi-cycle and Electromotive. Department also facilitates and mentors our students who are interested in start-ups through our Atal Incubation Centre, the only centre in Rajasthan funded by Govt. of India.

Department of Mechanical Engineering

About the Department

The Department of Mechanical Engineering was established in Manipal University Jaipur in 2011.Mechanical Engineering is one of the major streams in the engineering profession and its principles are involved in the design, study, development and construction of nearly all of the physical devices and systems. Our Mechanical Engineering degrees are rooted in the real world of industry and the rapidly evolving needs of the engineering sector. Our professionally accredited Mechanical Engineering degree equips students with knowledge and skills across a wide range of Mechanical Engineering topics. A degree in Mechanical Engineering is the basis for a career in a profession that offers an extremely wide choice of employment. Four core subjects Thermodynamics, Fluid Mechanics, Solid Mechanics and Dynamics forms the backbone of studies and give a sound foundation in Mechanical Engineering principles.

Faculty Information

Dr N N Sharma
Professor/ Pro-President
Specialization: Nanorobotics, Nano Material Reinforced Metals, Microfluidics, MEMS
Experience: 25.5 Years
(State : Rajasthan)

Dr Jagannath K
Professor/Dean FoE
Specialization: Thermal Engineering , Refrigeration And Air
Experience: 31.6 Years
(State : Karnataka)

Dr G L Sharma
Professor /Dean Student Welfare
Specialization: Robotics, Condition Monitoring, Automation, Control System, Marine Engineering
Experience: 34 Years
(State : Maharashtra)

Dr Shiva Prasad H C
Director SAMM
Specialization: Industrial Management, Ergonomics, Supply Chain
Experience: 26 Years
(State : West Bengal)

Dr Rahul Goyal
Professor /HOD
Specialization: Thermal Engg. , Utilization of waste ant of IC Engine, Tri generation, Alternative Fluid in IC Engine
Experience: 16.9 Years
(State : Rajasthan)

Dr Ashok Kumar Sharma
Professor
Specialization: Manufacturing & Maintenance, Productivity
Experience: 21.7 Years
(State : Rajasthan)

Dr Ravi Kant Gupta
Professor
Specialization: Production, Industrial Engineering, Productivity
Experience: 20.7 Years
(State : Uttar Pradesh)

Dr S S Ghosh
Professor
Specialization: Design, Gear Dynamics & Fatigue lite of Gear
Experience: 39 Years
(State : West Bengal)

Dr Subrata B Ghosh
Professor
Specialization: Bio composites, Nanocomposites Materials
Experience: 16 Years
(State : Canada)

Dr Sanchita Bandyopadhyay Ghosh
Professor
Specialization: Biomaterials & Bio-Nano composites
Experience: 16 Years
(State : Canada)

Dr Anand Pandey
Associate Professor
Specialization: Advanced Machining, Materials and Manufacturing
Experience: 14.5 Years
(State : Punjab)

Dr Dhaneshwar Mishra
Associate Professor
Specialization: Mechanics based Computational Modelling & Analysis
Experience: 13 Years
(State : Korea)

Mr Lav Maheswari
Associate Professor
Specialization: Material Science
Experience: 11 Years
(State : Rajasthan)

Dr Ravi Kumar Gupta
Associate Professor
Specialization: New Product Development, CAD/CAM, PLM
Experience: 13.8 Years
(State : Rajasthan)

Dr Ravi Kumar Sharma
Associate Professor
Specialization: Thermal Energy Storage Using Phase change materials, CFD
Experience: 14 Years
(State : Malaysia)

Dr Santosh Patil
Associate Professor
Specialization: Contact & Solid Mechanics & CAD
Experience: 7 Years
(State : Karnataka)

Dr Abhishek Sharma
Assistant Professor
Specialization: Thermal
Experience: 7.3 Years
(State : Odisha)

Mr Alok Kumar Ansu
Assistant Professor
Specialization: Heat Transfer, Thermal Energy storage, PCMs, Bio fluid Mechanics
Experience: 6.3 Years
(State : Jharkhand)

Mr Ankur Srivastava
Assistant Professor
Specialization: Heat Transfer, Thermodynamics, Fluid Mechanics
Experience: 9.5 Years
(State : Rajasthan)

Mr Anurag Joshi
Assistant Professor
Specialization: Production Engineering, Cold Rolling Mills
Experience: 16 Years
(State : Rajasthan)

Dr Anwesa Barman
Assistant Professor
Specialization: Manufacturing
Experience: 1 Years
(State : Assam)

Mr Arpit Khandelwal
Assistant Professor
Specialization: Design Engineering
Experience: 6.3 Years
(State : Rajasthan)

Dr Ashish Goyal
Assistant Professor
Specialization: Advanced Manufacturing, CAM
Experience: 10 Years
(State : Rajasthan)

Dr Ashish Kumar Srivastava
Assistant Professor
Specialization: Nano-composite
Experience: 6.6 Years
(State : Rajasthan)

Mr Ashish Sharma
Assistant Professor
Specialization: Computer Aided Design and Manufacturing
Experience: 8 Years
(State : Jharkhand)

Mr G S S Adithya
Assistant Professor
Specialization: Biomaterials, Material Science, Manufacturing
Experience: 6 Years
(State : Andhra Pradesh)

Mr Hemant Raj Singh
Assistant Professor
Specialization: Thermal, Energy
Experience: 11.3 Years
(State : Rajasthan)

Mr Krashn Kumar Dwivedi
Assistant Professor
Specialization: Computer Aided Design & Manufacturing
Experience: 4.5 Years
(State : Rajasthan)

Mr Krishnamurti Singh
Assistant Professor
Specialization: Design & Manufacturing
Experience: 3 Years
(State : Rajasthan)

Ms Poonam Kumari
Assistant Professor
Specialization: Tribology
Experience: 1 Years
(State : Bihar)

Ms Pooja Singh
Assistant Professor
Specialization: Thermal Sciences
Experience: 6.3 Years
(State : Jharkhand)

Mr Rahul Khatri
Assistant Professor
Specialization: Renewable Energy, Solar Thermal Energy Conservation
Experience: 8.3 Years
(State : Rajasthan)

Mr Rakesh Kumar
Assistant Professor
Specialization: CAD, CAM
Experience: 8.3 Years
(State : Jharkhand)

Dr Ramanpreet Singh
Assistant Professor
Specialization: Mechanism, Synthesis, Rehabilitation Robotics, Optimization
Experience: 4 Years
(State : Rajasthan)

Mr Ravindra Jhorar
Assistant Professor
Specialization: Bio Fluid Mechanics, Industrial Engineering
Experience: 7.3 Years
(State : Rajasthan)

Mr Rishi Choudhary
Assistant Professor
Specialization: Operation Research
Experience: 5 Years
(State : Rajasthan)

Dr Saurabh Dewangan
Assistant Professor
Specialization: Material Characterization, Manufacturing, Welding
Experience: 5.3 Years
(State : Chhattisgarh)

Dr Shashi Bhushan
Assistant Professor
Specialization: Bio Fluid Mechanics, Modelling & Simulation
Experience: 11 Years
(State : Rajasthan)

Mr Shyam Sunder Sharma
Assistant Professor
Specialization: Automated Manufacturing System
Experience: 13 Years
(State : Uttar Pradesh)

Mr Somenath Gorai
Assistant Professor
Specialization: Thermal & Fluids Eng.
Experience: 4.5 Years
(State : Jharkhand)

Mr Sumit Taneja
Assistant Professor
Specialization: Thermal Engineering
Experience: 11 Years
(State : Chandigarh)

Mr Vijay Shankar Kumawat
Assistant Professor
Specialization: Ceramic Engineering, Manufacturing, Biomaterials, Material Science
Experience: 10 Years
(State : Rajasthan)

Dr Vimal Kumar Pathak
Assistant Professor
Specialization: Reverse Engineering, Rapid Prototyping, Optimization
Experience: 3.3 Years
(State : Rajasthan)

Mr Vijay Shankar Kumawat from Manipal University Jaipur for receiving the 'Young Innovator`s Award' (2nd Prize) under the mentorship of Dr. Sanchita Bandyopadhyay-Ghosh and Dr. Subrata Bandhu Ghosh for their innovation on bioinspired microporous implant. The award was presented during the InnoHEALTH 2019 conference.

Dr. Ravi Kumar Gupta (Associate Professor, Mechanical Engineering) won Best Paper award at 4th International Conference on Innovative Design, Analysis and Development Practices in Aerospace and Automotive Engineering (I-DAD 2020), held on 24-26 February 2020 at VelTech Chennai

Department of Mechatronics Engineering

About the Department

Dr Shahbaz Ahmed Siddiqui
HoD

Mechatronic Engineering is near the forefront of technology, creating smarter products, devices and processes. Mechatronic systems can be found in most industrial and commercial products, from cars and aircraft to medical and surgical devices. Mechatronic engineers may design and maintain electronic and computer controlled systems, including power generators, mining and chemical plant machinery and intelligent machines such as unmanned aerial vehicles and autonomous robots. Mechatronics engineering is an integrated approach to the design of computer controlled electro-mechanical systems. Mechatronic applications are pervasive in our everyday lives, so much so that we often take them for granted. Familiar examples of mechatronic systems include automotive anti-lock braking systems (ABS), SLR cameras, and aerospace "fly-by-wire" systems. These mechatronic designs are much more than simply the addition of a microcontroller to an existing mechanical system – their complete and properly integrated redesign is what makes them successful. An integrated design philosophy has been incorporated into the development of this program. In order to successfully combine mechanical design, computers, software, and electronics with an integrated design approach, the mechatronics engineer requires an understanding of a breadth of topics. The tools that make up the mechatronics engineer's repertoire are drawn from many departments across the faculty: Mechanical, Electrical and Computer, and Systems Design Engineering. The result is a multi-disciplinary program, which provides students with a unique set of skills.

School of Chemical and Civil Engineering

Established 2011

Dr Bhavna Tripathi
Director

"The School of Civil & Chemical Engineering (SCCE) is instituted with a well-defined vision of achieving international repute in education, training and research in the core and allied fields of Civil & Chemical Engineering. The school offers basic and advanced training programs to its students and exposes them to related research in contemporary and futuristic technologies, by way of continual improvement and consistent innovation in material and intellectual infrastructure. In SCCE, we recognise the developing sustainable industrial requirements.

We focus on advanced "smart" ways of technological applications, contributing to the socio-economic growth of the nation, with seamless integration of diverse engineering facets of the industry. We aim to cultivate core competencies and keep our students abreast with basic & applied research."

About the Department

The Department of Chemical Engineering was established in 2014 at Manipal University Jaipur shortly after the university was founded. As one of the core branches, it boasts of a nascent but rich heritage. It was established by a team of highly qualified faculty members.

It is a small but dynamic family of accomplished professors, instructors, eager students, and research scholars. It is an institution serving as an incubator for passionate minds.

Department of Civil Engineering

About the Department

The Department of Civil Engineering was established in Manipal University Jaipur in 2011.
The Department aims to meet global changes in development, innovation and application of technology in the service of humanity. It offers a nationally recognised, Integrated Civil Engineering program that helps the students to meet these professional aspirations. The mission is to educate individuals to become leaders of the profession.

The undergraduate program showcases several disciplines within Civil Engineering and provides students with a sound and broad education that prepares them for professional practice.

School of SCIT

Established 2011

Dr R S Shekhawat
Director

The School of Computing and Information Technology (SCIT) at Manipal University Jaipur (MUJ) consisting of three departments offer UG programs in Computer Science & Engineering (CSE), Information Technology (IT), and Computer & Communication Engineering (CCE). All these programs enable a student to gain foundational knowledge of computer science, the allied technologies, and platforms as well as networking essentials. The most talked about topics of today like Data Science, Big Data Analytics, Internet of Things (IoT), High-Performance Computing (HPC), Fog/Cloud Computing, variants of networking like WSNs/VANETs and latest paradigms of NFV and SDNs. To fulfill the needs of the industry of students possessing the right skills, the school allows a student to specialize in one of the streams of program electives from a given set.

Department of Computer & Communication Engineering

About the Department

Department of Computer & Communication Engineering (CCE) at Manipal University Jaipur marked its commencement in 2015. The goal of the department is to integrate computer and communication, which includes concepts and practices of software and hardware of computers, information networks, wireless communication systems etc.

The Department of CCE offers one of the most comprehensive instructional programs enhanced with research in its emerging fields. Research at the department addresses issues across the spectrum of Computer as well as Communication engineering systems. Some of the key areas include Machine Learning, Internet of Things (IoT), Web Technologies, Advance Computer Networking, Network and Information Security, Wireless Communication, Network on Chip (NoC), Software Testing, Computer Architecture and Embedded Systems.

Department of Computer Science and Engineering

About the Department

The department caters to the requirements of the students in almost all the engineering and other non-engineering disciplines of the University. It aims to become a Centre of excellence in providing in-depth technical knowledge and opportunities for innovation and research with state-of-art computer facilities.

The aim of the department is to produce versatile students making them ready to be employed in industry/Government Sector/Higher Education/Research & Development / Entrepreneurship from the day one and capable of cross disciplinary collaboration.

The department strives for stronger partnerships with industry, the research community, and other educational institutions. It is home to about 900 BTech Computer Science & Engineering students, 14 Masters students and 28 PhD students. The department is manned by 37 qualified faculties, many of them having industrial exposure.

Department of Information Technology

About the Department

Dr Pankaj Vyas
HoD

The department of IT was established at Manipal University Jaipur in 2012 with a goal to fulfil the gap between industry and academics by providing students one of the best and updated curriculum and ensuring the seamless dissemination of technical practices among students. The department of IT caters the need of the IT market across the globe by providing in-depth technical knowledge and opportunities for innovation and research with state-of-the-art computer facilities to students. The department of IT offers one of the most panoramic curriculums ranging from basic technical language learning to advanced subjects associated to machine learning, cloud computing, networking, image processing android programming, IOT etc. The course curriculum is devised keeping in mind the needs of the IT sector. Also, the department of IT strives for stronger partnerships with industry pertaining to Computer Networking, Data Mining, Big Data Analytics, Computer Vision, Cloud Computing, Security etc. The Department of IT has a long term association with research communities like IEEE, CSI, ACM, NVIDIA.

Professor
Specialization: Compiler Design, Parallel Programming, High performance computing
Experience: 20.17 Years
(State : Uttar Pradesh)

Dr Pratistha Mathur
Professor
Specialization: Digital Image Processing, Soft computing
Experience: 21.75 Years
(State : Rajasthan)

Dr Sumit Srivastava
Professor
Specialization: Mobile Ad-Hoc Network, Feature Extraction Applications
Experience: 16.25 Years
(State :Rajasthan)

Dr Narendra Singh Yadav
Associate Professor
Specialization: Computer Networks, Network Security, Digital Forensics
Experience: 15.58 Years
(State :Rajasthan)

Dr Nripendra Narayan Das
Associate Professor
Specialization: Information Retrieval, Feature Extraction
Experience: 24.42 Years
(State : Odisha)

Dr Akhilesh Kumar Sharma
Associate Professor
Specialization: Data mining, Classification, Clustering, Data Analytics
Experience: 16.42 Years
(State : Madhya Pradesh)

Dr Ashish Jain
Associate Professor
Specialization: Evolutionary Computing and Cryptology
Experience: 16.7 Years
(State :Madhya Pradesh)

Dr Nirmal Kumar Gupta
Associate Professor
Experience: 19 Years
Specialization: Software Testing, Cloud Computing and Big Data
(State : Uttar Pradesh)

Dr Pankaj Vyas

Dr Jamil Akhtar
Director

School of Electrical, Electronics & Communication Engineering (SEEC) started in the year 2011. It shares the mission and the vision of the institution in imparting high quality education and practical aspects to the students. SEEC is offering various programs at UG, PG and Ph.D. level. The broad emphasis of the teaching at SEEC is design aspects and modern trends of Power System, Power Electronics, Electrical Machines, Control Systems, Electronic devices, Data Communication, Microwave and Antenna etc. SEEC has highly qualified, committed and research oriented faculty members working in the cutting edge research areas related to electrical and electronics & communication engineering. The laboratories are well equipped with State-of-Art facilities in diversified field such as Electrical Machines, Power Systems, Control Systems, Advanced Power Electronics, Electrical Measurements, Communications, Microwave and Antenna. SEEC have large number of M. Tech and Ph. D scholars, they are dedicatedly working in the cutting edge areas. The school have sufficient number of state-of-art laboratories in addition to the curriculum labs to assist the faculty and research scholars to work in the recent technological problems.

About the Department

Dr Amit Soni
HoD

The Department of Electrical Engineering was established in Manipal University Jaipur in 2011. It aims to offer a comprehensive course in Electrical Engineering enabling students to pursue higher education or professional careers in their field of interest. The Department aims at becoming a leading department that has introduced courses to students, that covers latest Technologies and cutting edge domains to the curriculum such as Renewable Energy Sources, Electric Vehicle Technology, Control Systems, Robotics, Automation, Power Electronics, Drives, Power Systems and many more. The Electrical Engineering Department offers Undergraduate, Postgraduate and Doctorate programs which constitute of Industry focused syllabus. The undergraduate, postgraduate & PhD students have the opportunity to participate and work in the Research Projects & Tinkering Projects. The Department has well equipped Laboratories and provides platform to the students and research scholars to carry out all the practical experimentation. Department of Electrical Engineering has best-in-class Technology platforms for Power System Laboratory, Electrical Machine Laboratory, Control & Automation Laboratory, Integrated Electronics Laboratory, Microcontroller & System Simulation Laboratory and Power Electronics & Drives Laboratory.

Faculty Information

Dr H. Ravishankar Kamath
Professor & Registrar
Specialization: Energy
Experience: 29 Years Years
(State : Karnataka)

Dr Amit Soni
Professor & Head
Specialization: Power System
Experience: 18 Years Years
(State : Rajasthan)

Dr Ashish Shrivastava
Professor
Specialization: Power Electronics
Experience: 20 Years Years
(State : Delhi)

Dr Amit Saraswat
Associate Professor (Senior Scale)
Specialization: Electrical Power Systems
Experience: 16 Years Years
(State : U.P.)

Dr Manish Kumar Thukral
Associate Professor
Specialization: Power Electronics
Experience: 14 Years Years
(State : Sikkim)

Dr Sunil Kumar Goyal
Associate Professor
Specialization: Electrical Power Systems
Experience: 21 Years Years
(State : Rajasthan)

Dr Vishnu Goyal
Assistant Professor
Specialization: Industrial System & Drives
Experience: 13 Years Years
(State : M.P.)

Dr Neeraj Kanwar
Assistant Professor
Specialization: Electrical Power Systems
Experience: 07 Years Years
(State : Rajasthan)

Mr Vinay Gupta
Assistant Professor
Specialization: Measurement & Control System
Experience: 16 Years
(State : M.P.)

Mr Samarendra Pratap Singh
Assistant Professor
Specialization: Electrical Power Systems
Experience: 13 Years Years
(State : Jharkhand)

Mr Peeyush Garg
Assistant Professor
Specialization: Instrumentation
Experience: 08 Years Years

About the Department

Dr Manish Tiwari
HoD

The Department of Electronics & Communication Engineering(ECE) , Manipal University Jaipur is a centre for advanced research and teaching. The department aims at becoming a leading department that has introduced courses to students that covers larger domains of curriculum such as robotics, imaging, RF engineering, Low power VLSI, MEMS, nanotechnology, microwave engineering and antenna, microchips and many more.

The Electronics & Communication department offers Undergraduate programs, Postgraduate programs and Doctorate programs, which constitute high-tech syllabus, which is industry-oriented.
Undergraduate and Postgraduate students have the opportunity to participate in research projects in ECE labs, and a research paper presented at engineering conferences both at national and international levels. Positions are available during the academic year for the student researchers. The ECE department have well – equipped laboratories and resourceful library constitute the best info-oriented junction for the students.

Department of Business Administration

About the Department

Department of Business Administration is carefully structured and includes pedagogy and andragogy. The faculty members are highly qualified in their area specialisation. The program blends academic excellence with industrial requirements. Classroom teaching, group work and field visits with internship and project work forms part of the teaching-learning exercise. Different courses like human resource management, banking and insurance, accounting and finance, marketing, retailing, supply chain and logistics will be covered to blend academic excellence and industrial requirement. A fair amount of industry connect will be enabled through Industrial Visits, Guest Lectures, Seminars and Workshops.

Department of Hotel Management

About the Department

The Department of Hotel Management provides high class education to meet international hospitality standards and professional competence to students. It offers a program that caters to four main areas: Food production, Food and Beverage Service (F&B), Front office and Accommodation Management.

Students are prepared for various aspects of the hospitality industry such as Core Operations, Management, Sales and Marketing. Our curriculum combines theory with authentic hands-on learning experience and students have numerous opportunities to interact with industry professionals. Students also get access to hands-on real-life training programme incorporated in their day to day activities to facilitate their on-job training.

The programme is designed in consultation with experts & industry professionals.

TAPMI School of Business

About the Department

TAPMI School of Business (TSB) has been established under the mentorship of TMA PAI Management Institute (TAPMI) with a vision to make it a world class center of excellence in business management education.

Dr Sankersan Sarkar
HoD

TSB is one of the top emerging B-Schools in the country. It imbibes excellence in management education in its entirety and adopts all the academic characters of TAPMI, Manipal in its functioning. TSB is an institution that believes in making business education highly relevant in the global context, through constant course updates, regular industry interaction and hands- on exposure.

The school provides a rich learning environment comprising a portfolio of pedagogical tools that includes classroom interactions, case study discussions, role play, group discussions, film shows, games, field projects and seminars by various industry experts and eminent academicians. It lays emphasis on experiential learning. The learning environment, curriculum, ambiance etc. are conducive for the all-round growth of students as required by the corporate world.

Faculty of Science

Faculty of Science

Faculty of Science (FoS), Manipal University Jaipur includes School of Basic Sciences that offers undergraduate, postgraduate and research/PhD programs in Physics, Chemistry, Biosciences, Statistics and Mathematics & Computer Application. FoS has one school and four departments under its umbrella.

The Faculty of Science largely has a quality commitment to carry out research that enhances our foundational understanding of the universe, since this understanding is necessary for establishing the scientific foundation needed for further pure research.

FoS is highly research-intensive, with research and research studies accounting for its resources. Undergraduate and master's education is very closely related to science and education at the forefront.

School of Basic Sciences

Established 2011

Dr Lalita Ledwani
Director

About the School : Faculty of Science (FOS) aims to foster creativity and innovation for an intellectually satisfying learning environment as well as to establish Manipal University Jaipur (MUJ) as a globally preferred destination for students, faculty, researchers and other stakeholders.

FOS includes School of Basic Sciences (SBS) which was entrusted with the responsibility of developing and executing academic programs in different discipline of Basic Sciences at undergraduate, postgraduate and research levels. The SBS consists of five departments: Physics, Chemistry, Mathematics & Statistics Biosciences, and Department of Computer Applications. It also supports the teaching of Science courses in other Schools of the University to promote interdisciplinary studies. The SBS has developed syllabi for various core courses blending basic science with interdisciplinary topics. Experimental learning, study visits to industries and research institutes are integral parts of all programs These enable students to excel in the areas of basic as well as applied sciences. In addition, they serve as launching pads for attractive carrier opportunities in the academia and industry. The school has unique synergy of teaching and research with many national as well as international interactions and collaborations.

Department of Biosciences

About the Department

Dr Abhijeet Singh
HoD

Department of Biosciences was established in the year 2012 with an integrated approach towards higher education, research and development in diverse areas of Life Sciences. The department offers programs at Under-Graduate (BSc) and Post-Graduate (MSc) level in Biotechnology.

The BSc (Hons) Biotechnology & BSc (Hons) Microbiology programs are specifically designed to learn about the fundamentals properties of living organisms and their impacts on the quality of life. The department follows the Choice Based Credit System (CBCS) approved by the UGC and offers various Discipline Specific Courses, Skill Enhancement courses and Programme Elective Courses in all the programs. The PG course (MSc Biotechnology) is specifically designed to groom the students for advanced research and development. The department also offers PhD programme in different field of biological sciences such as such as Experimental Morphogenesis, Bioprocess Engineering and Downstream Processing, Nanotechnology, Bioinformatics, Structural Biology, Microbial Fuel cell Technology, Cancer Biology, Metabolomics, Molecular Biology and Animal Cell Culture etc.

The department aims to meet the targeted demands to cater the requirements of biotechnology/ biopharmaceutical/ agriculture/microbiology based industries apart from fundamental research. The Department train students as per the current requirements of industry and academia. Students are provided an opportunity to carry on research projects which may help them to grasp independent projects in future.

To enhance the research outputs, the department has done MoUs with different universities, industries and research institutes. The department has received external findings in the form of research grants from various agencies such as, DST Rajasthan, DST-SERB New Delhi, ICMR, New Delhi, DBT, New Delhi, ROCL, Rajasthan, DST-Imprint and NMPB, New Delhi. Department of Bio Sciences offers 58 Courses having focus on Employability/Entrepreneurship/Skill Development and introduced 2 Value-added courses.

Department of Chemistry

About the Department

The department of chemistry was established at Manipal University Jaipur in 2011 with a goal to fulfil the gap between industry and academics by providing students one of the best and updated curriculum and ensuring the seamless dissemination of technical practices among students. The department of chemistry caters the need of the chemical industries across the globe by providing in-depth technical knowledge and opportunities for innovation and research with state-of-the-art laboratory facilities to students.

The department of Chemistry offers one of the most panoramic curriculums ranging from basic concept of chemistry to advanced subjects associated to organic, Inorganic, physical, analytical and material science etc. The course curriculum is devised keeping in mind the needs of the chemical Industry sector.

The Department of Chemistry has a long-term association with Industry and research communities.

Department of Computer Applications

About the Department

Department of Computer Applications offers two courses Bachelor of Computer Applications (BCA) & Master of Computer Applications (MCA). Duration of BCA is 3 years & MCA is of 2 years. These courses are among the most popular courses in India, these courses are favored by students who wish to make their career in IT Industry. The Department of Computer Applications prepares students to design, develop and implement software applications. Department of Computer Applications emphasizes on the latest programming languages, cutting edge technologies and tools to make the students ready for the IT Industry. The department aims to become a center of excellence in providing in-depth technical knowledge and opportunities for innovation and research with state-of-the-art computer facilities and is to produce versatile students making them ready to be employed and capable of cross disciplinary collaboration in industry/government sector/higher education/research and development/entrepreneurship.

Dr Devershi Pallavi Bhatt
HoD

Students of the department have been placed in big MNCs like SAP labs, Deloitte, Infosys, Convergence, Concentrix, Atmax apart from their in-semester summer internship projects. Manipal University Jaipur has an exchange program as inter-university research collaboration between "Manipal Academy of Higher Education" (MAHE), Manipal and "Manipal University Jaipur" (MUJ). BCA and MCA curriculum is designed with latest content, it is designed with the inputs of Industry and Academia experts to make it relevant for the Industry needs and to bridge the gap between Industry and academia.

Department of Mathematics and Statistics

About the Department

Department of Mathematics & Statistics has its existence since the inception of the University with the vision to provide quality education and promote research activities in core & allied areas of Mathematical Sciences. The mandate of the department is to conduct the courses for the students of Science, Engineering and Management & Commerce. There are twenty-two full time regular faculty members who are deeply engrossed in teaching-learning, research and mentorship. The major thrust areas of research are Fluid Dynamics, Special Functions, Fractional Calculus, Relativity, Ring Theory, Reliability Theory, Theory of Sample Surveys, Small Area Estimations, Operations Research, Mathematical Modeling etc. Currently 35 scholars are enrolled in Ph.D. program. The students are exposed to comprehensive theoretical & practical knowledge through its academic curriculum and teaching learning pedagogy.

Dr Indeewar Kumar
HoD

In addition, department frequently conducts expert lectures, guest lectures for the benefit of students and faculty members as well.

Department of Physics

About the Department

The Department of Physics offers B.Sc., M.Sc. and Ph.D. programs with syllabi designed as a combination of core sciences & interdisciplinary sciences by adopting Choice Based Credit System (CBCS). We have faculties with research interests ranging from experimental to theoretical aspects of condensed matter physics, material sciences and engineering, plasma physics, biophysics and Nanoelectronics. The department has faculty strength of 13 members, 2 technical assistant and 1 lab technician for the laboratories.

Dr Pushpendra Kumar
HoD

There is a synergetic connection and collaboration with professional and industrial leaders for Guest Lectures/Expert talks & Training. The Department enhances scientific knowledge as well as skill and ability of the students, motivating them to think critically, helping them to act independently and to take decisions according to scientific pursuits and other

It strives to empower its students and faculty members to contribute to the development of society and nation. Our mission is to inspire & transfer lives of our students by providing them innovative learning experience that prepares them to thrive in dynamic & competitive world. Department has state of art Labs for its B.Sc. as well as M.Sc. programs. In particular the department is proud of fully equipped Labs e.g. Electronics Lab., Spectroscopic Lab., Solid state Physics Lab., Materials research Lab., Nuclear Physics Lab, Optics Lab.

Faculty Information

Dr Anoop K. Mukhhopadhayay
Professor
Specialization: Ceremics
Experience: 37.5 Years
(State : West Bengal)

Dr Sushil K. Jain
Associate Professor
Specialization: Condensed Matter Physics
Experience: 16 Years
(State : Rajasthan)

Dr Nilanjan Halder
Associate Professor
Specialization: Material Science and Nanotechnology
Experience: 14 Years
(State : West Bengal)

Dr Anupam Sharma
Associate Professor
Specialization: Experimental Solid State Physics
Experience: 11.5 Years
(State : Madhya Pradesh)

Dr Ashima Bagaria
Associate Professor
Specialization: Biophysics
Experience: 12.5 Years
(State : Karnataka)

Dr Pushpendra Kumar
Associate Professor
Specialization: Condensed Matter
Experience: 14 Years
(State : Delhi)

Dr K.P. Misra
Assistant Professor
Specialization: Material Science and Thin Film
Experience: 9 Years
(State : Uttar Pradesh)

Dr Saikat Chattopadhyay
Assistant Professor
Specialization: Material Science
Experience: 04 Years
(State : Madhya Pradesh)

Dr Vipin Kumar
Assistant Professor
Computational Materials Science
Experience: 4.5 Years
(State : Aasam)

MANIPAL UNIVERSITY
JAIPUR

Faculty of Science

Dr Reenu Gill
Assistant Professor
Specialization: Plasma Physics
Experience: 02 Years
(State : New Delhi)

Dr Uvais V
Assistant Professor
Specialization: Organic Electronics and Thin film
Experience: 05 Years
(State : Kerala)

Dr Satyapal Singh Rathore
Assistant Professor
Specialization: Material Engineering
Experience: 6.3 Years
(State : Maharashtra)

Dr Rashi Nathawat
Assistant Professor
Specialization: Material Science and Engineering
Experience: 7.8 Years
(State : Rajasthan)

SOCIAL RESPONSIBILITY

MANIPAL UNIVERSITY
JAIPUR

Social Responsibility

All aesthetic activities are inspire by one singular thought that the society around the University premises has been forthcoming and embraced it wit open arms It's now the University's social obligation to reciprocate and the best way ahead is to ameliorate the region's ambiance, surrounding etc. MUJ has adopted five villages (Dehmi Kalan, Sanjharia, Thikria, Dehmi Khurd and Begas) in which various activities such as cleanliness, health and Hygiene awareness, tree plantation, rural waste management and school visit drives have organized.

Green Club of MUJ as a part of DAAN UTSAV in the campus of Government Primary School, Ramsinghpura, Jaipur Rajasthan. The group has planted more than hundred trees (Mango, Neem etc.) and donated two water pipes to connect the trees plants.

"Cleanliness Drive" is organized on 2 October 2019 at the near water tank, medical centre, Dehmikalan Village

"Daan Utsav" in which on 4 October 2019 Children(10-18 years) from an orphanage known as "Surman Sansthan", Jaipur were invited to spend a day at MUJ

Faculty members visited Avedna Ashram which is not only a rehabilitation Center for Cancer patients but also providing shelter to elderly people on 07 October 2019.

As a part of DAAN UTSAV the team of DSW, Manipal University Jaipur has organized a visit to Approach Autism Society running for disabled children on 3 October 2019

"Shramdaan" was organized 30 September 2019 in which students and faculty members participated and took a step forward to make the environment MUJ campus plastic-free

Nukkad Natak organized by MUJ students for social awareness at Sanjharia village on 6 October 2019

The Rotaract Green Club in collaboration with Rotray Club Bapu Nagar Jaipur organized the Blood donation camp on 14 November 2019 with record 2025 donor count. Twenty hospitals were part of this camp

PANACEA (MUJ) student club visited government school at Thikariya village to donate stationaries to the children

Learn IT (MUJ) club students visited government school at Jagatpura to donate stationaries to the children

Learn IT (MUJ) club students visited "Saksham NGO" to donate stationary in November 2019

Online Conference to Discuss the Important Role of Nanoscience and Nanotechnology during Covid-19

Samachar Jagat, 31 May, 2020

ऑनलाइन इंटरनेशनल कॉन्फ्रेंस 'वर्तमान महामारी और परे: एक भौतिक विज्ञानी प्रतिक्रिया' का आयोजन 2 को

ऑनलाइन कॉन्फ्रेंस में कोविड महामारी के निदान में नैनोसाइंस और नैनोटेक्नोलॉजी की महत्वपूर्ण भूमिका पर होगी चर्चा

जयपुर, समाचार जगत न्यूज। दुनिया भर में चल रही कोविड महामारी को देखते हुए मणिपाल यूनिवर्सिटी जयपुर के स्कूल ऑफ बेसिक साइंसेज के फिजिक्स डिपार्टमेंट मंगलवार 2 जून को एक ऑनलाइन इंटरनेशनल कॉन्फ्रेंस का आयोजन करने जा रहा है। 'वर्तमान महामारी और परे: एक भौतिक विज्ञानी प्रतिक्रिया' शीर्षक पर आधारित इस कॉन्फ्रेंस में भारतीय और वैश्विक वैज्ञानिक, भौतिकविद, संरचनात्मक विज्ञानविद्, सेंसर प्रौद्योगिकीविद, बायोटेक्नोलॉजिस्ट एवं मॉडलिंग विशेषज्ञ कोविड-19 महामारी से निपटने और इसके संभावित समाधानों के बारे में चर्चा करेंगे। यह कॉन्फ्रेंस सुबह 9.15 बजे से दोपहर 12.15 बजे तक आयोजित की जायेगी। इस कॉन्फ्रेंस में शामिल होने के लिए किसी प्रकार का पंजीकरण शुल्क नहीं है।

इस ऑनलाइन कॉन्फ्रेंस के मुख्य वक्ता अमेरिका के ह्यूस्टन यूनिवर्सिटी के प्रोफेसर (डॉ.) उम्मान के. वर्गीज, नैनोस्केल सेमीकंडक्टिंग मैटेरियल के माध्यम से इस महामारी के निदान पर बात करेंगे। सेमीकंडक्टिंग मैटेरियल की भागीदारी के कारण, चिकित्सा की दुनिया में भौतिक विज्ञानी के दृष्टिकोण को शामिल करना बेहद महत्वपूर्ण है। इसके अलावा, अन्य विदेशी विश्वविद्यालयों और भारत के प्रमुख संस्थानों से भी वक्ता इस कॉन्फ्रेंस में शामिल होंगे। इस ऑनलाइन कॉन्फ्रेंस का उद्देश्य बायोफिजिक्स में निहित उन संभावनाओं का पता लगाना है जो इस महामारी से मुकाबला करने और जागरूकता लाने में मदद कर सकती है। कॉन्फ्रेंस में, विषय विशेषज्ञों द्वारा नैनोसाइंस और नैनोटेक्नोलॉजी जैसे मॉडर्न टूल्स के संयोजन से इस महामारी को कैसे रोका जा सकता है, पर भी चर्चा की जाएगी।

First India (City First), 31 May, 2020

Rajasthan: In view of the ongoing COVID-19 pandemic across the world, the Physics Department of the School of Basic Sciences of Manipal University Jaipur (MUJ) is going to organise an online international conference titled 'Current Pandemic and Beyond: A Physicists Response' on Tuesday. During the conference, leading Indian and global scientists, physicists, structural biologists, sensor technologists, biotechnologists and modelling experts will discuss the COVID-19 pandemic and possible solutions to combat the disease. It will be held from 9.15 am to 12.15 pm. There is no registration fee for attending the conference.

गौरवशाली अतीत की अनदेखी गलत-अमीश

जयपुर। मणिपाल विश्वविद्यालय जयपुर की लीडरशिप वेबिनार सीरीज 'एजुकेशन फॉर जेनरेशन जेड' में पौराणिक पात्रों को पुनर्भाषित करने वाले लेखक अमीश त्रिपाठी ने बीती मध्य रात प्रकाशित अपनी किताब लीजेंड ऑफ सुहेलदेव-द किंग हू सेव्ड इंडिया के बारे में बताया कि राजा सुहेलदेव ने सभी जाति, संप्रदाय और रियासतों को एकजुट कर कैसे तुर्क आक्रमणकारियों को देश से निकाल फेंका। यही वजह है कि इसके 150 वर्ष तक भारत पर आक्रमण करने की वे हिम्मत नहीं जुटा पाए। राजा सुहेलदेव ने महमूद गजनी के भांजे सैयद सालार महमूद गाजी और उसके एक-एक सैनिकों को युद्ध भूमि में मार गिराया, पर भारतीय इतिहासकारों ने अपने ही राजा की अनदेखी कर दी। चीन की ओर इशारा करते हुए कहा कि सुहेलदेव के वंशज फिर से आक्रमणकारियों को सबक सिखाने के लिए तैयार हैं। एमयूजे प्रेसिडेंट प्रो. जी. के. प्रभु ने कहा कि यह विश्वविद्यालय विज्ञान और कला का संगम है। यहां नई तकनीक पर जोर है तो मीडिया विद्यार्थी भी मिसाल बन रहे हैं। प्रो प्रेजिडेंट प्रो. एन एल शर्मा द्वारा प्रस्तुत इस वेबिनार सीरीज में कुलसचिव प्रो. रविशंकर कामथ ने अतिथियों का परिचय कराया। कार्यक्रम का प्रभावी संचालन किया डीडी नेशनल के एंकर पुनीत शर्मा और एमयूजे की डॉ. आशिमा वगार्डिया ने किया। धन्यवाद ज्ञापन मीडिया विभाग के डायरेक्टर प्रो. अमिताभ श्रीवास्तव ने दिया। नेहरू केंद्र, लंदन के निदेशक अमीश त्रिपाठी ने कहा कि आज समय ऐसा नहीं कि युवा केवल दिल या दिमाग की सुनें। अगर केवल दिमाग की सुनते हैं तो जीवन बोरिंग होगा और दिल की सुनते हैं तो जिंदगी में कई तरह की समस्याएं और चुनौतियां आएंगी। यह समय दिल के साथ दिमाग के संतुलन का है। उन्होंने कहा कि हारता वही है जो हार मान लेता है। त्रिपाठी ने कहा कि साहित्य हमें यह सिखाता है कि आप अपनी जड़ों से कैसे जुड़े रहे। अगर संस्कृति से अलग हुए तो आपका वजूद खत्म हो जाएगा, अस्तित्व बनाये रखने के लिए संस्कृति जुड़े रहना चाहिए और यही वजह है कि भारत को सभ्यता और संस्कृति आज भी जीवंत है। भारतीय संस्कृति जीवित और जीवंत रहने का एक मुख्य कारण हमारी कहानियां हैं, जो नई पीढ़ी को पुरानी से जोड़े रखती हैं।

सीएम ने हैकेथॉन प्रतिभागियों से वीसी के जरिए किया संवाद

कहा- शिक्षा के क्षेत्र में अभी लंबा रास्ता तय करना है

जयपुर। मणिपाल विश्वविद्यालय में सोमवार से सबसे बड़ा ऑफलाइन 'नेशनल हैकथॉन' शुरू हुआ। हैकथॉन के अंतिम दौर में 17 राज्यों के 524 छात्र और 130 टीमें भाग ले रही हैं। इस अवसर पर मुख्यमंत्री अशोक गहलोत ने प्रतिभागियों के साथ वीडियो कॉन्फ्रेंसिंग के माध्यम से बातचीत करते हुए कहा कि हमने आज विज्ञान और प्रौद्योगिकी में जो प्रगति की है, वह पंडित जवाहर लाल नेहरू की विचारधारा, वैज्ञानिक स्वभाव और दूरदर्शिता के बिना संभव नहीं होता।

अभी भी एक लंबा रास्ता तय करना बाकी है और राजस्थान सरकार उच्च शिक्षा खास तौर पर एंप्लॉयमेंट जैसे क्षेत्रों में और अधिक प्रगति करने का विचार रखती है। उल्लेखनीय है कि यह हैकथॉन मणिपाल यूनिवर्सिटी, जयपुर, राजस्थान सरकार के उच्च एवं तकनीकी शिक्षा विभाग और एल्ट्स टेक्नोमीडिया प्राइवेट लिमिटेड द्वारा संयुक्त रूप से आयोजित किया जा रहा है।

मुख्यमंत्री ने आगे कहा कि यह अत्यंत संतोषजनक है कि राजस्थान सरकार के कॉलेजों की ओर से स्वयं के कोचिंग सेंटर शुरू किए हैं। इस सुविधा से 50,000 छात्र लाभान्वित हुए हैं। यह शिक्षा के क्षेत्र में विकास का एक प्रमुख संकेत है।

राजस्थान सरकार के तकनीकी शिक्षा मंत्री डॉ. सुभाष गर्ग ने कहा कि हैकथॉन के अंतिम दौर में भाग लेने के लिए 637 छात्रों और 130 टीमों का गठन किया गया है। विजेता छात्रों को प्रथम पुरस्कार स्वरूप एक लाख रुपए, द्वितीय पुरस्कार 75 हजार और तृतीय पुरस्कार स्वरूप 50 हजार रुपए की राशि दी जाएगी। इस मौके पर वीसी एमयूजे डॉ. जीके प्रभु ने कहा कि शिक्षा क्षेत्र की वर्तमान चुनौती रोजगार है। शिक्षा के दौरान किसी भी शैक्षिक क्षेत्र में बहुत अधिक प्रासंगिकता नहीं होती है।
